[there was a pause in the meeting]

Alan Goldman asked that the transcription option be enabled for meetings.

Seamus shared that they will be sharing a document with the Housing Committee's June 2 meeting. They stated that the information might be of interest to the Commissioners.

Comments from the Commission: Tim gave an update on the Housing Committee's meetings. Tier One review is one of the steps being considered. They are looking at other communities for ideas.

Sean reminded the Commissioners that June 1 is the deadline for the Country Club Road proposals, so a review of those might be an agenda item in the near future. The plans may not be available immediately after that, but there will be a quick review for the June 8 meeting and a more thorough review for the June 22 meeting.

Mike mentioned that the next meeting will be with CVRPC.

Continue discussion of zoning map changes:

Working drafts of potential changes – The changes talked about at the last meeting haven't been incorporated into the maps. Mike wanted to make sure the Commissioners wanted them integrated, since the changes were open ended.

Consideration of dimensional standards - There wasn't a consensus on whether to make Route 302 a MUR, so the decision was left open.

Adjournment: Gabe made a motion to adjourn and there was a second.

Respectfully submitted,
