

Staff Update to the Parks Commission: June, 2026

Project Updates

- **Phase 1: Plan**
- **Phase 2: Prepare**
 - o Pump Track Expansion: MAMBA has been working on permitting with our Planning office.
- **Phase 3: Implement**
 - o Parks Connector Trail:
 - We have begun work on a 50' boardwalk on the southern half of the trail.
 - o Park Expansion Walking Trail improvements
 - No updates
 - o New Shelter Accessible Outhouse
 - No updates other than that we plan to finish this project before October.

Buildings & Grounds/General Updates:

- Hubbard Park roads were graded this week.
- 127 Elm St. final grading and seeding was completed this week.
- We hosted a "water management for trails" workshop in mid-June. The class was able to make some improvements to the Hemlock Hill Trail.
- We completed our annual trail survey of the North Branch Park to identify and prioritize trail work needs. We will complete the survey for Hubbard Park within the next month.
- MYCC crews start at the end of June.
- We'll have 1 additional Summer Americorps position starting next week.
- Trail Counters were installed throughout the parks. We installed 10 in permanent posts and 2 in mobile locations (currently on Hemlock Hill trail and Short & Steep trail).
- We installed a kiosk at Windham Drive.
- We replaced 2 broken grills at the Old Shelter.
- We did some work to secure the 5 Home Farm Way property and met with a stakeholder group out there about the flood restoration project.
- We completed several large planting projects.
- We installed 5 new trees on State St., and have 2 more going in on Main St. next week.
- Lots of mowing, rounds, general maintenance duties, etc.

City Council Report

- No updates.

Conservation Commission:

- They are continuing to make progress on the 4 signs along the Parks Connector Trail.

Budget/Fundraising

- We were not successful with our T-Mobile Home Team Grant Application (for the Hubbard Park Outhouse), or the American Trails grant program (for the Parks Connector Trail).

Hubbard Park Dog Rules: 1-Year Check-In Survey

Summary of Open-Ended Responses by Visitor Type

(Prepared for the Montpelier Parks Commission by ChatGPT)

Overview

A total of **141 respondents** provided open-ended feedback on how dog-rule changes have affected their experience in Hubbard Park. Comments were analyzed by respondent type based on typical park use: dog walkers on-leash, dog walkers off-leash, visitors without dogs, and people who do not visit the park.

Key Findings by Visitor Group

1. Visitors with Dogs On-Leash

General sentiment: Mostly supportive of the new rules but frustrated by inconsistent compliance.

Themes:

- Improved sense of safety and comfort on trails.
- Significant frustration with **off-leash owners ignoring rules**.
- Repeated requests for **clearer signage**, boundary markers, and enforcement.
- Support for a **fenced or designated off-leash area** to reduce conflict.

2. Visitors with Dogs Off-Leash

General sentiment: Most critical of the new rules.

Themes:

- Perception that rules are **overly restrictive** and penalize many for the actions of a few.
- Several report visiting the park **less frequently** and feeling less welcome.
- Strong interest in **additional off-leash space** or a return to more flexible policies.
- Some believe dog issues are overstated and that off-leash dogs are generally well-managed.

3. Visitors Without Dogs

General sentiment: Largely positive about changes, with lingering concerns.

Themes:

- Many feel **safer and more comfortable** since rules went into effect.
- Continued problems with **off-leash dogs in on-leash zones**.
- Concerns about:
 - Large or fast-moving dogs
 - Unpredictable interactions
 - Owners distracted or not maintaining control
- Strong interest in **greater enforcement** and more prominent signage.

4. Respondents Who Do Not Visit the Park

General sentiment: Neutral, small sample size.

Themes:

- Minimal engagement with rule impacts.
- Occasional note that past dog conflicts reduced enjoyment or use of the park.

Cross-Cutting Themes

Regardless of visitor type, several needs consistently emerged:

1. Enforcement

The single most repeated issue. All groups express frustration that rules are **not consistently followed or enforced**.

2. Clearer Communication

Requests across groups for:

- Improved signage
- Maps illustrating leashed vs. off-leash areas
- Markers along trails clarifying boundaries

3. Designated Off-Leash Area

There is broad (though differently motivated) support for creating:

- A fenced dog area, or
- A clearly defined off-leash zone

Both dog-owning groups and non-dog users see value in this as a conflict-reduction strategy.

Conclusion

The first year of the dog-rule changes has produced **measurable improvements** in safety and comfort for many park users, especially non-dog visitors and leashed dog walkers. However, **noncompliance with leash rules, inconsistent enforcement, and unclear boundaries** remain the primary obstacles to full community acceptance.

A targeted combination of **enhanced signage, enforcement strategies**, and exploration of a **designated off-leash area** appears likely to address the strongest points of consensus across user groups.

2022 Hubbard Park and North Branch Park Management Plan Survey (376 responses)

Question to ChatGPT: Can you please present the key findings in this survey related to dogs?

Key Findings Related to Dogs

1. Dog Walking Is One of the Most Common Park Uses

The survey identified at least **76 respondents (20.2% of all survey participants)** who explicitly stated that they use the parks for dog walking.

Among those:

- **54 respondents (14.4%)** specifically mentioned dog walking in Hubbard Park.
- **13 respondents (3.5%)** specifically mentioned dog walking in North Branch River Park.
- Additional respondents were coded as dog walkers based on other comments even when they did not directly list dog walking as a primary activity.

This suggests that dog walking is a significant and well-established use of both parks, particularly Hubbard Park.

2. Dogs Generated More Conflict Than Almost Any Other Recreation Topic

The strongest dog-related theme was disagreement over off-leash use.

The survey coding identified:

Theme	Number of Responses	Percent of Survey
Support for dogs on leash	74	19.7%
Support for off-leash walking	45	12.0%
Support for a dog park	46	12.2%

A notable finding is that:

- Support for leash requirements exceeded support for off-leash use by roughly **64%** (74 vs. 45 responses).
- However, there was also substantial support for maintaining off-leash opportunities.

- Many respondents sought a compromise through creation of a dedicated dog park.
-

3. The Most Common Complaints Involved Off-Leash Dogs

Recurring concerns included:

Safety

Respondents reported:

- Dogs jumping on people
- Dogs approaching children
- Dogs interfering with cyclists and skiers
- Dogs not being under voice control

Representative comments included concerns about:

"off leash and out of control dogs"

and

"Dogs should be on a leash. It is very dangerous to have dogs off leash when biking."

Dog Waste

Many respondents cited:

- Dog poop left on trails
- Owners not cleaning up after pets

This appeared repeatedly across both Hubbard Park and North Branch comments.

Wildlife Impacts

Several respondents specifically requested leash requirements to:

- Protect wildlife
- Reduce disturbance to natural areas
- Limit dogs entering wetlands and sensitive habitats

Examples included requests that:

"Dogs on leashes in this area to protect wildlife."

4. Many Dog Owners Strongly Value Off-Leash Opportunities

Although complaints were common, many respondents viewed off-leash access as one of the parks' most valued features.

Positive themes included:

- Dog exercise
- Dog socialization
- Community interaction
- Enjoyment of open space

Several respondents specifically stated that Hubbard Park is one of the few places in Montpelier where dogs can run freely.

Comments frequently referenced:

- "dog socialization"
- "off leash dog time"
- "to have my dog run free"

5. A Dedicated Dog Park Emerged as a Potential Compromise

One of the clearest management themes was support for a fenced dog park.

46 respondents (12.2%) were coded as supporting a dog park.

Interestingly, support came from both sides of the debate:

Dog owners

Wanted:

- Secure off-leash space
- Better dog socialization opportunities
- A designated area for exercise

Non-dog owners and leash advocates

Wanted:

- A dedicated place for dogs
- Reduced off-leash use elsewhere
- Fewer conflicts on trails

Numerous comments proposed:

A fenced dog park combined with stricter leash expectations elsewhere.

6. Dogs Were a Barrier for Some Park Users

In responses explaining why people rarely visit the parks, several individuals explicitly cited:

- Off-leash dogs
- Fear of dog encounters
- Dog waste
- Loss of quiet recreation opportunities

Examples included comments such as:

"I rarely visit Hubbard Park because of all the dogs off leash."

and

"Don't like unleashed dogs."

This suggests dog management may affect participation among some user groups.

Overall Takeaway

The survey indicates that dogs are both:

1. **A major recreational use of Hubbard Park and North Branch Park, and**
2. **One of the most significant sources of user conflict.**

The dominant management themes were:

- Strong support for dog walking access.
- Significant concern about uncontrolled off-leash dogs.
- Widespread requests for better owner responsibility and waste cleanup.
- Interest in a dedicated fenced dog park as a compromise solution.
- Ongoing tension between dog owners, wildlife concerns, cyclists, skiers, and visitors seeking quiet recreation.

The data suggest that future dog-management decisions are likely to be among the most consequential and potentially controversial elements of the park management plan.

2021 Outdoor Recreation Survey (1346 Responses)

Question to ChatGPT: Can you please present the key findings in this survey related to dogs?

1. Off-Leash Dogs in Hubbard Park Are a Major Source of Conflict

This was by far the most common dog-related issue.

Many respondents said they have reduced or stopped using Hubbard Park because of off-leash dogs, citing:

- Dogs jumping on people
- Dogs approaching leashed dogs
- Dogs not being under reliable voice control
- Fear of dog attacks
- Negative interactions with owners
- Dog waste on trails

Representative comments included:

- Respondents reported avoiding Hubbard Park due to "off leash dogs," "unleashed dogs," and concerns about safety. Several described being jumped on, attacked, or feeling unsafe while walking, running, or recreating.
- One respondent noted they had experienced three attacks by unleashed dogs.
- Another said Hubbard Park had become "such a dog park it feels much less accessible and pleasant than it used to be."

A notable pattern is that many of these comments came from dog owners themselves, not just non-dog owners.

2. Strong Demand for a Fenced Dog Park

The second major theme was overwhelming support for a dedicated fenced dog park.

Comments repeatedly included:

- "Dog park! Dog park! Dog park!"
- "PLEASE PLEASE PLEASE CREATE AN ENCLOSED DOG PARK"

- "Fenced in dog park"
- "Looking for a safe dog park"

Respondents frequently referenced traveling to other communities such as Waterbury because Montpelier lacks a suitable dog park.

Many residents viewed a fenced dog park as a solution to existing conflicts:

- It would give dogs a safe place to run.
 - It would reduce pressure on Hubbard Park.
 - It would separate incompatible uses.
 - It would improve safety for children, runners, hikers, and leashed dogs.
-

3. The Community Is Split on What Happens Next

The survey reveals two distinct camps.

Camp A: Keep Off-Leash Access at Hubbard

Many dog owners argued:

- Hubbard Park is a unique community asset.
- Off-leash access is part of its identity.
- Most dog owners are responsible.
- A fenced dog park should supplement—not replace—off-leash access.

Camp B: Require Leashes and Create a Dog Park

Others argued:

- Hubbard should become leash-only.
- Off-leash privileges are not working.
- Enforcement is inadequate.
- A dedicated dog park is the appropriate place for off-leash activity.

The underlying issue appears less about dogs themselves and more about how different park users share space.

4. Enforcement and Waste Management Are Recurring Concerns

Many respondents called for:

- Better enforcement of leash rules.
- Better enforcement of voice-control requirements.
- Dog waste cleanup.
- Additional dog waste bag stations.
- More owner accountability.

Several comments specifically mentioned dog feces and bagged waste being left along trails.

Dog Walking as a Recreation Activity

The survey also asked how important various recreation activities are.

For **Dog Walking**:

- 41.96% said they do not do it.
- 20.98% said it is important.
- 23.63% said it is most important.

Among people who do walk dogs, it ranked as a highly valued recreation activity with a weighted average score of 2.81.

This suggests that while dog walking is not universal, it is a very important activity for a substantial portion of residents.

Executive Summary

If I were presenting this to the Montpelier Parks Commission, my headline would be:

Dogs are one of the most important recreation topics in the survey, and Hubbard Park sits at the center of the issue.

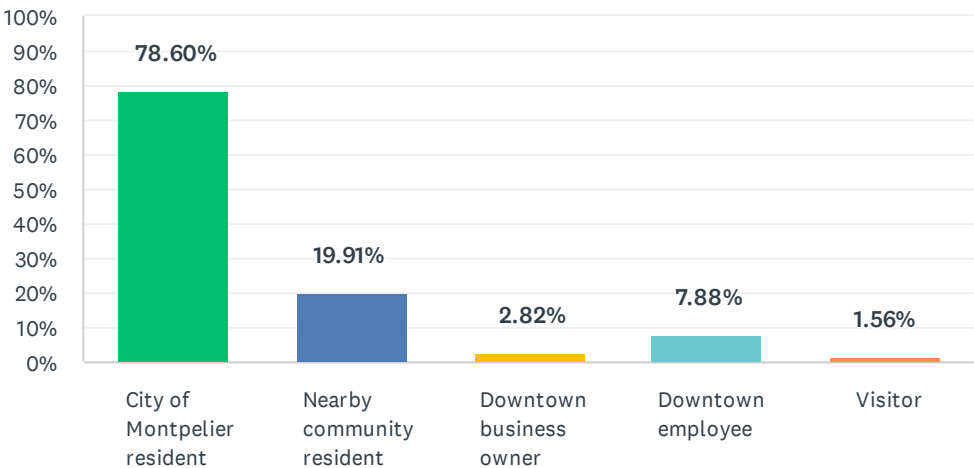

The clearest findings are:

1. **Off-leash dog management at Hubbard Park is a significant source of user conflict.**
2. **There is widespread demand for a dedicated fenced dog park.**
3. **Many respondents believe a dog park could reduce conflicts between dog owners and other park users.**
4. **Residents are divided on whether Hubbard should remain off-leash or become leash-only.**
5. **Improved enforcement and waste management are repeatedly requested regardless of which side people are on.**

One striking observation: the volume of dog-related comments is unusually high compared with most other recreation topics in the survey, indicating that dog policy was one of the most salient outdoor recreation issues facing Montpelier residents at the time of the survey.

89	Too much to do at home	7/17/2021 6:07 PM
90	Avoid Hubbard sadly due to dogs off leash. If folks actually followed rule of only having their dogs off-leash if under good voice control, that'd be one thing, but they generally don't, and are very entitled about it and say things like 'he's friendly' while he's jumping up on children or old people.	7/17/2021 1:50 PM
91	I used to use Hubbard Park a lot for running with my dog, but because of other dog owners not having good control over their dogs, I stopped using that park. Now that we have our son, we think in the future, we'll likely use the playgrounds	7/17/2021 12:30 PM

97	I live in rural Calais so there is a lot of stuff near me	7/10/2021 5:31 PM
98	It's critical for Montpelier to develop a real Dog Park. People actually refer to Hubbard Park as "the dog park" and it is treated in that fashion which means lots of us are unable to enjoy it. I would enjoy Hubbard Park though cannot feel relaxed while being attacked by unleashed dogs and inhaling the aroma of dog poop	7/9/2021 3:08 PM
99	I would use them all the time if I lived closer!	7/9/2021 8:40 AM

192	i do use them	6/24/2021 1:02 PM
193	I live just outside of town near woods and reservoir- lots to do close to home	6/24/2021 11:41 AM
194	I have lived here over 20 year. Until a few years ago I used to go to Hubbard 4 or 5 times a week. I had dogs. We rarely had an issue, though my small dog was attacked twice during that time. A few years ago folks started to become less friendly and then the dog issues started. I stopped going to Hubbard except for events. We moved closer to NBNT and we used these regularly until recently when things began to get busy. I think it's great that the trails are for cycling as well as walking and running but many cyclist ride fast and use the trails that are clearly marked "no bikes." We would rather use private land trails or find other ways to walk ourselves and our dog. The parks are not as sweet to share as they once were.	6/24/2021 10:54 AM

221	We just moved from Burlington to Middlesex, so we aren't fully aware of these parks	6/23/2021 6:24 AM
222	Oops. I am having trouble typing. At the beginning of the pandemic I was Siobhan Path several times a week, but that lessened in the summer when I went outdoors e elsewhere. Local parks are great for when I don't have time to travel further. I work downtown so get in a daily walk going to and from work. I typically spend weekends outside of Montpelier. I go to o Hubbard Park several times a year. On weekends I usually go hiking outside of Montpelier. I haven't cross country skied in the park in years because I go to well groomed	6/23/2021 6:09 AM

18	When my kid was young (kindergarten) and we had just moved to Montpelier from Middlebury, pocket parks would have been a great way to socialize with other parents and their children. We, luckily, had a large property and open space next to our home so accessed Hubbard Park from our door step. Now (kid is 19), I am interested (personally) in safe walking paths for my dog and me but would love to see Montpelier's riverside reclaimed (from asphalt/parking lots) and made into a Greenway, which would benefit flood control, tourism, local folks, and wildlife.	7/1/2021 9:50 AM

31	Off-leash dog areas would be important if Hubbard Park were not a huge off-leash area	7/9/2021 3:12 PM
32	An outdoor music performance venue like the one in Hubbard Park but nearer to downtown would be great. Gazebo or another covered structure?	7/9/2021 7:55 AM
33	We need to provide trails/parks where people can bring their dogs to play, train, picnic, etc. without being threatened by local residents. It goes beyond off-leash. It can be "times of the day" regulated or license regulated or something for us responsible dog people.	7/9/2021 7:47 AM
34	Indoor swimming pool	7/8/2021 8:09 PM
35	Natural swimming areas in rivers, dammed areas, ponds if we have any!	7/8/2021 1:34 PM
36	ENCLOSED DOG PARK!!!!!!	7/7/2021 3:03 PM
37	responsible dog owners	7/7/2021 1:41 PM
38	More pocket parks with playground equipment and a skate board park	7/4/2021 6:33 AM
39	Please, please, please keep off-leash dogs to a limited location- there are very few people/dogs who are well behaved enough to travel unleashed, responsibly. And also there is a growing habit of bagged poop being thrown off-trail. Bad human!	7/3/2021 2:18 PM
40	I am very concerned with the mountain bike trails expanding over the habitat. Both the formal and inevitable shortcuts and social paths and spaghetti trails. The bike people are leveraging VTrans money etc to convert natural areas into speedy adventure zones. Put them on the stump dump. This is really a massive problem.	7/3/2021 7:43 AM
41	Doesn't apply to me but an enclosed dog park is probably a good idea. Also doesn't apply to me but I really think Montpelier should have a public playground that is somewhere downtown--	7/2/2021 1:32 PM

UES doesn't count. Where parents of young children can go and picnic or hang out and let their kids play.

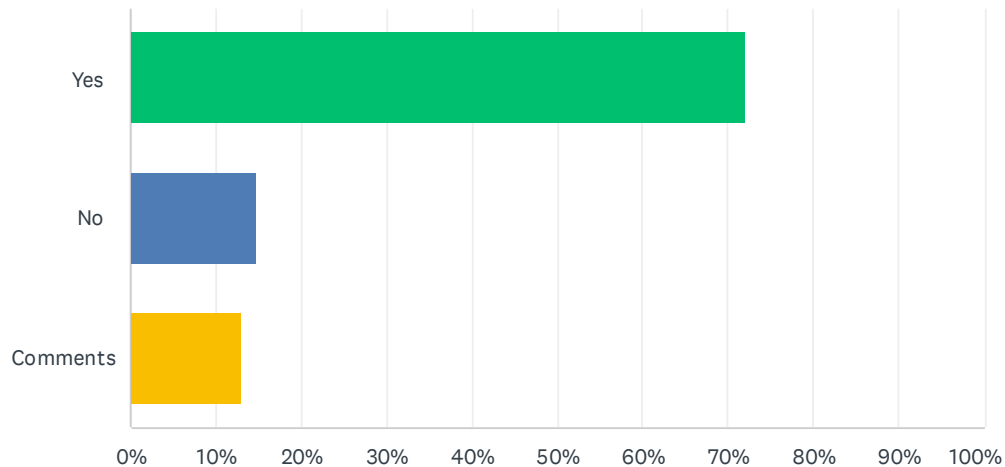

42	Dogs and dog walkers have degraded existing trails	7/2/2021 12:31 PM
43	Dedicated pickleball courts	7/2/2021 11:05 AM
44	City streets improved for walking, sidewalks kept up, city vegetation, trees etc. to make it more in tune with nature.	7/1/2021 8:15 PM
45	sometimes it's good enough just to know it's there.	7/1/2021 12:42 PM
46	More trails through the woods.	6/30/2021 10:19 PM
47	more pool days	6/28/2021 9:24 PM
48	Safe places for older women to walk alone.	6/28/2021 9:01 AM
49	We need a toddler playground!! Someplace for the littlest ones with benches for caregivers and a gated fence so kids are free to roam independently.	6/27/2021 10:29 PM
50	Good maps we can download or picky up and carry would be a big help.	6/27/2021 9:27 AM
51	I would like to see Stonewall Meadows Park expanded	6/27/2021 6:22 AM
52	more accommodations for bicycle commuting; more places to park bikes downtown	6/26/2021 9:39 AM
53	Playgrounds/ big toys for young people	6/25/2021 8:08 PM
54	The city should have an enclosed dog park (I know this is already in the questions; I want to emphasize it).	6/25/2021 9:48 AM
55	I would like to see more designated bike lanes and some work done on the roads: it's treacherous to bike on Main Street as it is.	6/25/2021 7:49 AM
56	More accessible trails - great for wheelchair access and stroller running!	6/24/2021 5:53 PM
57	Should be a leash law as dogs running loose has not proved to work well in all situations. Create a place to interact but all other areas should have pets on a leash.	6/24/2021 2:24 PM
58	bike lane!!!!	6/24/2021 1:05 PM
59	No one abides by leash dog park rules. North Branch is borderline dangerous with how many people don't keep their dog on leashes, leading to altercations. There needs to be more regulation/consequences for people who break this rule.	6/24/2021 10:47 AM
60	Want to see restrictions on off leash dogs! I've been bitten by an off leash dog.	6/24/2021 8:34 AM

64	dogs running wild in Hubbard Park not under control of owners remains a problem	6/23/2021 5:41 PM
65	There are way too many trails and not enough places left for nature.	6/23/2021 4:07 PM
66	I am not skateboarding anymore, but that park is decades past due a revamp and improvement. I primarily bike and XC ski now, as my survey suggests, but I would not neglect the kids and families that skateboard. Also, an outdoor music venue would be great!	6/23/2021 3:05 PM
67	Other nearby parts of the state have open space with no trails. That is important, but not as much here.	6/23/2021 1:57 PM
68	Trail connections to more neighborhoods around town, and other towns	6/23/2021 10:40 AM
69	People need to have their dogs on a leash?	6/23/2021 10:14 AM
70	Would love to see a splash park.	6/23/2021 10:13 AM
71	We really need to develop more of the riverside. It should be landscaped with benches and picnic tables all throughout downtown. We squander such an amazing natural asset with parking lots, weedy lots, and commercial space that closes off access to the public.	6/23/2021 9:44 AM

Montpelier Outdoor Recreation Survey

72	I would NOT want to see an enclosed dog park replace the wonderful off leash Hubbard Park. I would have to leave Montpelier if that happened (seriously). If people feel they really want to fund and enclosed dog park, it should be in addition to, not instead of, having Hubbard Park remain an off-leash space for dogs and humans.	6/23/2021 8:58 AM
73	Basketball courts are important. What happened to the skateboard half pipe? You didn't mention Wrightsville Reservoir.	6/23/2021 8:43 AM
74	Dogs are out of control and have degraded the experience at Hubbard Park and the trails	6/23/2021 7:26 AM
75	I don't have a dog but think an enclosed dog park would be valuable for all	6/23/2021 7:20 AM
76	I'm very satisfied with recent growth of biking, and xc trails and would like it maintained	6/22/2021 9:35 PM
77	skatepark would be what Montpelier is most lacking	6/22/2021 6:15 PM
78	Improve the skatepark	6/22/2021 2:03 PM
79	Specific dog parks would be good. Control the ever-present poop!	6/22/2021 1:58 PM
80	Dogs leashed in public settings unless a designated dog park. My elderly mother can't risk going into Hubbard Park, as she's almost been knocked down more than once.	6/22/2021 12:26 PM
81	I wouldn't say that "we have too many" of certain resources, but I marked them as such here bc I think they are indeed already robust here and that other categories might be more deserving of our attention. I also think that montp crisscrosses rivers like nobody's business but instead of this being a beautiful attraction and celebrated piece of the city's identity, our riverbanks are eyesores. We need some beautification, a river park with seating and open, maintained paths (like, with stone/gravel, not a weedwacked path along the river), we have this incredible resource here, let's get behind it!!	6/22/2021 10:34 AM
82	A linked system of bike trails, bike lanes, and rec paths is important. I typically ride by bike 15 miles. Our bike path is 1.7 miles. It is very pleasant but then I am on Rt 2 or the Barre Montpelier Rd, which are sub-recreational.	6/22/2021 9:53 AM

Q11 Do you think Montpelier would benefit from having more downtown parks/open spaces?

14	I think that Montpelier is very unique to have as many outdoor spaces as we do for a city this size. For me the priority would be maintaining these spaces and making sure residents and visitors use and care for our parks.	8/2/2021 7:32 PM
15	Only if they have playgrounds or are otherwise kid-friendly	8/2/2021 5:49 PM
16	If parking & housing was also addressed	8/2/2021 12:09 PM
17	State House lawn is already an amazing space. However, better spaces for eating outdoors downtown would be great.	8/2/2021 10:18 AM
18	depends on where they are	8/2/2021 9:57 AM
19	We need more housing not more parks. Existing parks have plenty of additional capacity	8/1/2021 6:32 PM
20	Such as... where, what kind?	8/1/2021 5:51 PM
21	If you have ones with playgrounds	8/1/2021 9:18 AM
22	Yes, but not necessarily additional Mtn bike trails.	7/31/2021 9:47 PM
23	yes, but we need to ensure that they can be safely used by all	7/31/2021 4:34 PM
24	If there is space that is currently unattractive and not possible to be developed into residential or commercial space, then yes. Also, plant plants especially trees wherever possible. And STOP the town from mowing alongside the roads. This is a waste of money and bad for the environment in so many ways.	7/31/2021 2:33 PM
25	Yes but stop building trails -there are enough now.	7/31/2021 9:10 AM
26	Space seems pretty limited	7/30/2021 8:26 PM
27	Not sure. If you mean Pocket Parks - NO NO NO!	7/30/2021 2:57 PM
28	I think Montpelier currently has a nice balance of trails, parks, open spaces, retail, and office space. I was disappointed that the parking garage project fell through, it would have been nice to permanently convert on street parking into outdoor dining. And pre-pandemic, parking in downtown was a challenge.	7/30/2021 2:50 PM
29	I think we are lucky to have the open space we do. Creating more densely situated housing is a critical balance.	7/30/2021 2:27 PM
30	Maybe	7/30/2021 8:35 AM
31	The greener, the better. More trees, plants and the such	7/29/2021 6:42 PM
32	Maybe they are there, but not everyone knows where they are or has access. Maybe they need to be better connected to downtown.	7/29/2021 5:55 PM
33	Need more parking	7/29/2021 2:50 PM
34	Make better use of land along the river for public use	7/29/2021 2:03 PM
35	The park that is now the extension of Charlie O's was great. It was convenient, visually pleasing and welcoming to all. City Hall park could be reconfigured to do the same. No more parklets in the street.	7/29/2021 11:12 AM
36	bike path that connects different parts of town, skiing in winter	7/26/2021 12:46 PM
37	places to have lunch or meditate would be nice but there needs to be garbage cans and picnic tables	7/23/2021 12:10 PM
38	Not taking away from parking, but nice small benches to eat outside.	7/21/2021 9:28 AM
39	More trails / river access than downtown park space.	7/19/2021 10:33 PM
40	Riverside parks downtown for all to access	7/19/2021 10:02 PM
41	Not if you are going to allow people to sleep in them.	7/19/2021 8:37 PM

44	Unsure	7/18/2021 5:55 PM
45	We in the Berlin Street/Hebert Road area really could use a neighborhood park, a tot lot - some destination for walkers, parents with little kids, etc. A bench or two!	7/18/2021 3:08 PM
46	Love the parklettes in town, small in town stuff would be nice but only if they can be clean and maintained	7/16/2021 8:12 AM
47	We have just the right amount already	7/15/2021 10:34 PM
48	not really a lot of available places in compact city	7/15/2021 8:52 PM
49	This question is too vague to answer.	7/15/2021 8:33 PM
50	Maybe. Depends upon where they are located.	7/15/2021 5:06 PM
51	Yes! Should be more pedestrian and biking, downtown Montpelier is so small yet cars take over. Create a walking belt line or something, commission a traffic study, but we need more non-car local travelways	7/12/2021 1:58 PM
52	not sure, we do have a few now and unfortunately some have become shelters for drug use and living space for people	7/12/2021 1:39 PM
53	If "open spaces" is inclusive of a patch of green with an inviting bench, a pagoda/gazebo in a field for concerts, etc., then, "yes" to downtown. However, Montpelier would benefit from economic dynamism and trashcans that are emptied more regularly. This is as important to open spaces for an inviting downtown experience.	7/11/2021 12:26 PM
54	Not sure	7/10/2021 8:59 PM
55	I feel like we have adequate parks/open spaces	7/10/2021 9:09 AM
56	I think Montpelier has a lot of parks already which is a positive. I don't want to say yes or no to more as I do not live there and there may be other issues such as parking to consider.	7/9/2021 8:43 AM
57	Repurposing existing residential or commercial space for more parks is not in the city's best interest.	7/9/2021 5:11 AM
58	We need more retail shops,:5	7/9/2021 12:16 AM
59	Potential for crime and drugs, like Blanchard	7/8/2021 9:27 PM
60	Maybe just expansion? I feel like there ar em any open spaces for people. Longer trails may benefit. Would love dog parks	7/8/2021 9:00 PM
61	We have wonderful open spaces in our downtown, we also need to seek a balance to create more commercial opportunities and more downtown housing to keep our city vibrant and to welcome more citizens to join us.	7/8/2021 8:56 PM
62	No. They are unfortunately only used by homeless people.	7/8/2021 7:16 PM
63	Yes! The disappearance of private parklets has been disappointing. We need downtown places to gather, eat bagged lunch, people-watch, just hang out.	7/8/2021 1:34 PM
64	I would hang out downtown more if there were more parks and spots to hang out in that weren't benches on the sidewalks	7/8/2021 12:47 PM
65	Yes, especially playgrounds for young children.	7/8/2021 9:51 AM
66	Fenced in dog park!	7/7/2021 8:06 PM
67	I think the amount of downtown spaces is good. More is always nice, of course, but I think it's more important to pack in more apartment and/or condo buildings downtown, providing infill and density to make our downtown more populated and vibrant. I'd love for all the surface Parking lots to be converted to multi-story buildings, though if a few were converted to parking garages and open spaces, that wouldn't necessarily be a bad thing	7/7/2021 6:06 PM
68	not sure	7/7/2021 4:33 PM

72	I think we have a good number of parks and open space.	7/5/2021 11:57 AM
73	A little more space would be nice but also consider more picnic tables in existing spaces, better use of area in front of City Hall.	7/5/2021 10:34 AM
74	Yes, and trees!	7/4/2021 10:24 AM
75	Yes, a few beautiful pocket parks so people can sit and rest, visit and relax.	7/4/2021 6:33 AM
76	Pocket parks	7/3/2021 4:49 PM
77	Enclosed dog runs (separate for small and large dogs); legal access to Sabin's Pasture; waterfront	7/3/2021 2:35 PM
78	I say yes and also it's what's lacking in downtown. A dog park in the middle of it would be insanely great	7/3/2021 2:20 PM
79	The more green the more aesthetically pleasing an area is and also contributes to cooling in a warming era.	7/3/2021 10:58 AM
80	Our downtown does not have a lot of space for that	7/2/2021 8:38 PM
81	Not sure what downtown means. We don't need more "parks" like that barren area next to the Drawing Board, but I support parks in Montpelier generally.	7/2/2021 7:02 PM
82	I'll defer to others. We find Montpelier pretty perfect. Thank you.	7/2/2021 3:01 PM
83	This should be a given!! Poor planning has led to very few options in Montpelier. The river should have always been a draw but most of it is dirty and unappealing.	7/2/2021 10:56 AM
84	I can't envision where this might happen	7/2/2021 8:35 AM
85	It depends on what this would look like and where they would be.	7/1/2021 8:44 PM
86	if they're kept clean of trash and dog droppings	7/1/2021 12:42 PM
87	Depends on what is lost to create the open space.	6/30/2021 7:51 PM
88	Not sure	6/30/2021 11:34 AM
89	Yes, but can taxpayers support more? There are already several parks.	6/30/2021 7:18 AM
90	Depends on the alternative, or what we are converting.	6/28/2021 9:28 PM
91	not surse	6/28/2021 9:24 PM
92	We need a parking garage	6/28/2021 3:55 PM
93	But I don't see how this relates much to parks, excepting Hubbard Park.	6/28/2021 2:11 PM
94	Senior housing!! Not more parks.	6/28/2021 12:16 PM
95	something like Greeley Square park with seating and you could byo lunch and drinks	6/28/2021 8:31 AM
96	I want to maintain and continue to improve what we have.	6/28/2021 7:02 AM
97	Parks along the river would be amazing--out rivers are an after thought and they could/should be a recreation asset.	6/27/2021 9:05 PM
98	Depends on location - there are a number of informal gathering places.	6/27/2021 3:28 PM
99	I think that it's more important to focus on downtown housing and non driving transportation options than downtown parks at this time.	6/27/2021 3:04 PM
100	Places to gather and special events.	6/27/2021 1:29 PM
101	I want to answer yes to this question. This could be a more nuanced answer if you gave us the opportunity.	6/27/2021 10:25 AM
102	ther are clearly more than I use - the little parks add to the quality of the urban space	6/27/2021 9:27 AM

103	I think we have a good, healthy amount of parks and open space in our downtown area and within city limits, affordable housing and dense development is a higher priority and a better use of resources. Including small pocket parks and green spaces alongside that development would be something I support.	6/26/2021 3:32 PM
104	There are a lot already. I would love a longer bike path	6/26/2021 10:16 AM
105	Yes, riverfront mostly	6/26/2021 6:37 AM
106	Yes. Downtown is great...especially if parking is available.	6/25/2021 8:08 PM
107	Yes, especially along the rivers. At the same time, I think it is important to fill in empty lots with downtown housing, so... I like pocket parks AND filling in some lots for new houses.	6/25/2021 3:13 PM
108	Undecidef	6/25/2021 7:52 AM
109	I'm not sure where you'd put them!	6/24/2021 10:18 PM
110	North branch is great!	6/24/2021 9:01 PM
111	Yes but there are MUCH more important things like connecting Montpelier trails to Worcesters	6/24/2021 8:08 PM
112	Even if the answer was yes, i just dont see where we could put them so this is a confusing question.	6/24/2021 6:46 PM
113	Not sure	6/24/2021 5:23 PM
114	I think we already have a wonderful assortment of parks that just need to get advertised more. I live in NYC for part of the year and Montpelier has so much green space in comparison	6/24/2021 3:07 PM
115	Yes, so long as they are multi use, integrating recreation and a place to sit.	6/24/2021 2:12 PM
116	We need active and vibrant parks for river access and fun	6/24/2021 1:59 PM
117	Yes. Downtown riverfront park is needed. Not the dinky little corner that exists.	6/24/2021 1:43 PM
118	WE could use more parking spaces	6/24/2021 11:43 AM
119	I think we're blessed with a great system of parks and open spaces but I wouldn't ever think there are too many. So many benefits of open land and trails for the natural world.	6/24/2021 8:37 AM
120	There is a lack of quality recreation fields near Montpelier. In busy months the ones we have are jammed. Also, the density of trails in Hubbard is concerning. More land would allow for less density and better experiences.	6/24/2021 6:14 AM
121	Perhaps more parks would be nice, but not at tax payer expense. Maintenance of existing parks is important. Expansion of existing parks might be nice, but not sure we need more parks.	6/23/2021 6:47 PM
122	None	6/23/2021 3:39 PM
123	I don't think more open spaces are necessary but would be great to see continued improvement of current spaces	6/23/2021 3:26 PM
124	YES; the state house lawn is good, but it's far from the "city center," which is sorely lacking a public/parked gathering space... I've lived in plenty of mid to large (NYC)-sized cities and of course scale and budget are all relative, but pocket parks and other ways of breaking up the urbanity with opportunites to socialize outdoors, while still downtown, are really great for the community, and if you need to justify it, as an economic driver for tourism.	6/23/2021 3:05 PM
125	Absolutely need river access / more river trails.	6/23/2021 1:57 PM
126	Most beneficial would be seating areas/benches, etc.	6/23/2021 1:05 PM
127	Better utilization of the riverfront downtown would be nice	6/23/2021 1:00 PM
128	Mapped linkages between spaces are important.	6/23/2021 11:57 AM
129	Absolutely YES!!!! Let's build a walkway between the CharlieO's parklet and the bike path along the North Branch River, with outdoor restaurant seating along the edges. And convert parking lots along the Winooski to green space with cafes and ice cream shops.	6/23/2021 11:44 AM

131	It's strange that there is no place to eat a take-out lunch in downtown Montpelier, other than the benches at Christ Church or sitting on the grass on the State House lawn. I really felt the lack of downtown park space this winter.	6/23/2021 9:44 AM
132	Generally YES, but it depends on where the space is and what it is replacing.	6/23/2021 8:58 AM
133	not sure.... we need more parking downtown.	6/23/2021 8:43 AM
134	A dog park would be huge for the town in many ways.	6/23/2021 8:39 AM
135	I would love to see the State House lawn be used for permaculture or other habitat restoration. We definitely need to do more to promote open spaces within neighborhoods perhaps even communal garden spaces.	6/23/2021 8:27 AM
136	It's important to have spaces that allow and encourage physical movement. It's why Vermont was first to reach 80% vaccination. We value the benefits of green spaces, nature and walking running etc.	6/23/2021 8:23 AM
137	We have some gems and it would be nice to have more. They bring peace and beauty and a smile to my face. Taking advantage of the River front would be brilliant!	6/23/2021 7:59 AM
138	But where?	6/23/2021 7:20 AM
139	Yes but not at the expense of on-street parking.	6/23/2021 6:05 AM
140	I think we have plenty for a small town	6/22/2021 11:26 PM
141	Downtown? We need more housing downtown. Greenery like trees would be great but I'm not sure what this question is asking.	6/22/2021 10:38 PM
142	I like open space, but like the arrangement of downtown being more developed and parks easily accessible on the edges and perimeter	6/22/2021 10:00 PM
143	Not downtown, but at periphery	6/22/2021 9:35 PM
144	we don't need downtown parks - the open spaces we have now seem to accommodate mostly people who are drinking or have no place else to go	6/22/2021 8:35 PM
145	Depends on if it connects to other parks	6/22/2021 8:30 PM
146	Pocket parks	6/22/2021 5:39 PM
147	At what cost	6/22/2021 5:24 PM
148	Yes, but maintenance of these spaces matters. Ie locations along the bike path are covered in trash and have become a space for individuals to drink and camp out.	6/22/2021 5:06 PM
149	We need more areas in neighborhoods not near Hubbard Park. Mainly on the Northfield St. Side of the Winooski river.	6/22/2021 4:47 PM
150	With benches	6/22/2021 3:55 PM
151	He City doesn't maintain what it currently has	6/22/2021 3:33 PM
152	Im not sure. Hubbard Park is wonderful and along with NBNC all I need.	6/22/2021 3:27 PM
153	I think we should take care of the parks we have	6/22/2021 3:17 PM
154	I think the City does a good job with providing parks and as much open space as possible in the downtown area. One area where it would be great to have more access would be a park right on the river downtown so that people could take advantage of the river views and see the evidence of the old dams and mills along the river. Maybe either in the Sarducci's/Coop area, or (especially) between Shaw's and the new transit center.	6/22/2021 2:49 PM
155	Make the ones we have even better.	6/22/2021 1:59 PM
156	We need more parking and less ticketing	6/22/2021 10:37 AM
157	Not sure where a park would fit downtown? I think when you've got something as epic as Hubbard...I'm not sure you need to worry about adding pocket parks	6/22/2021 10:34 AM
158	I think we have a good supply of parks, but connections between areas can be greatly	6/22/2021 9:53 AM

improved. A path between Murray Hill and the cemetery could be added. A bike path across the statehouse lawn could be added, connecting Terrace St. to Elm St and avoiding State St..

54	More extensive bike path	8/5/2021 12:20 PM
55	Montpelier needs to become more green in general. We need to control water better with rain gardens and have less macadam. Some streets should be closed to traffic and all the parks would thus be better connected with pedestrian-friendly access. We need less focus on accommodating cars, more on pedestrians. This will enhance use of parks/rec/ and downtown businesses at the same time. Where do I want to go after a hike in the woods? For coffee/bakery/gelato or a restaurant, of course!	8/5/2021 12:19 PM
56	more time, less crowding and irresponsible dog people (I'd love to have my dog free but it is not always appropriate especially if my dog aggresses)	8/5/2021 5:31 AM

218	I'd love to see more separation between dogs and other users (a long time thing in town, I know!)	7/16/2021 10:03 AM
219	Being able to combine recreation with in town errands	7/16/2021 8:12 AM
220	BATHROOMS BATHROOMS BATHROOMS -- And also, you need to get a handle on the off-leash dog issues. I love dogs and I don't personally mind when they come up to me, but if I were someone with mobility issues or afraid, then it is a BIG problem esp. in Hubbard Park. I've done informal surveys while walking and had up to a dozen off-leash/not-voice-controlled encounters on any 1/2 hr walk. We aren't protecting our most vulnerable & people get defensive.	7/16/2021 8:08 AM

252	More free time to do so.	7/9/2021 8:43 AM
253	I love the events in parks- dance shows, music, Storywalk, Enchanted Forest. Those are all magical memories and traditions with my family. We wish dogs were allowed off leash at North Branch, but understand why they aren't. It's been great that the Onion River Nordic has offered groomed trails for Xc skiing and I'd love to see the tow support those financially, although many are in E. Montpelier.	7/9/2021 7:55 AM

382	1. Better laid out information on the city website. Super hard to figure out where things are in Montpelier and when events are happening (from races, to trail openings, to art walks, or birding etc.) 2. An exhaustive map! The current maps are incomplete and not connected to the neighboring towns' trail systems. 3. Connection to the neighboring towns trail systems! We have so much in the area, and it feels like planning happens independently in every town. That's just silly. 430	Close walking distance to downtown	6/26/2021 6:37 AM
431	Safe places to allow my dog off leash	6/25/2021 8:55 PM
432	More parking, additional amenities for families such as covered structures and restrooms.	6/25/2021 8:08 PM
433	I go a lot	6/25/2021 7:56 PM
434	Green space in district 3 on the other side of the river	6/25/2021 6:35 PM
435	Time. If I had more serious mobility issues or small children, having transportation would be important if we wanted to go to a park that was more difficult to get to.	6/25/2021 6:27 PM
436	Better communication on parks that currently exist, how to access them and what are rules, like dogs allowed or not. I didn't know about the majority of the parks listed in this survey! I have lived in Montpelier for 4 years!	6/25/2021 6:15 PM
437	Currently; more playgrounds -- but we have a number of nice ones in the city; im not sure MORE would net MORE time in the parks. (3 kids)	6/25/2021 5:04 PM
438	Good maps available online	6/25/2021 4:12 PM
439	Reminders like this that there are many small parks that I didn't know about and I'm glad to know about them now!	6/25/2021 3:38 PM
440	Better, accessible parking to get to old Morse Farm trails. Other than that, not sure. I love our parks!	6/25/2021 3:13 PM
441	The Siboinebi path between Main St and Bailey Ave does not feel safe for a woman walking alone, because of the consistent presence of people who seem possibly homeless, usually doing, trading, or talking about drugs. Obviously this situation needs huge systemic solutions, but for the time being I mostly avoid that section of path when I'm alone, which is a shame.	6/25/2021 2:14 PM
442	A good park map system that is posted throughout town with a link to a centrally maintained map of all Montpelier park and outdoor spaces and their allowable uses.	6/25/2021 11:53 AM
443	Availability downtown, especially along the rivers	6/25/2021 10:57 AM
444	Dog park (enclosed/separated from other uses) would be immensely beneficial! No more new Mountain biking trails please—focus bike use in rail trails and commuting please.	6/25/2021 10:32 AM
445	Having more trail options, especially longer trails especially for biking, skiing, walking and running.	6/25/2021 10:16 AM
446	more parks, fewer trails.	6/25/2021 9:56 AM
447	Having more non-work time, having a park on the south side of the Winooski, having an enclosed dog park	6/25/2021 9:48 AM
448	More mountain biking trails in North Branch Park.	6/25/2021 8:53 AM
449	I'm satisfied	6/25/2021 8:39 AM
450	I used to go to Hubbard Park all the time with my dogs. But the fighting over dogs was so awful that I stopped going.	6/25/2021 8:05 AM
451	Retirement!	6/25/2021 7:52 AM
452	Fewer ticks but I know you can't do anything about that!	6/25/2021 7:49 AM
453	Maps and knowing about them! Just moved here! Thanks!	6/25/2021 7:02 AM
454	If I had more free time	6/25/2021 12:35 AM
455	More events in parks, accessibility in parks	6/24/2021 10:28 PM
456	Better/more complete marketing/information to residents - we've lived here five years and I still	6/24/2021 10:18 PM

464	Groomed skiing. More trails through and connecting community areas of town.	6/24/2021 8:08 PM
465	Maybe more signage in Hubbard Park. I used to get lost there a lot and still do occasionally	6/24/2021 8:02 PM
466	Less people there!	6/24/2021 7:47 PM
467	I use the parks all the time, but regret that the city has created so many mt bike trails in the north branch- it's negatively effected my use of that area.	6/24/2021 7:31 PM
468	Parking? And I guess I didnt know some of these existed/where they are.	6/24/2021 6:46 PM

473	More bike paths and event spaces	6/24/2021 3:07 PM
474	fewer dogs and fewer ticks	6/24/2021 2:51 PM
475	Having requirement of dogs on a leash would certainly get me there more often. I'm a dog owner but really want to do my thing and not have loose dogs running at me and my dog.	6/24/2021 2:24 PM
476	A connection from downtown to north branch park on the east side of the river (south from Cummings)	6/24/2021 2:12 PM
477	If Montpelier embraced it's Riverfront it, and developed recreation for walking and boating and playing along the rivers	6/24/2021 1:59 PM
478	bike lanes--I live off of Rte 2, west of State Street and it is NOT safe to ride a bike on.	6/24/2021 1:05 PM
479	Nothing I can think of.	6/24/2021 11:43 AM
480	Better posting of signage, boundaries, park and city rules. Also signs that say "you are leaving public land" to let folks know they are entering private property. It's an issue near us. I've had people walk into my yard and tell me to put my dog on a leash or not even stop to ask where they were, just walk through to the street..	6/24/2021 11:02 AM
481	Either being able to walk to them, or plenty of spacious parking	6/24/2021 10:34 AM
482	More accessibility and enough parking around	6/24/2021 9:08 AM
483	Convenient access. On town hill there is a sizable community and no neighborhood parks. We have a 7 month old and there is no neighborhood center for congregating and close community bonding.	6/24/2021 8:39 AM

488	Better sidewalk maintenance along state street west of bailey ave	6/24/2021 7:51 AM
489	More access points	6/24/2021 7:27 AM
490	As a neighboring resident, I think the local parks are very accessible. Perhaps improved signage and mapping for the trails in and around Hubbard could draw more visitors. Expanding the MTB trails in North Branch is a positive for further visitors, but (though important to my family) is not an accessible activity for all. Improving local parks to ensure better access to all Vermonters and visitors should be a central goal.	6/24/2021 7:16 AM
491	an enclosed dog park!	6/24/2021 7:13 AM
492	More time on my hands	6/24/2021 7:01 AM
493	River access	6/24/2021 6:38 AM
494	Dogs on leash in Hubbard. Or at least dog owners that can keep their dogs under control.	6/24/2021 6:14 AM
495	that nearly all dogs are off leash everywhere is a disaster and prevents a huge portion of the population from visiting montpelier's parks. no one who cannot be jumped upon, etc., is welcome in the park. they know it and they don't come. it's a private park for dog owners. and by the way, i'm a dog owner, just not one who would ever let my dog go wild off leash to everyone else's detriment.	6/23/2021 11:47 PM
496	We have too many multi-use parks. More places where walkers/hikers can walk without having to share with bikers and skiers is necessary. Bikers and skiers have many more places to exercise in relationship to safe places to walk in town. We also need more places where dogs can walk and play off leash. Hubbard Park is the ONLY place where they can run free. Dogs need/deserve to have places where they can exercise easily with their owners.	6/23/2021 11:29 PM
497	Connectivity. It would be great if more Montpelier trails in various parts of the city could connect to each other and to trails in surrounding communities.	6/23/2021 11:19 PM
498	storywalks have been a big draw for us, as well as clear signage about trails, length etc...	6/23/2021 10:04 PM
499	paved bike paths between the parks	6/23/2021 9:53 PM
500	A few more bike trails at North Branch, but otherwise loving it	6/23/2021 9:34 PM
501	Having dogs on leash	6/23/2021 8:31 PM
502	less dogs, dog owners who think everyone wants to interact with their dogs, and poop. Less unyielding mountain bikes(or separate bike and hike trails)Otherwise, the parks are awesome!!!	6/23/2021 8:29 PM
503	More free time	6/23/2021 7:46 PM
504	More trails	6/23/2021 6:58 PM
505	Locating more parks in the College Neighborhood. Hubbard Park is a long walk from my side of town so I do not go very often. The city should buy part of Sabins pasture and make it a park! Leashing dogs in Hubbard Park would also make me more comfortable walking there.	6/23/2021 6:49 PM
506	We stopped visiting Hubbard Park because of too many dogs. North Branch is better because there are fewer dogs there.	6/23/2021 6:47 PM
507	Free parking nearby! And free, clean, accessible amenities nearby such as public bathrooms.	6/23/2021 6:33 PM
508	Would be good to have a single place where I could read about local parks & activities	6/23/2021 6:22 PM
509	Expand Hubbard Park by completing purchase of Heney Parcel and create direct access point from Park West neighborhood from Deerfield Drive	6/23/2021 6:17 PM
510	A Dog Park that is fenced in.	6/23/2021 5:43 PM
511	More parking	6/23/2021 5:38 PM
512	I visit them every day of the year	6/23/2021 5:23 PM

521	we already go every day!	6/23/2021 3:26 PM
522	I live just outside Montpelier, in the quasi-east montpelier boundary, and am just fine with less people. And I grew up next to Hubbard Park, so I am all set with my visitation rates... I do love the idea of biking laced throughout Hubbard Park, into downtown and to North Branch, and also, I would certainly frequent a river frontage park if that one gets developed and maintained well.	6/23/2021 3:05 PM
523	Availability and Accessibility	6/23/2021 2:47 PM

538	If they weren't so far to walk to.	6/23/2021 12:12 PM
539	A dog park would be the most effective draw, hands down.	6/23/2021 12:07 PM
540	I visit them a lot! Maybe having a park closer to my house would make that part the "go-to". Right now, we often use private land.	6/23/2021 11:57 AM
541	With grandkids, an easily accessible area that caters to the interests of kids who enjoy exploring the outdoors.	6/23/2021 11:50 AM

548	Access. I live in Toy Town and we don't have a park that is easy to get to, besides the cemetery. It would be awesome to have a pedestrian bridge connect to the bike path from our neighborhood.	6/23/2021 10:29 AM
549	Reminders of the benefits	6/23/2021 10:25 AM

553	Nothing I can think of	6/23/2021 9:54 AM
554	I don't have a problem visiting parks.	6/23/2021 9:54 AM
555	Dogs in Hubbard Park should be leashed.	6/23/2021 9:44 AM
556	I like to take my grandkids to the playground, and the only one we visit is at the elementary school. There should be more and better playgrounds; I would definitely visit them. I also think leash laws need to be better observed. I really don't like dogs jumping on me and the owners saying things like, "Oh she's really friendly." There needs to be a dog-owner education campaign.	6/23/2021 9:44 AM
557	If they were more clearly signed and information about them easier to find and more readily available. My partner and I stumbled onto a park by following an unmarked trail into the woods near Barre St (we are adventurous, sure, but what else are we missing out on!). Also better access to resources like trail maps from the city website - it was a labyrinth to find Nordic ski trail maps and in the end I had to go with a friend who was "in the know" because I couldn't tell how up to date the map was. These are relatively small suggestions - thanks for all you do to provide green spaces in our city!	6/23/2021 9:21 AM
558	Reminders that they are there. Maybe spotlight a park each month to go over its amenities and attributes	6/23/2021 9:18 AM
559	Less homeless people destroying the property	6/23/2021 9:04 AM
560	More off-leash spaces for dogs where i can also get exercise in.	6/23/2021 8:58 AM
561	no dogs	6/23/2021 8:50 AM
562	A dog free park. Dogs give me anxiety and scare away the wildlife I am there to see. I'd be most interested in visiting a park with either stick leash rules or a dog free park.	6/23/2021 8:43 AM
563	Outdoor eating, food trucks,	6/23/2021 8:42 AM
564	I run and walk on our parks with trails every day. They are a fantastic resource. I do wish we had more of a classic "urban park" with a nice, maintained playground for kids and walking path.	6/23/2021 8:41 AM
565	More free time!	6/23/2021 8:39 AM

578	Connecting trails from surrounding communities	6/23/2021 6:59 AM
579	Montpelier has beautiful parks but is in dire need of better school facilities and recreational building. We don't need more land at Hubbard park - there is plenty of space and it's not crowded. We have playgrounds in good access to most neighborhoods but what we don't have is safe, and good space for our middle school children. This should be the priority.	6/23/2021 6:50 AM
580	More time!	6/23/2021 6:37 AM
581	An enclosed, off-leash dog park would be utilized by our family regularly and would help build community among dog owners, as is the case at the yearly pool gathering for dogs.	6/23/2021 6:32 AM
582	More info about where the parks are and what they offer	6/23/2021 6:26 AM

594	Require dogs to be on leash in Hubbard park	6/22/2021 11:12 PM
595	More open spaces	6/22/2021 11:10 PM
596	Designated areas for specific activities that aren't mutually compatible- for example sharing walking trails with people skiing or biking can feel risky; if there were designated areas for dogs to be off leash people/animals that are fearful of unleash dogs may feel more comfortable.	6/22/2021 11:02 PM
597	Better control of off leash dogs	6/22/2021 10:58 PM
598	A mtb trail connecting north branch to north st. A bike path connecting towns hill neighborhoods to town, maybe through Sabins?	6/22/2021 10:57 PM
599	Easy bike access through town- more bike lanes	6/22/2021 10:56 PM
600	Up to date maps on website, tralmarkers (doing a better job of this recently - thank you!)	6/22/2021 10:49 PM
601	Interconnected paths between spaces that didn't require driving. More awareness of all of the parks within the city. An off-leash dog park similar to the one in Waterbury would be fantastic, we travel to Waterbury to visit when we need a park, but it would be great to have a spot locally.	6/22/2021 10:45 PM
602	Easy to find maps. I didn't know of most of the parks listed in this survey. I only know of Hubbard, nature center, and dig river.	6/22/2021 10:40 PM
603	We're there a lot!	6/22/2021 10:40 PM
604	A fenced in dog park would be great for the City. I'd also love dog bag stations along the bike path. 615	Less dog poop. Dogs on leashes being enforced. I do not visit Hubbard Park for this reason. Hoping the same thing does not happen at North Branch.	6/22/2021 10:02 PM
616	Just a good focal point to find information.	6/22/2021 10:00 PM
617	Less out of control dogs and dog poop. Hubbard Park has become such a dog park it feels much less accessible and pleasant than it used to be. A real loss.	6/22/2021 10:00 PM

628	Bike access and sidewalks!	6/22/2021 9:35 PM
629	More mountain bike access. Hubbard park should be family bike access on all trails. Dogs should be leashed and scare my kids every single time we walk on any park.	6/22/2021 9:20 PM
630	More bicycling options, even if it's only one or two trails, especially in a city with virtually zero bike lanes, it's nice to have a place to ride a bike without worrying about cars. North branch and some of the other areas are fantastic, but places like Hubbard park would offer a more approachable biking space for those who aren't looking to just mountain bike. Again, only a few trails being opened to bikes would be helpful, not everything.	6/22/2021 9:13 PM

Montpelier Outdoor Recreation Survey

638	Some of the trails and parks seem to be frequented by people drinking or doing drugs—especially at key entrances like the State House trail into Hubbard and the pavilion by Taylor Street parking lot adjacent to the bike path—which makes it unwelcoming and at times feel unsafe. I'd visit Montpelier parks if there was bunches of people at these spots littering and swearing and sometimes actively drinking or doing drugs	6/22/2021 7:42 PM

Q13 The annual budget for all the Parks facilities (Hubbard Park, North Branch Park, and 8 other small parks) and services (park maintenance, programming, etc.) in Montpelier is 2.2% of the overall municipal (non-school) portion of the budget. For the average tax payer this is about \$55.
Do you think this is:

ANSWER CHOICES	RESPONSES	
Too little	45.44%	528
Just right	36.83%	428
Way too little	12.91%	150
Too much	2.67%	31
Way Too much	2.15%	25
TOTAL		1,162

Q14 What do you think would be an appropriate percentage of your municipal tax bill to go towards these facilities and services?

662	No idea! That's not a really good metric for this (unless you're a municipal employee who's steeped in municipal budgets!). What are the innovations you're seeking to fund? If I were you I'd think in tiers: the low hanging fruits, the (fruit) pies in the sky, and the middle ground. Make a budget for each and think about funding options based on what you want to achieve. Some of these things will be more valuable to residents. Others will be more valuable to the business community. They don't need to be funded the same way..	6/28/2021 7:24 PM

671	I think more public-private funding/volunteer work is the way to go if we want more. Too few Montpelier taxpayers have the major burden of all city taxes. Everyone should pay something, even if small contribution. It is a bad situation when people who pay no taxes at all can vote to raise taxes paid by others. Everyone needs to pay something within reasonable means to avoid this kind of moral hazard.	6/28/2021 2:16 PM

4	Make safer transitions to peripheral destinations by bike or on foot, like dog river, creeme stand, north branch from elm	8/11/2021 3:58 PM
5	Sports like soccer and outdoor classes	8/9/2021 10:20 PM
6	I think getting more folks to use the park, and making them even easier to use, would be a priority - though I'm not sure that's a big issue here.	8/8/2021 1:45 PM
7	None of the above.	8/7/2021 5:43 PM
8	Promote use of parks, trails, river access through provision of recreational equipment (bikes, kayaks, etc) at trailheads and access points, affordable priced as short term rentals or member based shared use as a sustainable alternative to individual ownership, in partnership with local business or nonprofit providers.	8/7/2021 1:53 PM
9	More responsible management of invasive and noxious weeds. At least mow over jump-weed and bishop weed to prevent seed set that will contaminate other people's property.	8/6/2021 2:33 PM
10	Playgrounds and sports facilities for all ages.	8/6/2021 8:10 AM

25	We are fortunate to have such a big& beautiful park. If I had \$ to put into the park, id buy more land adjoining or otherwise	7/29/2021 6:46 PM
26	Better, safer, road biking optionx	7/29/2021 5:52 PM
27	New playgrounds	7/29/2021 4:50 PM
28	Fix tennis courts... build pickle ball courts! Hugely popular now... but ruining the tennis courts! Tennis players can't get on the courts and when they do... the nets are broken	7/29/2021 6:19 AM
29	Maybe organice some big running races with all the trails and dirt roads that we have around	7/28/2021 10:03 PM
30	Just take care of what we already have... this is VT, not NJ.	7/28/2021 9:56 PM
31	Repeating once again, more live music events featuring central VT artists, not Burlington area artists. They have many opportunities closer to their home. Central VT artist's performing and earning a decent pay-day opportunities are extremely rare.	7/23/2021 9:32 AM
32	Build a large playground for 1-6 year olds and elders.	7/22/2021 12:04 PM
33	Or even host marketing design contests. People live a good contest. It's a great way to get the name out there. I love photography. Have a contest.Social media works wonders.	7/21/2021 9:31 AM
34	Keep them free of litter.	7/19/2021 8:39 PM

36	BATHROOMS if u want people in the parks, u better have some place for them not to be disgusting all over the park	7/16/2021 8:28 PM
37	Another long time town issue... I'd love to see some public access on Sabin's pasture. That ship may have sailed at this point, but I still hope!	7/16/2021 10:06 AM
38	More land/more spaces, more goats to take care of the poison ivy; more access (the High school last year said no one could access the grounds until after 7pm --on signs everywhere on the grounds, well in the fall/winter/spring it is dark early and dangerous, which meant I didn't use that space EVER in the entire past year, and I felt excluded and frustrated).	7/16/2021 8:15 AM
39	Not better maintenance, just continue investing in maintenance	7/15/2021 10:41 PM
40	Better basketball courts AND more! Frisbee course. Ever been to Williston Central School? Yeah, EXACTLY like that!!! Paved trails, playground, fields, frisbee course. It makes me want to move to Williston and not pay 16,000 per year in just house taxes!	7/15/2021 5:11 PM
41	Improve the pool!!!!	7/14/2021 8:55 PM
42	Mechanism to receivrr payment from out of town users. We Do Not Need A Dog Park. Repeat No dog park.	7/14/2021 12:56 PM
43	Please do not "improve" things to "attract visitors." Some visitors LIKE simplicity and a rustic style. Don't assume they all want Las Vegas.	7/13/2021 11:04 AM
44	More walking paths and swimming access	7/12/2021 2:00 PM
45	disc golf course	7/11/2021 9:24 AM
46	Keep up what we have to it's best condition	7/10/2021 9:10 AM
47	Build a Dog Park and enforce the rules in all other areas	7/9/2021 3:14 PM
48	Invest in educational programs and materials, to help people understand and appreciate the wildlife in the parks	7/8/2021 11:04 PM
49	Non of the above	7/8/2021 9:21 PM
50	Tennis. Maintain existing walking/biking paths.	7/8/2021 7:18 PM
51	Keeping nature stewardship in mind during all future projects. Ensuring biodiversity for the future. Don't trash VT.	7/8/2021 3:23 PM
52	I would love to see some activity-designated areas, such as biking trails not shared with walkers and off-leash and on-leash areas designated in Hubbard. More specificity in some places would improve everyone's experience, I think.	7/8/2021 1:39 PM
53	More trash receptacles in picnic areas, more dog trash bins around the confluences of trails such as the Fireplaces, behind the Old Shelter by the soccer field, by the Doggy social area on the right before the New Shelter, at the Tower	7/7/2021 9:49 PM
54	Fenced in dog park	7/7/2021 8:06 PM
55	Enclosed dog park	7/7/2021 7:27 PM
56	The only amenity I'd prioritize, of the "upgraded amenities" list, is a fenced in dog park.	7/7/2021 7:24 PM
57	Note to above - I'd like to see a mix of smart development paired with preservation of open space. We're a city. I like the idea of buying private lands and adding a lot of dense multi-family housing as well as some additional public open space. Much better than driving all the housing growth out into outlying areas	7/7/2021 6:15 PM
58	Enclosed Dog Park	7/7/2021 4:34 PM
59	Invest in upgraded amenities, but I would not want it to include adding a dog park.	7/7/2021 3:12 PM
60	Dog park	7/7/2021 3:08 PM
61	Dog park	7/7/2021 2:13 PM

63	I think more attention should be given to condition of streets	7/6/2021 11:10 AM
64	A first class playground, (example): http://ourspacepark.org/	7/4/2021 2:05 PM
65	Road maintenance	7/3/2021 10:22 PM
66	You had me at dog park. The parks are great and I think well taken care of (except for the people with dogs) and I would prefer minimal signage and intrusion into the natural landscape/experience. Also, I've had less wildlife sightings over the last few years? I used to see fox, skunk, and deer on a regular basis but now I only see deer way off to the edges of Hubbard. I believe off-leash dogs are causing more problems than just scaring and biting people. [Your survey is requiring me to check all the boxes on #16 but I think buying land, taking care of amenities and dog park and maintenance.]	7/3/2021 2:41 PM
67	The forest in both Hubbard and No. Branch needs to be thinned, seriously. Crowded forest attract insect, disease and other events that jeopardize tree health. Take care of what we own now before we add more.	7/3/2021 8:11 AM
68	I think the kiosks could be better informed and engaging.	7/3/2021 7:46 AM
69	strict leash rule for dogs	7/3/2021 5:31 AM
70	Increase connectivity of parks using bike paths or connector trails	7/2/2021 9:23 PM
71	Invest more in the pool. They say its not a "money maker" but it could be. There is so much potential there if the pool house was fixed up and area upgraded. We all love the pool as a place to learn and come together. Its a great Montpelier resource that isn't used to its full capacity.	7/2/2021 3:59 PM
72	i checked build more trails, but i don't want too many trails - want to be sure these are valuable natural spaces for non human critters too - but perhaps as a part of creating new parks? i do think trails are important bc otherwise people might just walk all over and erode the entire spot.	7/2/2021 2:02 PM
73	Find a way to turn some of the abandoned riverside quarry land into parkland! Or, build that mythical parking garage and convert some current surface parking on State St. into riverside greenspace with trees, picnic tables, park benches, and a playground!	7/2/2021 1:42 PM
74	Improve existing trails and no dogs off leash	7/2/2021 12:33 PM
75	Investing in waterfront access and activities should be a top priority for the city	7/1/2021 8:49 PM
76	Rebuild the pool house	7/1/2021 8:47 PM
77	regulate leashes for dogs	7/1/2021 12:45 PM
78	Specifically open space that protects our watersheds and provides downtown visitors and locals a way to enjoy the incredible Winooski River. If cities like Austin, Portland, and Tallahassee can do it, so can little Montpelier!	7/1/2021 9:59 AM
79	Fine as is.	6/30/2021 5:57 PM
80	Updated playgrounds and spaces for kids!	6/30/2021 11:46 AM
81	Remove homeless camps	6/30/2021 11:36 AM
82	Create a summer camp crafts space for adults? Dreaming here...	6/30/2021 7:26 AM
83	Dog park, more parking. I like the outhouses. 1-2 more shelters	6/29/2021 5:28 PM
84	Build a better skatepark	6/29/2021 2:08 PM
85	I'd focus on connecting trails to other towns and creating loops through the existing parks. MTP's real estate is already super constricted so buying for the sake of conserving only (without trails) would be of little benefit. We're a capital city. People shouldn't be forced to move out of town for affordable housing. The climate benefits of land conservation would probably be offset by driving more. This being said, there should be some focus on the ecological integrity of the area when siting trails, which I'm sure is already the case.	6/28/2021 7:24 PM
86	Actively explore more public- private partnerships and seek corporate contributions	6/28/2021 2:16 PM

121	More enclosed dog runs	6/23/2021 1:00 PM
122	Better road and trail maintenance to reduce erosion; more staff time to protect the park as an functioning ecosystem (deal with invasives, figure out ways to reduce the human (and dog) impacts on wildlife, protect water quality, manage the parks as nature preserves); build an enclosed dog park or two and require leashes outside those areas; benches in shade for caregivers to sit on at playgrounds	6/23/2021 12:05 PM

127	Nothing	6/23/2021 9:05 AM
128	There is only one outdoor basketball court in all of Montpelier.... frankly the upkeep isn't great. The surface is just pavement, as of right now one of the hoops is not at correct height and the other isn't square to the court. As for the skatepark, I see it used a lot so I think it is important. That being said, the old half pipe was never replaced.	6/23/2021 9:01 AM
129	nothing	6/23/2021 8:52 AM
130	Please no more mountain biking trails. They tear up the landscape	6/23/2021 8:45 AM

1	Let's fix these streets.	9/15/2021 6:48 PM
2	It would be awesome to have an improved skatepark nearer downtown. I believe this would invite more kids to engage in outdoor activities and have safe spaces to hangout. As well as enticing people from out of montpelier to pay us a visit. Having it near other spaces like playgrounds or river access is helpful to invite those with varied interests. My son and I travel to great skateparks and often meet others doing the same. We have seen how these spaces have transformed communities in many cases. Inviting local artists to create works for public art in some spaces would also be a way to increase interest for visitors from outside of montpelier. Walking my dogs in Hubbard park just about saved me at some really challenging times in my life. These spaces are treasures to ensure our communities well being and have so much potential be be even more wonderful. Thank you for your efforts to engage community in these spaces.	9/15/2021 11:30 AM
3	Please see our camp comment on the other question. We love camp and hope that it goes through August next year like it did this year. We are also utilizing the full-day afterschool care for select days throughout the year. Being teachers, camp and the full day childcare options are so valuable to us since we need to go to work on certain days when the children are not in school.	9/11/2021 4:15 PM
4	Build more MTB trails. If we build it, folks will come. Shop around for trail builders and/or make it a community focused project. Make MTB/paved trails connect to other areas for easier traveling. There is enough interest from people that want to get involved - outreach is important but so is relying/leaning on your local MTB chapter and volunteers. Look at Bentonville Arkansas..	8/26/2021 7:00 PM

6	We should build a disc golf course! Wrightsville Reservoir is very popular, but isn't accessible for many in Montpelier. 9 holes in Hubbard Park would be a great way to get people to come to town.	8/24/2021 10:30 AM
7	Better leadership and organization from Montpelier Rec Department. Needs more energy, motivation and enthusiasm in its programming.	8/19/2021 11:25 PM
8	One noted park that's on the cities website in district 3 off Berlin Street, is not well known to the community or to the residents of District 3. As a neighborhood leader, and commitments with local affairs I have emphasized various times to departments and city management on the importance of simply spending very little to provide a park sign, directional signs, better accessibility and small parking area, a doggie pick up bag stand and a couple of picnic tables. Also to implement some outdoor exercise work out stations, such as; pull up bars, crunch bench and push up stands as the do along the Burlington bike path. Also the link across Main Street to get from one side of the bike path to the other side by the laundromat and buddy burgers along the train tracks can be much better improved and accessible. It's confusing and unsafe as it is, it goes through the busy sarduchi parking lot, not safe in such high traffic area. 9	Is Montpelier Environmental Education Program (MEEP) still offered in schools? It provided a foundation to young people to explore Montpelier's many park offerings.	8/19/2021 12:27 PM
10	According to an in-house survey conducted by the City approximately twenty years ago, the City has more recreational acreage per resident than any other community in the country. Taxpayer dollars need to be directed to maintaining existing above and below ground infrastructures.	8/13/2021 8:19 PM
11	Thank you for making it easier to live without a car in this town. I sure wish we could find a way to do car sharing here, but I know that car share Vermont tried and couldn't make a profit.	8/11/2021 4:01 PM

Also, I hope that eventually bus trips between Burlington and Montpelier become much more frequent, especially on the weekends.

12	Love the new mountain bike trails behind the pool! And our dog fully expects his walk in Hubbard park daily. (He almost always gets it)	8/11/2021 11:59 AM
13	Montpelier of all the nearby areas has the least parks to use for adults and children sports activities. No tournaments, championships, clubs, etc. We could have a lot of income from this events and training facilities/grounds.	8/9/2021 10:22 PM
14	More mountain bike trails	8/9/2021 6:19 PM

18	I think it would be great if land in the Berlin Street area could be purchased and turned into park space with trails. I would prioritize land that cannot be developed into housing as I think this should be a priority. Or perhaps some partnerships with developers in which part of land being developed could be allocated for park space.	8/8/2021 4:07 PM
19	Thanks so much for everything that you do! The parks (and the department as a whole) in Montpelier are amazing!	8/8/2021 1:46 PM
20	Great amenities for such a small community! I often combine visits to the Montpelier Farmer's Market with a hike in Hubbard Park. Even on Saturday mornings, I am surprised by how few people I see on the trails.	8/7/2021 8:37 PM

23	Parks and outdoor recreation facilities are not important to me, and I am actively opposed to growth as a goal for Montpelier, economic, population, you name it. Discretionary funds would best be spent to convert to an actually clean and renewable community, with zero growth or managed contraction as its goal, ASAP.	8/7/2021 5:53 PM

38	This survey would be more appropriate if I were a tourist of the area as opposed to a working member of a surrounding community. I use Montpelier parks seasonally (NBNC-"Fire on Ice") and when hosting out of state guests & family; especially playgrounds with grandchildren. ... very rare and/ or occasional since the pandemic.	8/7/2021 12:01 PM

49	I am very happy with the Parks and the Activities that happen in Montpelier. I want to see that the Parks and Recreation areas we have today stay WELL Maintained. I do not feel at the current time we need additional items in Montpelier except I would like to see a Dog Park.	8/6/2021 8:01 PM
50	When it is again safe to do so, I'd welcome more opportunities to come together with others to enjoy the parks. I enjoy solitary walking, but feel a greater need to connect with the community as I've transitioned away from work commitments. I hope to participate in educational opportunities and maybe some volunteer work crews to get to know more neighbors. I've missed a few this summer, but keep scanning FPF and The Bridge for more. I stumbled on one of the Parkapalooza events and enjoyed it. I wonder whether working with more arts groups to establish a performance space would be a possibility. Lost Nation Theater has presented events on the statehouse lawn, where the acoustics and scale of the space really don't work. Suspect they'd welcome an outdoor stage, as would other performance groups. Finally, posters, publicity, etc, the more the better. It's easy to miss out on what's going on in this town if you don't work hard to keep up. Fewer trips downtown in the past year has meant less exposure to the leafletting that's done there. We're walking in our neighborhoods more these days, so maybe a few neighborhood bulletin boards would help to get us out and bring us together. And then there are those seeds from the park's Bishop Weed and Jumpseed that we're at risk of bringing home on our clothing(or fur) to make our gardening lives miserable... Probably not very good for the park ecosystems either.	8/6/2021 2:50 PM
51	I love Montpelier. Nice that there are trails all around it.	8/5/2021 9:43 PM
52	The City should consider a well-located dog park.	8/5/2021 9:33 PM
53	I think that increasing funding for Parks & Outdoor Recreation through property taxes is very important and appropriate, given how heavily used the parks are and how vital they are to quality of life in Montpelier. More funding and more staffing! I also fervently hope that land will be preserved and protected for its ecological value, not just recreational opportunities.	8/5/2021 7:26 PM
54	Provide opportunities for all to enjoy, not just those you can afford mountain/fat bikes, perhaps establish a bike rental set up or encourage outside businesses to set up a rental facility.	8/5/2021 2:07 PM
55	The planet is burning! Let's do our part to protect it. Let's encourage visitors to come by train to use our rec offerings and downtown merchants. But people will need to be shuttled from the station. Let's think creatively about that and put people first, not cars!	8/5/2021 12:29 PM
56	Look at the most successful parks OUTSIDE of Vermont and especially outside of Montpelier. Vermont has a type of pride that works well in a vacuum and then sits back and congratulates itself, but sometimes we forget to challenge ourselves with the innovations of the world around us. What does Amsterdam do? What does Toledo, Spain do?	8/5/2021 5:49 AM

river park, but the problem of the Winooski and its paths/small parks is still to be resolved. We all wish that Sabine could be better connected with the parks and public access. Kudos to the parks crew!

58	I feel strongly that open parcels such as the lot adjacent to the Savoy should be used for infil buildings. There should be a significant building that fills in that void - that is just good urban planning.	8/4/2021 5:24 PM
59	Finding a regional approach to recreation opportunities and cost sharing	8/4/2021 2:43 PM
60	I love the tree plantings and work being done to minimize invasive species. I wish I had strength and stamina to help out. Dog owners need to pick up their poop bags. Maybe more signs that state " Carry in Carry out" . We were walking the Lamoille Rail Trail and it was very obvious by signage that it was a Carry In/ Carry out area. There were no trash cans. I noticed a lack of full poop bags left on the side of the trail unlike Montpelier bike path with trash cans and poop bags. I really like the story on the bike trail. Mile markers would be nice. Benches would be nice near Winooski to look out at River (out past Barr Hill) on Country Club Road.	8/4/2021 12:26 PM
61	The extension of the bike path was wonderful! Keep going! Love the landscaping, and accessibility. Great job, it looks lovely and is a wonderful outside space even in winter.	8/4/2021 9:07 AM
62	Protecting the wildlife. Perhaps planting more native species of plants that attract Birds, Butterflies and native animals. Make them a bit more accessible to people with disabilities. The parks that allow dogs off leash must be preserved to allow dogs a life besides being on leash everywhere else in the city, many people rely on dogs for comfort, safety, and companionship and these animals need freedom from the confinement of apartments, and small living spaces. And the parks must remain clean and green. Nobody lives in the park, it's for all to enjoy. The problem of the homeless is an extremely important problem to solve, but giving up our collective free space is not the solution. Preserving the natural landscape in a city is important to everyones health and wellbeing. Every green space and parks must be preserved and expanded if possible. The Parks Service does an excellent job of maintaining these palaces. Thank You Robert Yerks	8/3/2021 5:26 PM
63	As an across the street neighbor of NBNC I've witnessed many out of state plates and have spoken to many people from out of town interested in the swimming holes on the river. I think a small use fee for non Montpelier residents would not be out of order	8/3/2021 3:55 PM

65	Why not plan a once-a-month social event for adult singles in one of your parks (we are not all seniors) as a way to get to know each other and want to stay and invest in your community.	8/3/2021 11:29 AM
66	The most frequent trip I make to a park outside of Montpelier is to the dog park in Waterbury. I love Montpelier's parks and think it's great that dogs can be off leash at Hubbard, but not all dogs do well off leash unless they are in an enclosed space. It would be great to have a fenced in area for dogs in town. Also, I don't currently use any of the playground areas but my spouse and I are planning to have children and I think those spaces are important for the community to have. In taking this survey, I also realized there are many parks I haven't explored yet. Thanks!	8/3/2021 11:18 AM
67	Great Job everyone!!	8/3/2021 10:20 AM
68	I am wondering why poop bags are no longer available at Hubbard Park or by the River. Seems like a good idea to avoid poop being left on the ground.	8/3/2021 9:28 AM
69	Maybe more snow plowing on well-traveled paths. Otherwise, as I said, you're doing a great job. Thanks so much.	8/3/2021 8:08 AM
70	access to riverfront, especially in city center. Remove dam by Shaw's. Kayaking and even swimming (!) in Winooski	8/3/2021 5:14 AM

73	The parks in Montpelier are a real treasure. We are very lucky to have them.	8/2/2021 9:57 PM
74	First to say thank you for the parks we have and the policy makers and citizens that support them. Second to suggest that there be a community garden on public property. As a renter without a yard, I long for a small piece of land to plant veggies and flowers. I am a part of a privately established community garden and it is ok. But there are a lot of rules and I would prefer my own little plot. Would pay at least \$50 for this, maybe more if fenced.	8/2/2021 9:26 PM
75	keep it simple	8/2/2021 9:10 PM
76	Please sell your parks and trees gear! And keep the pool open longer in the summers. Otherwise I think you're doing an amazing job.	8/2/2021 9:05 PM
77	We need playgrounds for YOUNG children ages 1-5.	8/2/2021 9:04 PM
78	Hubbard Park is a gem. I know there are wildly different opinions but I absolutely love the General off-leash vibe. I grew up in this town and have spent ungodly hours in those woods and on those trails. I myself have never, ever encountered an aggressive dog or had any horrible experiences. On the contrary, my experiences have always been pleasant or at least neutral, with both dogs and owners. Maybe I am just lucky but I have a hard time believing that considering time spent in the park over 4+ decades. The new paved bike trails, while not my jam, are wonderful. I love seeing the number of people utilizing them. Same goes with the north branch trails. I prefer old school Rocky and rooty trails to machine cut and Bermed but what an awesome resource! Thank you.	8/2/2021 9:04 PM
79	We need to improve the pool and protect the dog friendly off leash areas.	8/2/2021 8:23 PM
80	As many Montpelier residents have already voiced their concerns about trying to provide for the homeless by letting them camp on public property, I would most definitely stop using the parks completely. It's not safe, sanitary, nor is it a solution. The City should Increase taxes by one cent on property values and buy either land to build a facility on or convert an existing facility. The parks are not the place nor the answer to the problem.	8/2/2021 7:51 PM
81	The things that matter the most to me are accessibility and inclusivity in outdoor spaces. I think people should have an experience that is safe and comfortable. Upgrades to trailheads is a must along with investing in robust maintenance. This will get visitors to spend more time and money in the city.	8/2/2021 7:46 PM
82	Do not encourage homeless to camp there because there are no toilets or showers.	8/2/2021 7:37 PM
83	I think the more distant neighborhoods in Montpelier should have green spaces like Blanchard park where people who don't own land can be in nature without using fossil fuels to get there.	8/2/2021 7:05 PM
84	Need proper fenced dog park for those who want their dogs to socialize: the off leash rule in Hubbard has ruined my enjoyment of it and I know for many others as well; not to mention the dog poop issue.... What's that doing to the habitat? That's why I'm in favor of a fenced in dog park... BTW I'm a dog lover who had to stop walking her dog on leash in the park and on the bike path Because we'd find ourselves surrounded by loose dogs whose owners were ineffective in calling them or just didn't care....As a health care provider I used to recommend to my patients to get outside and enjoy nature in the park Most of them reported being too uncomfortable for fear of dogs running up to them or knocking into them.... So The no- leash policy serves a few residents & denies access to many.	8/2/2021 7:04 PM
85	Fenced in dog park would be really nice. I SO appreciate the bike and ski trails.	8/2/2021 6:53 PM
86	Paved bike paths are a perfect way to get runners, bikers and walkers to downtown and around. Extend the bike path into Berlin and you'll get an entire community to visit Montpelier, spend money and enjoy nature and exercise at the same time. Can't think of a better date night.	8/2/2021 6:43 PM
87	Loving things the way they are except for new mountain bike trails at North Branch - too many, makes the woods feel like a sporting facility not a wooded area for walking	8/2/2021 6:36 PM
88	Shift homeless camp sites from Hubbard park to under the I89 overpass. It currently makes people feel unsafe to visit Hubbard park alone. A consolidated location under the overpass would -allow better oversight and services to the unhoused -management and tracking of the homeless pandemic in our area -	8/2/2021 6:28 PM
89	Our parks are great, but most are not really little-kid friendly. Too many dogs. Playgrounds are	8/2/2021 5:53 PM

in awkward places far away from bathrooms. It'd be nice to have more places that are mowed to just have picnics.

90	Hubbard park is amazing. a total gift.	8/2/2021 5:52 PM
91	Concerned about homeless sleeping in local parks. Would like to see a dog park, possibly at soccer field in Hubbard Park. Thanks.	8/2/2021 5:46 PM
92	We don't need more parks downtown.	8/2/2021 5:41 PM
93	Enforce the dog leash law and the picking up your dog fecus rules. Move the homeless people into shelters.	8/2/2021 5:31 PM
94	I've only met 1 or 2 dogs in the 21 years I've been living in Montpelier that are under "voice control" in Hubbard park. Love all the work by parks and rec to build and maintain trails, along with MAMBA. It's great to see so many kids walking and riding in the woods.	8/2/2021 5:23 PM
95	Create an enclosed dog park. Don't encourage more park use.	8/2/2021 3:28 PM
96	Re: Hubbard Park particulatly: • functional water spouts in picnic areas if possible, • clear, friendly, attractive signs reminding of trash and dog etiquette (like clean up and proper disposal), • and a dog leash rule with an enclosed leash-free dog park option instead.	8/2/2021 2:52 PM
97	Better parking, extended trail systems for walk/bike with separated lanes and increased signage would go a LONG way	8/2/2021 2:51 PM
98	The city's recreation and parks department needs to work closer together to maximize city resources. The city desperately needs a new Recreation Facility which would also help the parks and bring money into the Montpelier economy.	8/2/2021 2:33 PM
99	I loved living in Montpelier. (I lived there for 4 years before moving to a larger space, but hope to move back asap!) The disconnect of the bike path from Sarducci's to across Main St. is pretty tricky, and now with the Amtrak, crossing the train tracks there makes me a little nervous. A few years ago, my partner and I participated in a Montpelier scavenger hunt (not sure if that was through the parks and rec dept), but we loved it! I would love to see more activities like that to do. For sports: Disc golf has and is becoming a very popular sport. If there could even a small disc golf course in town, I believe it would bring more people in and then would hopefully stop for lunch and do a little shopping after! Thanks for everything you do to make Montpelier great :)	8/2/2021 1:09 PM
100	Montpelier's parks are truly great. A wonderful mix of urban-ish amenities and raw hiking/mtb trails with many volunteer hours going each year to maintenance. I appreciate all of it, but would really like to see the busy bike path kept up more frequently. Trash is often overflowing and the grass doesn't get mowed on a consistent schedule which makes it hard for dog walkers to pick up their dog's waste. There are often left behind or smeared dog piles that were attempted to be picked up but that got caught up in the tall grass. Graffiti has become an issue, but that's not the city's fault. It's not even good graffiti.	8/2/2021 12:51 PM
101	Love our open spaces and outdoor recreation! Fear them getting overcrowded. Very appreciative of them.	8/2/2021 12:13 PM
102	I've lived in Montpelier for about a year and half, and I have been especially grateful for the easy access to snowshoeing at North Branch and the xc skiing on North Street/County Road. That made my winter so much more enjoyable to be able to get out for a short stretch or a longer ramble through the woods, and only a few minutes down the road! Thanks for all that you do.	8/2/2021 11:54 AM
103	More open spaces for off leash dogs, ability to make a walking or skiing loop around the city, better communication, social media lags so information isn't actually received on time. I love Hubbard park but don't use it because I have an anxious dog and encountered too many judgey owners! Would love to come back.	8/2/2021 11:14 AM
104	I think that the Montpelier Parks are one of our little city's greatest resources. Any investment in the parks is money well-spent.	8/2/2021 11:06 AM
105	I have huge appreciation for the trails through Hubbard and NBNC. I ski, mountain bike, hike, run, and fat bike. I also swim at NBNC. The trail building and maintenance are fabulous. I would like to see some better, safer connectivity to the Rec. Fields/NBNC, so that children can get there from anywhere in town safely via walking and/or biking.	8/2/2021 11:03 AM

106	Let's get kids invested in the parks. Let's have enough events for them. Maybe guided walks. Let's bring more schools in (I have ideas about this!!!). All area kids should know about these places.	8/2/2021 10:27 AM
107	Montpelier's parks are amazing !	8/2/2021 10:20 AM
108	We are avid road cyclists, mtn bike cyclists & walkers. We love living in Montpelier. We have also seen 1st hand the erosion that biking can have on walking trails - both here in Montpelier and other areas around the state. We strongly disagree with designating additional walking / hiking trails as mountain bike trails. A large portion of the park has already been designated as such; no need to expand further. Doing so would drastically change the face of the current walking / running / skiing trails in the park. I LOVE cycling, but strongly disagree w/ increasing cycling w/in our park system.	8/2/2021 7:48 AM
109	I love the idea of easy walking trails	8/1/2021 5:38 PM
110	A map with distances, difficulty, accessibility, and other visual cues. This may exist, but we haven't been able to locate it.	8/1/2021 5:29 PM
111	We would love a place to access the river or take a dip in town! Also, more Nordic ski trails and a fenced dog area are of most interest for us.	8/1/2021 4:23 PM
112	I like safe, clean and convenient places to hike, bike and walk my dog. I am out there 3 times a day doing one of these three things. I always want more possibilities/places to explore.	8/1/2021 3:40 PM
113	Small parks are not going to attract folks to our downtown. It's the multi-linked events that people make a day of: Farmers market to trail walk or ride to kitchen store or bookstore and lunch or dinner.	8/1/2021 1:54 PM
114	I think that Montpelier offers a lot of hiking and bike and ski trails. I wish that we would have had the bike trails when I was younger. My wife and I used to walk in Hubbard Park. every day for years, since her stroke and she can't walk very far, we use the bike path so when she can't walk any further, I can push her in the wheelchair. We often go to Stowe because their bike path has more nature for her to enjoy then ours.	8/1/2021 1:04 PM
115	Secure Sabines Pastures and create more walking & skiing trails.	8/1/2021 12:04 PM
116	Old walking trails at the north branch are not as good for walking as they used to be, now that they are more heavily used for biking; it would be better to have them maintained more explicitly for shared use. Separately, hoping the bike path downtown will ultimately get a safer crossing at Main/Barre street to connect the east and west sections.	8/1/2021 11:16 AM
117	You need to invest in playgrounds. With all these parks there are no place for a child to just go play, climb, and swing. They also don't get to do the socialization that comes with that. What you call parks are for adults who just want to walk around and watch nature. Children want to play and having playgrounds is needed. I have to leave Montpelier for my child to experience a playground.	8/1/2021 9:25 AM
118	Need more playgrounds. Especially near downhill road	8/1/2021 9:03 AM
119	More bike paths! Maybe one paralleling Elm Street along the river?	7/31/2021 9:11 PM
120	Preserving spaces where dogs can be let off leash is incredibly valuable as the majority of the times we use the parks in Montpelier are in the summer so we can let our dog run around. Expanding the nordic skiing trails would be fantastic as well as since this is our primary use of the parks system in the winter. We frequently use the new-ish bike trail that runs along the river across from Route 2 and would love for the bike trail to be lengthened to permit longer rides. It would also be nice if the bike trail had dedicated space/sidewalk near Sarduccis. Perhaps a segment that crossed the railroad tracks so it was in better continuity with the trail next to Shaws. We live off 302 in Berlin and would love to see a trail connect the trail near Agway up to Barre (perhaps running along the Steven's Branch along the railroad tracks)	7/31/2021 2:50 PM
121	I really think Montpelier/Berlin would benefit from a dog park. It's fine to upgrade other amenities, but think most are adequate, so would focus instead on dog park, lengthening the bike trail, and general maintenance of what we already have. If the city can appropriate more money to the parks without raising taxes (by reducing glut elsewhere... especially spending in places where quite frankly it doesn't make much of a difference in outcomes) then I would be on board. Also, this is probably the wrong department for this comment, but, I would like to see the city of Montpelier and the town of Berlin stop the unnecessary mowing along the roadways	7/31/2021 2:45 PM

Montpelier Outdoor Recreation Survey

and at the end of the roads in neighborhoods... this is a waste of human labor (time, money...) as well as terrible for the environment. Letting things return to nature encourages better root systems, which leads to less harmful runoff into our water supplies. Also, better for pollinators to let those beautiful Vermont wildflowers grow!! Oh and also, there's no evidence that the mowing reduces invasive species— other states have done experiments with this and you can research it. :)

122	control use for camping	7/31/2021 2:44 PM
123	I mentioned some ideas for funding in a previous question.	7/31/2021 10:36 AM
124	All those new bike trails at North Branch have high impact and benefit very few. They are only for highly skilled mountain bikers Just because grant money is available to build them does not mean they should be built. The hillsides above the river have been ruined by them. No more!	7/31/2021 9:20 AM
125	I'd love to see more backcountry ski and snowboard trails, as well as sanctioned places for youth to freestyle ski and snowboard here in town. Rails and jumps for free would be amazing! Not everyone can afford lift tickets!	7/30/2021 8:58 PM
126	I love Montpelier's outdoor amenities. It's part of why I live here. The new trails by Sinuosity at North Branch are fantastic. A great example of sustainable trail design that maximizes trail capacity in a small area. Our skatepark really needs a facelift. Skateboarding is a rapidly growing sport, and has been steadily expanding in popularity and economic influence for over 20 years. There are many people of all ages in our town who skate and don't really have anywhere to engage with this activity and others who participate. The park is dilapidated and sits on a slab of rough concrete. Even a smooth patch of ground with simple obstacles of good design is much more appealing than the current rough patch. For a good park, people will travel from all over the state or region and spend money and invest cultural capital here. These are not just the 12-15 year olds you imagine on skateboards. This culture has been around long enough that there are people of every age, gender, class, race, or whatever demographic you want to throw in there, participating. Take a look at the diy park in Warren, or the waterfront park in Burlington for good examples. A good park need not be that extravagant, but should be smooth, interesting, and inviting. It would be a huge step toward supporting recreation for current and future residents and visitors that would see Montpelier as a progressive place interested in creative expression, culture, and recreation. Thanks for keeping Montpelier a lovely place to live and play.	7/30/2021 7:59 PM
127	My family goes outside of Montpelier for accessible bike path driving as it's smooth long ride for wheelchair driving. Saddest part of Montpelier was needing to move so children could live in city with accessible housing parking recreation. This could not be achieved in Montpelier the town all our children were born. Invest in accessibility and we can return to our home that's being rented to another family.	7/30/2021 4:52 PM
128	We need an enclosed dog park. S/b Montpelier licensed dogs only. No tag, no entry. Hunbard is ok, but someplace like under rt 89 accrosd from cemetery would be ideal. From May - November.	7/30/2021 3:40 PM
129	Clearly, you need some help in designing surveys. This made me ask more questions than find a way to answer.	7/30/2021 3:01 PM
130	It's ironic that this survey is happening at the same time the conversation is blowing up about allowing camping in the park. They are mutually exclusive questions. Camping would decimate all economic benefits the park offers to our town.	7/30/2021 2:31 PM
131	please, please put in a call to purchase sabin's pasture land. although it seems a few sales were recently made, hundreds of Montpelier residents use it often for hiking, sledding, dog walking, snowshoeing, skiing, etc. and the city knows that but refuses to invest in it as a park or open land.	7/30/2021 2:21 PM
132	improve facilities, signage, trail maps etc more and better lighting along the Rec path trough downtown and better maintenance	7/30/2021 1:41 PM
133	would love to more open space along the river	7/30/2021 12:37 PM
134	It would be great to have a fenced in dog park. Also a public playground.	7/30/2021 12:24 PM
135	The bike path extension towards Gallison Hill has been a great improvement, but I wish it was fully paved.	7/30/2021 11:32 AM

136	I love Hubbard Park for my dog, but think there should be somewhere fenced in where dogs can play without worrying about them running off or into the road. Thanks!	7/30/2021 10:56 AM
137	I have really appreciated the Nordic ski trails since Morse Farm closed. That's an unexpected benefit!	7/30/2021 10:12 AM
138	Make improvements to the skate park. Kid use it and there are not many other places for them to skate.	7/30/2021 9:48 AM
139	No comment!!	7/30/2021 9:19 AM
140	Public space and land is precious— it needs to be protected and well cared for	7/30/2021 7:07 AM
141	The work that is being done is fabulous! Given the ongoing Covid threat and our short warm weather, the more recreation and entertainment possibilities outdoors, the better. I think we will be needing this more and more in the future.	7/30/2021 5:51 AM
142	Improved maps along North branch trails would be great	7/29/2021 9:38 PM
143	Dog leashed or fined. I love how Hubbard Park has grown and is maintained. I also love knowing the other parks are close by and available if I want to use them.	7/29/2021 7:42 PM
144	I tend to go outside of Montpelier for park styled recreation generally because Hubbard Park is so darned busy & I like the water	7/29/2021 6:49 PM
145	How does this fit with Complete Streets? How will the results be shared? Is Montpelier Alive looking at EPA's RERC program? ADA should be included as part of invest in upgraded amenities.	7/29/2021 6:01 PM
146	Better, safer, bike lanes and paths for road bikes.	7/29/2021 5:54 PM
147	Again, need better more updated playgrounds. The ones around are old and the one at Union elementary is terrible. Take notes from the elementary school in Waterbury or any in Essex/Williston. Focus on ones that are good for all ages	7/29/2021 4:58 PM
148	I may have asked previously, but I don't feel like this information is widely available. When the questions came up about which do you utilize, other than Hubbard park and north branch, I didn't know many existed	7/29/2021 4:28 PM
149	I think you already do a great job!	7/29/2021 4:06 PM
150	The new bike path along the river needs mowing along the sides - in general maintenance of public spaces in Montpelier is lacking	7/29/2021 2:09 PM
151	Dont use our parks as a band-aid for homelessness	7/29/2021 12:03 PM
152	It seems the current development in the parks is geared toward economics-bringing more people into Montpelier to bike. When we only look at things through an economic lens, we can miss all the other reasons to have parks—solitude, connect with nature, give wildlife a place to live, sink carbon. If we have all these people come to Montpelier to bike, hike (and let's be honest, we want there money more than their presence) how do we offset the additional carbon these people bring with them to Montpelier? I'm supposed to be making my house as energy efficient as possible, indeed have to have an energy audit in order to sell, while your job is to foster more carbon as it means economic vitality. Seems oxymoronic to me.	7/29/2021 11:23 AM
153	I love the idea of Montpelier purchasing more land as a means to preserve land. Hubbard park is an amazing space, and well kept. Perhaps more biking and walking trails in more rural parts of the city.	7/29/2021 11:17 AM
154	Thank you!	7/29/2021 11:13 AM
155	I have small kids. It would be nice to have more playgrounds/eating and rest areas/play structures/art walks that are walkable from downtown.	7/29/2021 10:56 AM
156	In general, communication surrounding parks is quite poor. I used to manage building at 46 barre st, and would frequently have people surprised to learn that barre st playground was public. Likewise, many people don't know most montpelier parks are there. I would love it if it was clear whether you could use Sabins pasture and how to access it. Hubbard park is great but difficult for many folks in terms of ada - bike path is great but total lack of connection across main st means I don't want my kids to use it on their own. Places like Blanchard can seem magical, but I have tried to cut from msgr crosby through the park to state st and it was	7/29/2021 9:49 AM

very hard going. Making all the parks just easier to use would be great. Also, it's 2021 - get a card reader at the pool, already!

157	Please work on connecting the bike path in the Berlin area. This would benefit all community members!	7/29/2021 8:47 AM
158	We need more economic housing development. Need to cut property taxes. All will attract more people to Montpelier and to our local businesses.	7/29/2021 6:50 AM
159	The parks are great! I think the dept that cares for them takes pride in their capabilities but could do more with better funding.	7/28/2021 10:16 PM
160	I've been living here since March 2020. I am new to the city, but always I am surprised that you can make a big loop 13 miles half marathon, if you put together some trails and dirt road. Ending in the state capitol should be really nice. So we can have a well know with a lot of hills half marathon.	7/28/2021 10:06 PM
161	The recent tax hike, along with the absurd cost from the loss of the parking structure... I'm a tapped out property tax payer... who is going to be able to afford to live here... the homeless and renters... stop with the flashy needs and just take care of the beautiful New England town we have. Maybe we can action off the ugly Art Deco signs?? Again, this is Vermont... not a strip mall.	7/28/2021 10:01 PM
162	It's difficult to enjoy parks and public areas if there are people with mental health issues threatening people	7/28/2021 8:43 PM
163	Montpelier's parks are an amazing resource and the city does a good job maintaining them. A modest increase in the parks budget should be considered to allow us to improve upon what we already do well.	7/28/2021 8:16 PM
164	It would be great to have restroom facilities at the Elm Street recreation fields.	7/28/2021 7:52 PM
165	I would love to see an investment in the pool and rec center. I also would love to see public space on the other side of the river.	7/28/2021 7:35 PM
166	I've lived in Montpelier for 13 years and I love it here. I feel incredibly grateful and appreciative. Thank you for all you do!	7/28/2021 7:25 PM
167	Montpelier the mountain biking mecca.	7/26/2021 10:39 PM
168	A lodge with restrooms and open space for winter skiing would attract many. Wider ski trails.	7/26/2021 12:50 PM
169	Preserving land for future generations to enjoy is key! Look around at all the sprawl happening- McMansions, housing developments, shopping centers. Once that land is developed, those habitats can never be properly restored again. We should be investing in the health of our citizens (getting outside with friends and family, exercising in beautiful places, finding peace and solitude in nature, safe access via walking and biking,) and in the health of our planet.	7/26/2021 9:33 AM
170	Rec parks should be both enjoyable to family with young children and grandparents and handicapped accessible	7/26/2021 6:24 AM
171	Would appreciate an area of Hubbard Park where dogs are either not allowed or are on leash... and a separate dog park. Too many dogs roam free and are either aggressive or poop where owners do not see them or just don't bother. I love dogs, but have gone to Hubbard Park less and less often because of owners irresponsibility with their dogs.	7/25/2021 1:54 PM
172	Cleanliness and accessibility is important to me	7/23/2021 6:25 PM
173	You all are doing an amazing job maintaining and expanding the parks! I love Parkapalooza, the ski trails up North St, the new signposts, Enchanted Forest, and lots more. I'd love to see additional land added to the park system, especially Sabin's Pasture.	7/23/2021 3:20 PM
174	We should make much better use of the river frontage that weaves through Montpelier. And then we should better maintain the areas - for instance the bike path to the Transit Center needs upkeep, mowing, more trash cans etc. The rec fields and school fields seem to be well maintained, but the parks could use more money/staff. The pergola at the HS tennis courts is not well maintained unless volunteers prune and weed, which should not be necessary. The trails in Hubbard Park, and North Branch part might benefit from more signage and maps. There could be more "games" and interactive sculptures/play structures at our parks and rec field. More imagination, more creativity, more forward thinking.	7/23/2021 2:42 PM

Montpelier Outdoor Recreation Survey

175	Asking is great, so thank you! We do need more recreation areas along water so that both people and dogs can get cooled off. Also, we need more places that dogs can go. We don't mind buy a special license or something like that so our dog can come with us to the parks. We are responsible pet owners but get frustrated that we are treated like criminals or deadbeats because other people aren't responsible like we are.	7/23/2021 12:15 PM
176	I just wish we could figure out how to make Sabins Pasture publicly owned and accessible. I live in fear that it will be closed to pedestrians and enforced at any time. Also that it will get developed.	7/23/2021 11:47 AM
177	Repeating myself one more time. More live music events please! and feature artists from the Montpelier-Barre area, NOT Burlington. They have plenty of opportunities in their area already, they are taking away good bookings from high-quality central VT artists and that's not right.	7/23/2021 9:35 AM
178	I also believe we need more housing so a balance of open space/parks with housing is great.	7/23/2021 7:31 AM
179	Don't need expensive new recreation bulding/center/gym. DO need to keep up and enhance our excellent parks. They're a great asset and help make Montpelier so grand.	7/23/2021 6:59 AM
180	I think the park system in Montpelier is great. Well maintained and beautiful. I wish I could visit more often.	7/22/2021 10:35 PM
181	I value our parks and recreation facilities. They make Montpelier a great place to live and to visit.	7/22/2021 9:06 PM
182	tours of Hubbard Park would be fun for those who don't use it much.	7/22/2021 8:35 PM
183	Hubbard Park's Fitness Trail needs to be upgraded to accommodate for multiple, sizes, ages and abilities. Also, as mentioned before we need a large playground for young children and elders.	7/22/2021 12:05 PM
184	Close parks to off-leash dogs. Not all owners understand what "under control" means. Build a dog park on some available open land so the rest of us can use Hubbard Patk unmolested.	7/21/2021 9:35 AM
185	I think having contests or challenges like the Vermont state parks have would engage more people. Like the Montpelier scramble. More social media posts on Facebook to Montpelier area events page. Ect. Or Instagram. Have a photo contest posting pictures enjoying the parks and the trails ect.	7/21/2021 9:35 AM
186	Please consider taking care of current properties. The playground on barre st has not had swings and is very infrequently mowed. Blanchard park is often littered.	7/20/2021 6:41 PM
187	Thank you so much for the well maintained treasure of Hubbard park and for allowing well behaved and controlled dogs to exercise off leash. Would love it if there could be one trail at North Branch where dogs could run. Also would love a community indoor pool throughout the year.	7/20/2021 2:11 PM
188	I understand money is always an issue which puts the city in a difficult position especially after this year. The city needs to do what is best for the city and future.	7/20/2021 10:06 AM
189	I live on Sherwood drive. I wish there were walking trails on this side of town. Sometimes I walk in a little green spot at the end of Isabelle Circle. I would love to see that piece of property be turned into a maintained park space. I think it would be beneficial for families on this side of town to have a walkable green space. Maybe even a swing set in the center of the green space.	7/20/2021 9:16 AM
190	Build a dog park! Off leash dogs in Hubbard Park are destructive if their owners don't pick up after them or allow them to approach folks who don't want to be intimidated or jumped on. As an elder woman with limited mobility, this is why I no longer walk there. I see too much dog poop and irresponsible dog owners and badly behaved dogs. Hubbard should not be one huge open bathroom for dogs. Build a fenced park for them and make Hubbard a leash dogs only park. Thank you.	7/20/2021 6:42 AM
191	The parks look so great. Having a simple free map of Hubbard park would be great for visitors.	7/19/2021 11:01 PM
192	Homeless camping -- not on this survey. Very opposed to using our public park spaces for completely inadequate shelter for humans. Let's do actual housing, please. (Why is homeless camping not in this survey?)	7/19/2021 10:41 PM
193	More kid activities, elder activities and access, handicapped accessiblity, better winter care.	7/19/2021 10:24 PM

Montpelier Outdoor Recreation Survey

194	Develop the downtown river area for all to access.	7/19/2021 10:08 PM
195	Please prioritize making Parks and Outdoor Recreation offerings in Montpelier as ADA-accessible as possible! Accessibility improves outdoor opportunities and enjoyment for EVERYONE.	7/19/2021 7:51 PM
196	I walk my dog, but he needs to be on a leash . I'm not up to long or uphill hikes.	7/19/2021 5:59 PM
197	I need to start out by saying it... The news brewing around town to allow "camps" for the homeless folks around town is frustrating and a terrible idea. For whatever that is worth. Our parks are special and we have some real diamonds around Montpelier. I think that a more clear listing / social media presence for all of our montpelier parks would be fantastic and really help get information to the masses about what we have to offer. Also better communication / advertising of the events that we do have would be great. The Enchanted forest is an incredible show each year and with the proper advertising I'm sure we could be pulling in people from all over the state / new England just to visit that event.	7/19/2021 5:58 PM
198	The parks are fantastic, events like the Enchanted Forest are amazing and more of that sort of thing would be fun. I am a young person (26) and REALLY feel we need to better advertise our outdoor spaces to bring more people here & get them to stay	7/19/2021 5:26 PM
199	Please help preserve sabins pasture from development	7/19/2021 4:11 PM
200	With aging population- ADA should be higher priority. Trail maintenance is essential, especially winter. Dogs and salt don't mix well. Use something else. (Sand?)	7/19/2021 1:43 PM
201	I am sick and tired of the way Montpelier Alive panders to the every-expanding consumer capitalism of our society, and seems to think only, in this case, of how time in natural areas in Montpelier might lead to profit for businesses. I live in downtown Montpelier, and the town is packed, there is too much traffic, and it feels like the next Bar Harbor already. If anything, we need more open space that will not generate profit, other than healing silence and solitude. Also, dog owners are making Hubbard Park inhospitable for humans and animals. There is no reason that dogs should have free range of the Park. Please make more dog parks, and get rid of the no-leash law in Hubbard Park. If we increase the use of a place like Hubbard, it will soon have the feel of an urban park, and not the near-wilderness it can sometimes provide.	7/19/2021 1:15 PM
202	I think that the local parks in Montpelier are truly one of the best parts about being a Montpelier resident - you can get the benefits of living in a city (limited need to drive), local stores, grocery and restaurants as well as amazing access to trails! Yahoo! Thank you Montpelier Parks!	7/19/2021 1:04 PM
203	I would like to see more of the budget go towards outdoor recreation, we already have a high municipal tax rate, I would not like to see that go up.	7/19/2021 7:46 AM
204	Accessibility for older people create a space with outdoor exercise classes. Assessment of balance and activities to improve. Also walking groups for socialization and activity.	7/19/2021 5:20 AM
205	Clean up the path, enforce the no smoking ordinance, enforce the leash laws, build a dog park	7/19/2021 4:05 AM
206	Support small businesses and associations that benefit the use of recreational land.	7/18/2021 10:51 PM
207	This has actually been helpful I didn't know how many parks there were in montpelier or how to access info about them and now I have the opportunity to look at the city website and montpelier alive! Thanks!	7/18/2021 10:17 PM
208	We moved here from Burlington to have better access to parks and green space. The trails are incredibly maintained and plentiful. However, we enjoy long distance running and hope that the existing trails in Hubbard park and north branch could connect up to other trail systems in middlesex and east Montpelier. We think that an even more expansive network of trails would greatly benefit the city.	7/18/2021 10:01 PM
209	heck yes good work 17/10	7/18/2021 10:00 PM
210	Sibonebi Path - especially towards Gallison Hill - should be plowed year round; Public Works ignores requests to fix streetlights on Path by High School; too many mountain bike trails are proliferating North Branch Park; maintenance of trails and structures (and graffiti removal) should be top priority; parks are not suitable for camping	7/18/2021 8:42 PM
211	I was surprised to not find a donation jar at Parkapalooza last week. I had a \$20 bill for you!	7/18/2021 6:07 PM

Montpelier Outdoor Recreation Survey

	Now, where do I send it?	
212	Build a path from the Park and Ride that connects to the bike path and Peace Park.	7/18/2021 5:10 PM
213	Encourage development of more neighborhood parks (see previous comment). Maintain what we have. More clean, safe rest rooms.	7/18/2021 3:15 PM
214	River front property purchases to give more people access to the water downtown.	7/17/2021 8:03 PM
215	I'm really surprised you didn't include NBNC anywhere this survey -- it is the gem of the city's outdoor recreation. Not city-owned, but city-supported and more importantly community supported and connected to city lands. Would like to see more partnership between you and them.	7/17/2021 1:59 PM
216	I think Montpelier has a very solid number of offerings for children (e.g. playgrounds), which is great. I think Montpelier could do better at connecting park locations so they can be accessed just by walking/biking. If Montpelier wants to invest in its parks/outdoor amenities, I think it would be good to focus and prioritize resources so they aren't scattered across organizations (e.g. North Branch Nature Center is a great resource, but shouldn't have items on the ballot in the future, but I think the Parks Department should). VT is a small place with limited tax base. If it wants to remain a place that young people can settle and stay, we need public dollars to be invested very carefully.	7/17/2021 12:38 PM
217	I think I've already said it... the big issues for me: dogs (is there a way to have them more separate from other users?) and public access to at least some part of Sabin's pasture.	7/16/2021 10:07 AM
218	You would benefit by looking at the European model. They have restaurants/huts where people can enjoy modest refreshments at most trails, facilities. The trails are well maintained and accommodate strollers as well as elderly for leisurely walking (like the new bike trail)	7/16/2021 8:25 AM
219	1. Increase spaces 2. Increase safety at spaces 3. Don't exclude people from spaces (ex. High School cutting public out until after 7pm in the dark months; dog-leash issues in Hubbard) 4. BATHROOMS 5. More mountain biking would be nice, but I am cautious about this because mountain biking enthusiasts tend to crowd out walkers, sharing trails essentially doesn't really happen, so it'd have to be dedicated 6. We really could use things like a (better? I remember hearing we were moving the park we sort of have?) skate park, climbing park (focus on bouldering, which is low to the ground, not high stuff), low-to-the-ground 'ninja-warrior' style areas, etc. Designed spaces for people that want to concentrate on a skill like skateboarding, etc., give kids and adults (don't build *everything* kid-sized, grown-ups love this stuff too!) somewhere to go do something outside the house that isn't computer games	7/16/2021 8:22 AM
220	Perhaps creating trails along the river and another access trail to Hubbard Park. Work to preserve more open spaces and create more neighborhood parks, which could create more of a neighborhood feeling , by having local, nearby places for people to gather and socialize. Hubbard Park is the crown jewel of Montpelier !! I've talked to people from put of town that love coming there to walk with and socialize their dogs.	7/16/2021 7:31 AM
221	Maybe not related to this survey but the bike path crossing behind Sarducci's is a blind crossing and needs more signage or something for safety. The bike path crossing at Barre St and Main is getting better but it needs more signage or something. If I was not a resident I think it would be confusing. Other than that we are very impressed with all that is offered in Montpelier. Thank you for all your hard work!	7/15/2021 10:53 PM
222	An enclosed dog park would be great!	7/15/2021 9:18 PM
223	wildlife viewing areas where no dogs allowed and hides for photographers	7/15/2021 8:57 PM
224	Again, I'd like to see park areas on the east side of the city. The rec path is wonderful, but limited. My great hope is that the city can acquire a portion of Sabin's Pasture for a park.	7/15/2021 8:37 PM
225	more awesome advertising!	7/15/2021 8:14 PM
226	Keep mountain biking over in North Branch Park but not in Hubbard Park.	7/15/2021 7:41 PM
227	The size of our parks are just fine. We need more housing for middle income families and to improve our terrible roads. Dogs off leash all the time make for a unsafe environment in Hubbard park	7/15/2021 7:06 PM
228	If you can just think about the investment that was made in the new bike path and how much that is used especially in the winter time I think whatever improvements are made in	7/15/2021 5:13 PM

Montpelier Outdoor Recreation Survey

Montpelier will make Montpelier that much better. Right now I pay a ton of taxes and there's days where I don't know where my money goes however when I'm walking biking and running along the bike path I feel like wow what an incredible investment. Whatever you do don't make it a fee let people pay include it in our taxes because then it's guaranteed money for the city

229	One of the finalist designs for the competition you had a few years ago had a park along the river with an outdoor theater and other amenities for the community. Greg Gossens was involved in that team. Is there any plan to pursue a design like this? There was a lot of community interest in that design.	7/15/2021 10:51 AM
230	Improve the pool so that all ages can enjoy it. The town of Essex pool is a great model. The pool itself as well as the park surrounding it	7/14/2021 8:58 PM
231	For those who need to drive to Hubbard Park, there is limited access to parking at entry points. I would definitely attend more programming in the parks to include Parkpalooza.	7/14/2021 8:03 PM
232	Have a regular weekly, bi-weekly media story about what facilities are currently in Mtp. Lose the idea that a dog park is necessary; we are in one of the most rural areas on the country, walk the dog in what we have. Playgrounds should be for children If you have a pet, support that cute puppy yourself!	7/14/2021 1:02 PM
233	Love the quiet times in the woods.	7/13/2021 1:50 PM
234	I hope the city is continuing to explore the purchase of the Heney property.	7/13/2021 11:16 AM
235	Montpelier Alive scares me. Its approach reminds me of Spinal Tap, with amplifier knobs that go to 11: The assumption that to attract visitors, to charm visitors, one must put up horrible signage, hyper-sell the place is without merit for two simple reasons. 1. When some people travel -- us, for example -- we don't look for over-sold, over-hyped localities, but for authenticity, charm, beauty, friendliness; turning Montpelier into Glens Falls NY won't bring in more visitors. 2. People actually LIVE in Montpelier -- residents need to have their preferences respected, too. Montpelier Alive's genesis did not derive from an exclusive mission to benefit retailers, but to enrich quality of life for residents as well. Please don't over-do it.	7/13/2021 11:12 AM
236	I just really appreciate these spaces so much. As a dog owner, it's just so great to have outside space (my yard is small). And the parks feed my soul and deepen my love of this town.	7/12/2021 6:01 PM
237	I'm very disappointed in the pool's decision to not assemble the high jump platforms this year. Seems extremely misguided	7/12/2021 5:59 PM
238	Please improve walking and biking to get to parks and trails, Montpelier is still too car-centric. Maybe a bike/walk belt line connecting certain parks. And please keep off leash dog areas. We don't need an enclosed dog park, just responsible dog owners like myself who can enjoy the fruits of their dog training combined with the special parks. Thank you!	7/12/2021 2:03 PM
239	Love the parks so much, you do a great job!	7/12/2021 1:42 PM
240	I'm all in for expanding Hubbard Park!	7/12/2021 10:24 AM
241	I am appalled at the idea of sanctioned homeless encampments in parks in Montpelier. I hesitate to go to Hubbard Park as it is because of vagrants drinking and hanging out. This would keep me completely away from recreating in Montpelier and would certainly deter tourists as well.	7/12/2021 8:51 AM
242	I love Hubbard park and my dog loves to run free up there (with me of course). One of my favorite parts of living here.	7/11/2021 9:21 PM
243	We have lived in Montpelier for the last 6 years, having moved from the CA Bay Area to be near grandkids (of course!) We have been incredibly blessed by the beauty and accessibility of the outdoors. We couldn't be happier and take visiting friends to Hubbard Park and the expanded trail along the Winooski River every chance we get! Thank you for all the work you do to make this beauty so available :)	7/11/2021 6:12 PM
244	I'm nervous about the impact homelessness is having on Montpelier parks. In my opinion this has already created issues with feelings of safety, family friendliness, and cleanliness, and with conversation turning towards increasing homelessness and the parks being used as a solution I'm afraid Montpelier parks will become a less appealing option for relaxation recreation and nature.	7/11/2021 2:22 PM

Montpelier Outdoor Recreation Survey

245	How about a disc golf course?! Our mountain bike trails (i.e. the MAMBA flow trails above elm st.) are *world-class. Really. If we wanted to promote them, we'd have tons of bike tourists. But I'd hope that we'd plan appropriate infrastructure (parking, etc) for visitors to those trails.	7/11/2021 9:27 AM
246	When we moved to Montpelier 2 years ago, I had no idea how important a role Hubbard Park would play in my spiritual and physical well-being!	7/10/2021 7:16 PM
247	The budget questions on this questionnaire were awkward. I'm pretty sure I'm not alone in feeling like I didn't understand enough to give good answers, but not answering or saying "I don't know" was not given as an option for the mult choice question. I hope you take the responses there with a grain of salt. Only other thing on my mind is the health of the trees in Hubbard Park. This summer seems to be a bit better so far, but I'm definitely nervous to walk up there when it's very windy given how often trees and big branches come down on the trails.	7/10/2021 11:41 AM
248	This is already a fairly exhaustive survey- nothing to add except perhaps a mention of sanitary facilities. These should be available at recreation spots.	7/10/2021 9:12 AM
249	If we had a new hotel and parking garage, perhaps we could pitch Montpelier to visitors. Without a place to stay or park and with these amenities easily available in Waterbury and Chittenden County, why would a tourist come here?	7/9/2021 3:16 PM
250	I no longer have dogs. My biggest priority would be to keep Hubbard Park a place where dogs can go off-leash.	7/9/2021 12:15 PM
251	Nicer benches to sit at located throughout the parks and trails would be nice.	7/9/2021 9:31 AM
252	It would be great to have a public restroom near the tennis courts OUTSIDE the pool for times the pool isn't open. I'd love to see poolside seating at the pool. For kids, it would be great to have scavenger hunts or other fun activities. The bulletin boards in Hubbard could be updated seasonally with interesting info about animals, plants, events, etc. Thank you!	7/9/2021 8:04 AM
253	1) How about a program like "Meetup" but focused on Montpelier parks where people can volunteer to facilitate group stuff (meditation, exercise, dog walks, tree/plan identification, support groups, mentorships, crafts, etc.) 2) Acknowledge that we have a LOT of dog lovers/owners by providing places for them to roam, hike, picnic, etc. This can come in the way of days/times where these things are allowed off leash, volunteers that enforce and educate people and their pets at these places, training certifications like canine good citizens so these pets can be allowed extra access, involve folks that have a passion for dog in the planning of things. If you provide a place for dogs to be and the support/education, most people will step up. Yes there will be the jerks and bad dog owners but why do we (responsible) get punished? Ask for volunteers to patrol the popular places dogs go. I could go on but you must get it. 3) Montpelier NEEDS more access to water for families. It gets hot in the Summer. Kids should have more opportunity to explore and play in the river (dogs too but if we had more places, maybe Dog River wouldn't be so busy). Montpelier has very little "swimming hole" places for people to get cooled down. 4) Can't say this enough.... have a stronger volunteer program! There are LOTS of people that would be willing to volunteer.	7/9/2021 8:01 AM
254	Dogs should be required to be leashed in the park, just as they are on the Burlington bike path. (Are Montpelier dogs special?) In exchange for requiring leashes, we should have a fenced dog park where dogs can run free.	7/9/2021 12:24 AM
255	It's hard to complain about what we have here. Obviously things can always be better, but the specifics of said improvement are not easy to explain. As a hiker, biker and dog owner, I personally would like more options for these activities. Id really like to have more trails that connect to other areas. It would be very nice to do more traveling and commuting in the woods and on trails.	7/8/2021 9:39 PM
256	Would love it if you turned the North Branch into a dam release run for white water kayaking. And offered some space in a park for an archery range	7/8/2021 9:39 PM
257	Buy the upper part of Sabin's pasture to turn into a park	7/8/2021 9:30 PM
258	Quality ski trails, and support for things that are not field/sport ball would be amazing.	7/8/2021 9:07 PM
259	Our Parks are great. I am concerned about the City Council discussion about allowing camping in Montpelier parks. This does not seem to be a good solution for the homeless community. If this is seriously considered, permanent bathroom facilities will need to be developed and made available. This will require maintenance and supervision.	7/8/2021 9:06 PM

Montpelier Outdoor Recreation Survey

260	I think that longer/more trails would be great and keep it more interesting. I love the events that are hosted so keep that up. Enclosed dog park would be awesome too.	7/8/2021 9:05 PM
261	I believe that conserved land is critically important both for people and for wildlife and plants. It is important to balance trail building with undisturbed wild areas. I have been to several municiple forests/parks in Vermont where a maze of trails have been built which degrades the experience of being in the woods, (and is also confusing to navigate). I also believe that people need places close to home to be in nature. I know the current trend is to monetize the outdoor experience and use it to bring tourists and their wallets into an area, but I question the wisdom of this.	7/8/2021 9:00 PM
262	Not that much, what's on yours?	7/8/2021 8:52 PM
263	Oh, boy, here's my big chance. Perhaps some guided or self-guided history walks in the parks or on the bike path. That's all I can think of for now.	7/8/2021 8:50 PM
264	I think we have a great Park & Recreation Dept in Montpelier. I think we have to get more use out of the Rec Center on Barre St.	7/8/2021 8:36 PM
265	Portable toilets at the rec field. Replace the tennis backboard that was taken down. Thks for everything!	7/8/2021 7:21 PM
266	While I find it invigorating to "recharge" in a beautiful natural setting, I also consider my impact on the environment. Displacing species, destroying habitats, and generally trashing our beautiful world is unacceptable. Keep Vermont natural, green, and healthy for future generations to enjoy respectfully. Something that would go hand-in-hand with this idea is education. Teach widely about Leave No Trace and Natural Stewardship. Littering in Vermont, could and should be completely unheard of. Thank you.	7/8/2021 3:30 PM
267	Let's build at least one fenced in dog run/park, and let's convert at least a small part of Sabin's pasture to some City recreational area. There are SO many benefits!	7/8/2021 3:02 PM
268	Yup, it's the loose dog thing but you already get that by now. We've given up on going to Hubbard...sadly....	7/8/2021 2:55 PM
269	Trends in desirable communities are to have more outdoor recreation opportunities to attract visitors (something for everyone in the family) and less need to drive everywhere. Some important elements that could be improved in this way in Montpelier are: camping, paddling, connector trails between sections of town and neighborhoods, and natural swimming access. Montpelier's economic vitality will improve with more recreational activities for visitors. Connecting downtown to those activities would be the biggest win (think of the bike path in Stowe and all the swimming, shopping, and restaurants along it).	7/8/2021 1:47 PM
270	I live on the south side of the river. It would be good to have more accessible trail opportunities without having to use my car! All but one of the existing places are on the other side of town!!	7/8/2021 1:21 PM
271	Montpelier is gentrified enough. Have fun ruining it more.	7/8/2021 10:31 AM
272	Montpelier really needs a dog park or two or three because we are the capital of the state. It is shameful that we do not. It would benefit business, the current residence as well as visitors. When I travel that's one of the first things I look for. It is a big tourism draw for a lot of states and we are way behind. It would also create a safe space for dogs to run and resolve the Hubbard Park tension with Offleash dogs (which I don't support). Hubbard Park should be leash-only when fenced in dog parks can be established.	7/8/2021 9:03 AM
273	Build a nice dog park. Keep dogs leashed in all other areas	7/8/2021 8:35 AM
274	I LOVE dogs and love to walk them off leash in parks and forests.	7/8/2021 6:05 AM
275	For such a dog centric community, we really need a fenced, safe dog park.	7/8/2021 2:28 AM
276	I believe I read that the charter for Hubbard Park states that it is to remain open for all people and animals. It was to remain more wild than "cultivated." Keeping it open for all animals off leash is primary. If there are folks who would like to develop an enclosed Dog Park they should consider it outside of Hubbard Park. It could be down by the Rec Field, over the bridge from the pool on the left hand side (not the marshy side). They should take lessons from the folks who set up the Barre Dog Park which, I believe, was not funded by the city, but by like-minded individuals. It is also maintained by said individuals, and not by the city. IF the city were to open an enclosed dog park, I'd like to hear veterinarians point of view of some such park. I	7/7/2021 9:57 PM

Montpelier Outdoor Recreation Survey

also want to continue to maintain the off-leash aspect of Hubbard Park with the same rules of the dogs being under control. If dogs are not under control, then I would like to see more aggressive policing by the animal control officers and all that comes with dogs not being under good control. We have spent a lot of time developing canine good conduct rules for the park and that should not be swept away. There are many, many good dog owners who are respectful of others in the park, and I assure you they far outweigh the bad eggs.

277	Thank you for taking the time to ask us what we want/like!	7/7/2021 8:16 PM
278	Please make a fenced In dog park! So many people here have dogs but there is no safe place to let them run loose. The only dog park currently has one entirely open side that goes into the forest - not safe.	7/7/2021 8:07 PM
279	An off leash dog park would be nice but only if off leash dog walking were maintained at Hubbard Park.	7/7/2021 7:46 PM
280	Buy land for natural areas and hiking trails. Land Trust?	7/7/2021 7:38 PM
281	Ok, you asked ... there's a core group of — dare I say entitled — off-leash dog walkers in Hubbard Park who make it really difficult for anyone else to enjoy the park in any other fashion. They are all lovely people individually, but I know so many other Montpelierites who, like me, feel that they can't go to Hubbard Park anymore bc this group just won't control their dogs. And, I write this as a dog owner ... I love dogs! But I have a rescue who can't take off leash dogs running up to him, with owners shouting "he's friendly!" from 100 yards away. It's a bummer, and I almost feel like a mediation/intervention is necessary, but, holy smokes, that's not the Parks Dept's job, right?! I don't envy you this challenge. Also, I just want to bring up Geoff Beyer's vision of the emerald necklace ... we need conserved green space in all corners off the city. Last, I know that there have been two efforts to conserve a portion of Sabins Pasture, but ... time to try again??! Please?! :)	7/7/2021 7:34 PM
282	Off leash, enclosed dog park is so important for socialization and providing a safe environment which curbs unhealthy off leash behaviors we see currently	7/7/2021 7:28 PM
283	Montpelier's parks are high on the list of why I consider it a great place to live. While there are sometimes competing interests/activities, I'd like to make a pitch for the importance of keeping off-leash dog access at Hubbard Park, at it is a truly special place and a real rarity	7/7/2021 6:37 PM
284	Designated camping areas- not indiscriminate. Very specific. Dog park needs to be big, divided into small/larger dogs; modern waste disposal system. Expensive project necessary monitoring must be ongoing. Place for dealing with issues.	7/7/2021 3:28 PM
285	I am very against having a dog park in Montpelier. Tax payers should not have to put up any money that would go towards people's pets. Plus, we have limited space as it is.	7/7/2021 3:16 PM
286	Dog park! Dog park! Dog park! Great for locals - great for visitors. Would reduce conflicts in Hubbard park. When we travel we see great facilities that I wish we had here.	7/7/2021 3:10 PM
287	PLEASE PLEASE PLEASE CREATE AN ENCLOSED DOG PARK IN MONTPELIER!!!!	7/7/2021 3:06 PM
288	Free dog area Dog park	7/7/2021 2:11 PM
289	I'd love to see a fenced in dog park being built.	7/7/2021 2:10 PM
290	I think a fenced in dog park would be great! But please keep Hubbard Park as an off-leash area. It's so important to have that space!	7/7/2021 2:06 PM
291	Sorry to be redundant - responsible owners! Asking Montpelier residents to help clean up the Peace Park in April could be replaced with No Dogs Allowed for a year. That is a consequence for not being a responsible dog owner. Hopefully those who are responsible will help to make irresponsible dog owners accountable.	7/7/2021 1:51 PM
292	Dog park, please.	7/7/2021 1:41 PM
293	I end up hiking on private land that is steps away from my house. If I didn't have this option, I would definitely be going to Hubbard park or parks nearby. I do admit, I end up traveling to Waterbury and Stowe for the extensive mountain bike trails and then end up eating dinner or grabbing a beer in those towns. I have not yet explored the North Branch Trails, but once I do I'm sure I will end up eating dinner downtown. Maybe if those trails were promoted more in the region, it would bring more people here?	7/7/2021 1:35 PM

Montpelier Outdoor Recreation Survey

294	All improvements help but I truly think that the development and expansion of mountain bike trails is a key component in boosting economic tourism for our area.	7/7/2021 1:32 PM
295	would love a designated dog park, and more outdoor events - food trucks/farmers market/outdoor concert/craft shows, etc!	7/7/2021 1:30 PM
296	Fenced In Dog Park	7/7/2021 1:29 PM
297	My dog and I love walking the trails at Hubbard Park. I am not opposed to an enclosed dog park but neither my dog or I would be comfortable in one. I hope the potential addition of an enclosed dog park will not lead to a leash requirement on the trails.	7/7/2021 1:28 PM
298	I support the idea for an off-leash dog area so that dog owners have this option in specific locations and general off-leash dog walking decreases	7/7/2021 1:25 PM
299	better maintenance of the cemetery. We visit often and NEVER see regular maintenance being done, i.e. tree pruning, removal, or lawn care. UNTIL its too late or out of control. It's embarrassing for one of our most beautiful cemeteries in VT to be maintained so poorly.	7/7/2021 4:08 AM
300	Thank you for having a great amount of thing to do in Mt. P.	7/6/2021 3:20 PM
301	Bikes are making North Branch Park unpleasant. I used to walk my dogs (on leash) there every day. Now I do not go into the park at all and walk on dirt roads in East Montplier instead or at the Nature Center. We need to have more access to parks on the Berlin side of the city. It seems the parks are in the more expensive parts of the city. Continue to think about connectivity!	7/6/2021 2:40 PM
302	Really appreciate what we have. Indoor recreation in town important for winter months.	7/6/2021 11:12 AM
303	develop a stronger relationship with the recreation department, with a change in leadership. invest in improving / maintaining resources we already have.	7/6/2021 9:52 AM
304	I would love to see more paved multi-use paths connecting parks to downtown. I would also love to see high quality XC skiing within a walk/bike of downtown.	7/5/2021 6:31 PM
305	I think you're doing a great job. I so appreciate the parks in and around Montpelier. It means everything to me in regards to quality of life. It's top priority to me... to protect nature for clean water, air, for diversity of natural world and to make it accessible to feed our souls, body, mind, and spirit as human beings. Thanks for all your hard work.	7/5/2021 12:08 PM
306	I'm excited about progress on the Cross Vermont Trail so my children and I can bike distances from downtown, like to Groton Park. We do not have a dog but support allowing dogs off leash. We are interested in the coordination with Morse Farm for xc skiing and supporting a local farm.	7/5/2021 10:42 AM
307	Honestly, we are very fortunate to have what we have. The "facilities" are fabulous. Perhaps organized walking or birding groups to get people out and moving. Articles about the parks in newspapers--histories, activities, etc. Too many people don't know what we have.	7/5/2021 7:49 AM
308	I have lessened my time on grassy, heavily wooded, or bushy trails for fear of ticks. I like the wide trails like at Hubbard Park.	7/4/2021 8:51 PM
309	I feel Montpelier is doing an excellent job of providing easily accessible well maintained parks and natural areas for people to use. I encourage you to keep up the good work and I will certainly support every effort to preserve open space in every form!	7/4/2021 3:33 PM
310	Again, I cannot over stress the importance of having one really good playground in town.	7/4/2021 2:07 PM
311	I feel like we already have lots of trails and it's important to leave spaces without trails for wildlife. Thank you for all your work! Hubbard Park is a delight of my life.	7/4/2021 10:26 AM
312	river access points are a huge attraction when looking for hikes. if the hiking trails had interactive maps online or available through an app it'd allow us to explore more. a dog park would be a wonderful addition as dog owners would have a designated place to go instead of taking over hubbard park.	7/4/2021 10:12 AM
313	I think the Rec trails in Montpelier are truly great. My family and I use them on a regular basis. My biggest request is to gradually expand the mountain bike and xc skiing network. This is sort of pie in the sky thinking, but it would be great to have a zone in the North Branch or Hubbard where the trees have been thinned so people could do some light backcountry skiing.	7/4/2021 10:02 AM

Montpelier Outdoor Recreation Survey

314	enclosed dog park would be great!	7/4/2021 9:48 AM
315	Dog park	7/4/2021 8:17 AM
316	Let's build a fenced in dog park	7/4/2021 8:14 AM
317	Love the new walk along the river. Have used it many times w/ dog and grandchildren. So far, nicely maintained. Would like one more route like that. But the part in town, does have graffiti and trash. Let's keep this clean and inviting.	7/4/2021 6:38 AM
318	1. Maintain the roads in Hubbard 2. Do something with the new green space next to Shaws (trees, benches, picnic table) - it looks horrible now	7/3/2021 10:24 PM
319	Please beautify the newly seeded area adjacent to bike path as it crosses Main Street. It needs a couple trees. Benches picnic tables and shade. Drinking. Water. Buffer from the street/traffic. Montpelier roads need maintenance before we build more parks.	7/3/2021 4:56 PM
320	I like Hubbard Park, but not the dogs under voice control only rule. Dogs cannot be trusted to always obey commands, and there is a definite portion of the population that is afraid of a strange dog, particularly one that is unrestrained.	7/3/2021 3:21 PM
321	I wish we could purchase Sabin's Pasture as a public park, with maintained trails. I would hate to see it developed. I would also like a dog run somewhere; it might take some to the pressure off the problem of unleashed dogs in Hubbard Park. I think I would use more of Hubbard Park if there were more clearly marked trails. I'm really enjoying the new cross-Vermont trails; it would be nice to be able to cross the highway to Green Mount Cemetery. In fact, it would be nice if it were easier to cross Main Street near Shaw's. I don't think it always works to have pedestrians and bicycles, especially mountain bikes, sharing the path.	7/3/2021 2:54 PM
322	Oh, I think I have already and I appreciate the opportunity to do so... thank you.	7/3/2021 2:50 PM
323	I really think Montpelier needs people like me who think outside of the box, being creative and aggressive with wanting to take care of this beauty of a city. I always drive around and telling myself that I could've done this or that for whatever reason. Obviously it being taking care of my surroundings. I moved here not to long ago but I've come to appreciate Vermont for just being itself. I feel loved and comfortable already.	7/3/2021 2:27 PM
324	I love montpelier, I would love to connect with other single, kid families around home town	7/3/2021 1:56 PM
325	More area in open space and parks to spread out people (and their dogs of which there are too many!).	7/3/2021 11:01 AM
326	Please stop the expansion of bike trails through habitat. On the other hand...the Cross-VT trail expansion will be a nice addition. There are some exceptional habitat and scenic areas in and near the city that are highly important and/or used. If the fields at the top of The Sparrow Farm get developed it will be a big loss of meaningful beauty. Other places too...	7/3/2021 7:52 AM
327	There are quite a few bike trails that have taken over walking trails. It can be hard to have both together. I'd like to see more dedicated walking trails at North Branch. Fat biking has turned great ski trails into not great ski trails. Again, keep some trails bike free free would be appreciated.	7/3/2021 7:29 AM
328	Montpelier parks are one of the greatest assets we have as residents! The joy I feel every time I walk only a few blocks away from home and am encompassed by the outdoors is immeasurable. Thank you for all your hard work and dedication!!!	7/2/2021 9:26 PM
329	Love the parks. Please also preserve the amazing vintage exercise loop signs in Hubbard.	7/2/2021 8:36 PM
330	I don't understand why Montpelier wants to expand Hubbard Park but is adamant about not preserving some land around Sabin's pasture. It just doesn't make sense. Hubbard Park is big enough already. Let's bring some parkland to the other side of town! I also think the plans of making Montpelier a recreational destination are far fetched. I don't think you realize what a head start other communities have. Waterbury and Stowe and Burke will be tough to compete with. We need to do something different. If you are going to compete, you are going to need much better signs for hiking and biking in the North Branch park — and better signs to direct people to it. It is very hard to find and hard to use. I'm not sure what is going on with the previously mentioned lot near the Drawing Board. It has been an embarrassment for two years and the recent spreading of weak grass is only a slight improvement. I hope there are better plans that just haven't been implemented yet.	7/2/2021 7:13 PM

Montpelier Outdoor Recreation Survey

331	I already mentioned the pool. We all love it and would like to see it a priority. Come back from COVID better than ever! Food vendors, etc. or a bigger snack bar. Upgrades, etc. Keep the Mountaineers going! What an amazing community resource it is! I appreciate the upkeep with cleaning up the graffiti on the bridge by the pool. Keeping the parks clean, safe and aesthetically pleasing keeps me going back.	7/2/2021 4:03 PM
332	connectivity is key, find ways to link the different park and outdoor areas so that people on foot/bike can get from one to another. better promote the great outdoor resources we have here. Waterbury has done a much better job of this. Finally, we need parking. It's a real shame that a few people we able to kill the hotel/parking garage project. any chance to bring something back to life?	7/2/2021 3:06 PM
333	Montpelier is doing a great job with open spaces and natural areas that are within walking distance to most residents. My only complaint would be lack of non school related neighborhood playgrounds for children.	7/2/2021 2:04 PM
334	I've already said it, but I really think Montpelier is neglecting a potentially great resource for recreation, relaxation and economic development by not making a beautiful riverside greenspace. The little bit by the new path is a start but it could be so much more. Check out Bangor ME for inspiration.	7/2/2021 1:52 PM
335	MUCH MORE maintainance and improvement of current trails and much needed removal of downed or dead trees near roadways. No dogs off leash as they are dangerous, chase wildlife and create noise with owners often yelling at/for them. They are also eroding existing trails with owners walking two or three abreast, and bags of dog poop are often left on gaurd rails, sid eof road, at park entrances, etc.	7/2/2021 12:38 PM
336	The new trails for mountain biking in North Branch have been amazing. A huge improvement since I moved here a few years ago. They were especially good last winter with the volunteer grooming. A better connector to town would be beneficial, as the parking at the pool is often over crowded with all the other users it serves. I would love to see more trails open to cycling in Hubbard as well, though I recognize there are other users that oppose it. We have the potential to be a mountain biking destination if we have the will to make it happen. The natural terrain is perfect.	7/2/2021 11:52 AM
337	I have owned a home in Montpelier since 1979 which is being rented and live in East Montpelier. I play pickleball at the Elm St. courts six days a week. You refer to them as "tennis" courts only, which is unfortunate as there are far more pickleball players then tennis players! These courts are in rough shape for whichever racquet sport you are playing. The bathroom facilities are seasonal and not very handy. At the moment one of the courts has a broken net, there has never been a fourth bench at another court and wind screens and working lights would bring more people out to play. Dedicated pickleball courts would definitely upgrade Montpelier's recreational needs.	7/2/2021 11:22 AM
338	Fix the roads first. Coming into Montpelier, no matter how you get there, is unpleasant. Upper Main Street, Barre Street, RT 2, all terrible. Lane Lines arent even marked. Keep up your infrastructure and you may make visitors wanting to come back. You need at least 2 public bathroom locations too.	7/2/2021 11:01 AM
339	How about a Bike/Recreation Path from downtown/rec fields to Wrightsville? Wouldn't that be dreamy?	7/2/2021 10:56 AM
340	Mountain biking skill development area. This idea is inspired by the skills park on Darling Hill in the Kingdom Trails network. It is a great place for riders of all abilities to learn and practice new skills on their mountain bikes.	7/2/2021 10:43 AM
341	I suspect Wrightsville Reservoir is not considered Montpelier as it's not included in this survey.	7/2/2021 9:24 AM
342	I'm hoping for an indoor pool in the near future.	7/2/2021 8:44 AM
343	I would love, love, love to have a cool dog park somewhere in the area. We go to the one in Waterbury, but think that Montpelier/Middlesex area could work together for a clear, well-designed fenced in dog park of our own. Thanks!	7/2/2021 8:39 AM
344	Please don't allow homeless camping on park and rec property. It is unsanitary and unwelcoming and sometimes scary to anyone using the path/parks. I know these people need a place to go but the public recreation paths /parks should not be the place to camp.	7/2/2021 8:00 AM
345	We need a competition worthy indoor pool. There is a desperate need for pool space and it	7/2/2021 7:10 AM

could make lots of revenue fir the city.

346	From both a quality of life and economic investment, we think the city needs to turn towards our beautiful rivers and make some investments to create more access, activities and, hopefully, businesses.	7/1/2021 8:51 PM
347	I am not in a time in my mode that sinuses them as much as I did when my kids were younger, but I love the parks and hope to have time to use them more again. Especially with my dogs.	7/1/2021 8:51 PM
348	The main thing that keeps me from getting out and walking is the lack of someone to walk with.	7/1/2021 8:35 PM
349	The streets of this city do in fact constitute the most used recreational facility and should be managed accordingly.	7/1/2021 8:19 PM
350	Some areas of these recreation sites tend to have some "holes" or areas where folks congregate, sleep, vandalize, or harass users of the paths or parks. I've seen and experienced it many times while using the areas with my young daughter. I know it's impossible to monitor every corner of every path but due to an increase in this activity I've seen the use of these spaces decrease by area families. Some level of monitoring or a patrolman doing a sweep now and then could be beneficial without a heavy lift financially or strain on man power resources.	7/1/2021 8:17 PM
351	Daily dog walker. Would like dedicated dog walking trails free from bikers. Having been walking Hubbard and North Branch trails for 35 years and miss the decrease in solitude from the increased mountain biking	7/1/2021 7:07 PM
352	We live 2 miles outside of Montpelier. Our boys ride bikes into town to enjoy the city life for a day. Would love Berlin to extend a bike lane to make this easier/safer on Route 12 headed to Northfield. If we lived in town we would use the parks much much more. We appreciate all that Montpelier offers! Thank you!	7/1/2021 3:54 PM
353	I wish there was a dog park or another dog-friendly environment in town so we didn't have to drive to Barre to socialize our dogs. I enjoy Hubbard park but see so many complaints on Front Porch Forum about dogs that I feel unwelcome to unleash my dog there.	7/1/2021 3:42 PM
354	I would love a disc golf course closer to Montpelier - so glad there is one at Wrightsville but why not here as well? Better shade for the pool - a pavillion or awning of some sort that is permanent and beautiful, better pool maintenance and more pool activities - more focus on the needs of the pool. I am disappointed in how much is being spent on the Mountaineers and not enough on other recreational activities.	7/1/2021 1:55 PM
355	we in montpelier have such various ages and interests, i think the parks reflect that. i am learning to speak up and ask how to avoid dogs jumping on me. i would so like to be able to be more mobile and be there more.	7/1/2021 12:48 PM
356	I'd like to see green spaces along the river in the downtown area: open space, parks, trails (no bikes!), and places for visitors and locals to picnic. No more asphalt, parking garages, buildings (etc.) near our natural resource -- The Winooski River. The current use is not only detrimental to downtown flooding (and this is predicted to be worse with climate change) but negative for visitors (people want to eat outdoors by a river in nice weather -- a place for kids and older folks, too. If the city, someday, could buy the space where Shaws is located, right by the river, and renovate that space as a indoor/outdoor marketplace, renting to small businesses outdoor (but ceiling covered) seating, takeout, and perhaps food trucks, we'd have a thriving downtown center rather than the dispersed, no-place-to-sit-and-spend-time downtown. The longer a guest or local spends in a place the more money they'll spend (one consideration). The area outside the former NECI bakery (talk about a clostrophobic space) could be planted lushly and the building modified (windows that open wide or sliding doors) to be more inviting. The push for more downtown trees is fantastic! Thanks.	7/1/2021 11:03 AM
357	Better maps and details about parks	7/1/2021 9:14 AM
358	First of all, I must say that I love the variety, affordability and excellence of Parks and Rec offerings in Montpelier. So everything I'm about to tsay is suggestions to make it even better. - Aqua Zumba at the pool please! - An indoor pool facility with lap swimming, separate warm pool for therapeutic/rehab purposes, and winter play opportunities (slide? Lazy River?) please! - More shade and more and better pool chairs, including lounge chairs and adirondacks please! -	7/1/2021 7:48 AM

More outdoor exercise classes, maybe held at the volleyball net area next to the tennis courts? Thanks so much for all you do to make Montpelier an amazing little city.

359	Can you preserve Sabins pasture? Our parks are a huge asset!!! They are why I can live here. I'm so grateful.	6/30/2021 11:00 PM
360	I wish that there were longer trails and hikes in Montpelier, more like 6 or more mile trails. I would also appreciate areas to walk where there were no dogs allowed, even if they are on leashes. I am uneasy around dogs and it makes my experience in the park stressful when they are around. I would love it if sections of Hubbard Park and other parks in Montpelier were dog free with signs that said so. That would also reduce the dog poop that is inevitably on trails. Additionally, larger maps around Hubbard Park would be helpful, especially if there were a couple more of them. Thanks!	6/30/2021 10:23 PM
361	I would LOVE to see a disc golf course in the Montpelier area (closest one now is at Wrightsville Reservoir). This could be used for free or at a cheap price and could attract many people to the city. Along with this I would love to see some more mountain bike trails built which can be done with the help of MAMBA and local businesses such as Onion River Outdoor. I recently moved to Montpelier and am in love with all of the trails that are offered here. Such an excellent way to get out of the house for a quick walk, hike or bike ride!	6/30/2021 9:03 PM
362	Don't let homeless camp there. They ruin enough of this town already.	6/30/2021 7:27 PM
363	Thanks for grooming Hubbard Park, high school, and golf course trails for xxx skiing. Snowshoes, bikes, and dog walkers ruin the grooming efforts. Can they do a better job avoiding the groomed track?	6/30/2021 6:06 PM
364	A bit thank you for our wonderful parks!	6/30/2021 5:17 PM
365	The access to outdoors activities in Montpelier is a key feature of the town.	6/30/2021 4:49 PM
366	I didn't know most of these parks even existed after living in the area 5 years. Maybe better signage/advertising.	6/30/2021 4:14 PM
367	Hooray on your efforts to expand Hubbard Park!	6/30/2021 3:02 PM
368	Maybe fundraising events in some of the parks might stimulate folks who use them who are financially able to contribute to expansion, improvement, maintenance - with advertising as such (voluntary contributions!).	6/30/2021 2:48 PM
369	I so love the ski trails that were created this year.	6/30/2021 2:42 PM
370	thank you parks dept and staff, your work is deeply appreciated	6/30/2021 1:35 PM
371	The parks are wonderful! It would be great if there were more manpower so that the trails in Hubbard Park could be maintained a little more and protected from overuse/erosion.	6/30/2021 12:40 PM
372	Growing up(outside of VT), some of my favorite childhood memories came from our small neighborhood parks that had updated playgrounds, sprinklers to run through, etc. I would love to see some of the parks/playgrounds in Montpelier be updated, especially with a new baby!	6/30/2021 11:49 AM
373	Parks and bike paths are great but they have to be maintained and I know first hand it takes a great deal of work. Expand, only if you can maintain. And allowing people to camp there is the single most bone-headed idea the city has come up with. Don't copy Burlington VT.	6/30/2021 11:44 AM
374	It's too expensive and too many people. I am trying to leave!!!	6/30/2021 10:37 AM
375	Accessible bathrooms, not outhouses. Winter activities, especially x-c skiing close to Montpelier.	6/30/2021 9:43 AM
376	I believe allowing for camping, by anyone, in Hubbard Park will forever alter the peace and beauty of the part. I very likely would stop visiting the park if it became a campground.	6/30/2021 8:20 AM
377	Set up a (Perhaps non-profit or subsidized) summer electric bike rental program to get people (tourists) out of their cars and into sections of the parks? not sure... Just thinking of people wanking around downtown who need to find their way to the park.	6/30/2021 7:37 AM
378	Keep Hubbard Park dog friendly and off leash available	6/29/2021 10:35 PM
379	Nature hikes with rangers or other nature experts	6/29/2021 9:42 PM

380	Even though I enjoy going outside Montpelier to other parks, with adjacent restaurants and nearby shopping I really value our non- commercial park. It's quiet and beautiful. Most people go there to walk and I don't see trash around.I love using our rustic shelters for activities (celebrations,classes, meeting friends). We don't need snack bars associated with the park. It's a great resource for all of us. Anyone can reserve a shelter. Maybe there are ways we could make the park more accessible to all if it turns out some people are uncomfortable using it for some reason.	6/29/2021 5:38 PM
381	I love that our parks are such a large part of our community and accessible to downtown. It is a huge part of our community and I'm super excited about the possibility of expanding acreage, connectors, and accessibility. Thank you for your work on this!	6/29/2021 4:50 PM
382	Uncertain	6/29/2021 4:04 PM
383	Install splash pads.	6/29/2021 2:39 PM
384	Please build a better skatepark.	6/29/2021 2:09 PM
385	I would like to see the bike path continue from Montpelier through East Montpelier to connect to the bike path from Plainfield to Marshfield.	6/29/2021 2:00 PM
386	One of the reasons I bought my house years ago is nearby Hubbard Park. I love it. Now we have a dog and visit every day and love it even more. I love that we all learn to share the park and enjoy it. I do not understand why some people want a fenced-in dog park. When our friends from other places come to visit, we always take them to Hubbard Park, and they love it.	6/29/2021 1:16 PM
387	The swimming pool is most important to me, followed by Hubbard Park. I no longer have dogs but I strongly believe Hubbard Park should remain an area where dogs can be off leash.	6/29/2021 11:29 AM
388	Swimming and walkable places for kids to play (skate parks, playgrounds, basketball courts) are most important to me and my family!	6/29/2021 11:10 AM
389	Additional trash containers and maintenance.	6/29/2021 7:28 AM
390	I see so many dead trees in Hubbard Park. It's natural and feeds the soil, but I feel like the park would look a lot better if some of them were taken out.	6/29/2021 6:50 AM
391	If an enclosed dog park is too expensive in Hubbard Park, the idea to charge a membership fee seems promising. Dog parks in other parts of the country do this successfully.	6/28/2021 9:46 PM
392	I think there should be a pedestrian walkway or cross walk up to Hubbard street from spring street. And across summer street. More nature playground. We need a downtown play scape and park families feel comfortable picnicking at- locals and visitors. Lastly we really need downtown river access for swimming/playing in the water. I believe We need to step it up a notch to make the north Branch safe enough for kids to play in (not just monitor the water quality). The two rivers in Montpelier's downtown should be more of a major attraction/features of our town. Parks at the rivers are key, like so many other cities have.	6/28/2021 9:44 PM
393	Keep hiring great dedicated folks like Alec Ellsworth and Jacqueline Huettenmoser!! And how we miss Geoff Beyer	6/28/2021 9:42 PM
394	Leash law. Do I even know where all our parks are? No ...so awareness campaign	6/28/2021 9:36 PM
395	closed in dog park expanded pool days YMCA for youth	6/28/2021 9:28 PM
396	Make Sabins Pasture a public space! I always feel concerned when I go there that I'm on someone else's land. And there's no signage so I'm never sure where I'm going.	6/28/2021 8:59 PM
397	A park liaison who is the face of Montpelier parks.	6/28/2021 8:55 PM
398	Connect the trails! - Could Morse possibly be reopened under a contract structure with the town and connected with the new trail system at the top of North? - Then through East Montpelier and connect back to Gallison Hill? - Also working north through Calais and Woodbury would be so so so wonderful. People outside of MTP will not see MTP as an outdoor touristic recreation center until the trail system is significantly expanded. That doesn't happen until we start talking to our neighbors...	6/28/2021 7:33 PM
399	Why are the trash cans overflowing constantly? It's a real eyesore. Also supporting people experiencing housing problems to avoid parks being used as housing... it feels really	6/28/2021 4:34 PM

	uncomfortable walking alone on the bike path especially at night.	
400	Montpelier Parks and Rec does SUCH an incredible job on a shoestring budget. Thank you! I really am so grateful for the trails and would love to see more expansion and connection of trail networks. I wonder if it would be possible to partner with private land owners to create a continuous, 20 plus mile trail around Montpelier, similar to the Trail around Middlebury? I also think it would be really cool if Montpelier parks could partner with Onion River Outdoors to provide options for folks to try out mountain biking at an affordable rate without having to buy a fancy mountain bike right off the bat.	6/28/2021 3:31 PM
401	If I lived in town I'd want to walk to various outdoor activities, and hope there were stops along the way of interest.	6/28/2021 2:40 PM
402	What you have done in the last few years, while I was out of the country, has been remarkable, and I am so pleased that our former parks director is still involved. I LOVED the new Nordic trail that utilizes some of the old ski trails of the s'mores Farm. This shows real initiative and real commitment to make the outdoors more open for public use. Both that project and those in a North Branch are models for what I want to see here in the future. Thank you,	6/28/2021 2:22 PM
403	Parks are essential infrastructure are key to Montpelier's economic and social recovery coming out of COVID. I strongly encourage more park programming and more (and better) parks and public spaces to create a welcoming and equitable Montpelier.	6/28/2021 1:40 PM
404	We certainly have more than enough park land. It's already too much to be sustainable. For instance, the new bike path with the ridiculous unpronounceable and never-used name already does not have good sightlines to keep people safe. It's only going to get overgrown as time goes by and will be very tough to maintain.	6/28/2021 1:13 PM
405	Get dogs on-leash! Maintain what you've got; don't build more. Control municipal spending; high local taxes makes Monty increasingly unaffordable. Excuse me but FIX THE F*CKING ROADS. And finally, Mntplr has about the oldest average population in the country and no solutions for seniors who want to move out of their single family homes, other than moving out of town. Hire a new city manager with imagination, verve and snap, who know how to squeeze a Mickledore, rather than continually hiring more municipal employees and annually raising taxes like clockwork.	6/28/2021 12:32 PM
406	I wish the existing parks/rec facilities were better connected with bike/ped infrastructure (in the grand scheme things are good here, but there are some hazardous places that act as deterrent for travel by bike and foot). I've been especially excited about expansion of nordic ski trails during winter, and am supportive of trail use in general. However, I'm concerned about a growing recreation constituency carving up municipal lands such that other uses (birdwatching, wildlife habitat, water quality) become of less good quality - so i would like to see redundant trails within a trail network retired (e.g. desire paths and more) as new trails come online. I also think it would be so cool if Montpelier had a gear lending library to increase accessibility (e.g. ski equipment). I would also love to see a high quality boat launch in town for paddling opportunities. Overall, recreation is such a big part of living in VT, but we need to balance that desire with other interests, like habitat quality, water quality, and more. THANK YOU FOR WHAT YOU DO! We are so grateful	6/28/2021 12:05 PM
407	I would love more group offerings: led walks, informative walks, small bus trips to nearby unknown treasures, etc.	6/28/2021 9:03 AM
408	thanks for all your hard work! Really appreciate that there are more mountain biking options in Montpelier.	6/28/2021 8:38 AM
409	I'd recommend developing a mountain bike trail in Hubbard park. There is a need for this.	6/28/2021 6:35 AM
410	Trail maintenance needs much help, especially in shoulder seasons. Water diversion should be a priority—muddy trails force people to walk off trail creating problems for the woods. More kiosks about the flora and fauna in our natural areas. I want to learn more!	6/27/2021 10:34 PM
411	Our earth is our heritage. Caring for it. Teaching current and future generations to love and care for the earth is of prime importance.	6/27/2021 9:48 PM
412	More green space downtown where people can sit. Possibly more organized bike trips. Secure bike storage or bikesharing so that people who don't live downtown can still use bikes for recreation/transportation.	6/27/2021 9:19 PM

414	Given that it is tick season, please cut back the knot weed along the riverside North Branch nature trail more often.	6/27/2021 9:18 PM
415	Montpelier Parks should take over the Montpelier Rec department, which is a floundering organization that does not do our kids justice. We have incredible natural assets in Montpelier and the programming for kids does not match the potential.	6/27/2021 9:10 PM
416	Obstacle courses	6/27/2021 8:14 PM
417	During Pandemic, walking trails in Montpelier and other nearby towns was a life saver. It quoted my nerves, and helped keep my body in shape. I have always loved getting out, but it was e real life saver. Still pondering the long-term impact on my life, but hope I will continue this practice.	6/27/2021 7:20 PM
418	Have been going to Boyer State Forest trails more because there are way less bikers on those trails	6/27/2021 5:08 PM
419	Maybe offer a dog area as that prevents other local folks from using. Note I'm not a dog owner but also have had run ins with unleashed dogs in parks. So many dogs in this city and some irresponsible owners so dog park would make sense.	6/27/2021 4:26 PM
420	We need a turf field for team sport recreational	6/27/2021 4:22 PM
421	More community gardens	6/27/2021 4:22 PM
422	I have already stated that people need to feel safe when using our City Parks - the current off-leash policy does not make me feel safe - there needs to be a designated area for folks to off-leash their dogs - and possibly a dog park for dogs to socialize. This way - all people - people who do not want to around dogs, seniors, etc. can feel it is safe to use their Park.	6/27/2021 3:35 PM
423	Our parks are great. I would like to see us spend more money on maintaining the facilities and trails so that everything is clean and welcoming to visitors.	6/27/2021 1:50 PM
424	Please don't change the parks too much—I love them and find all a respite.	6/27/2021 1:44 PM
425	Hubbard feels a bit over used, but grateful for its proximity. This the city will benefit from variety of spaces and activities and network with neighboring trails/spaces.	6/27/2021 1:39 PM
426	I had no idea there were so many parks in Montpelier. I will now look them up!	6/27/2021 12:22 PM
427	Thank you for the opportunity! I appreciate the opportunity to give my opinion about the parks and outdoor recreation. The survey also made me aware of a couple parks I didn't know about before! So, when I'm able I will check them out. Best to you in your efforts to plan for the future.	6/27/2021 10:41 AM
428	Off-leash enclosed dog park	6/27/2021 10:25 AM
429	I love Montpelier's parks - a lifesaver in the last year. My chief concern is protecting Sabin Meadow - can you get an easement on it? That is not a proper park but is one of my favorite places to roam, at least as important as Hubbard and the North Branch/River trails.	6/27/2021 9:31 AM
430	a connection to north branch and pool on mountain bikes	6/27/2021 8:50 AM
431	Mountain biking trail connection from Park west neighborhood to Pool/North Branch would the best thing on the planet!	6/27/2021 8:42 AM
432	We were so sad when we couldn't ski at Morse Farm anymore. We would love more local x-country skiing. We would also love to see a river walk in downtown Mpl.	6/26/2021 8:12 PM
433	I think parks and rec are one of the best percs of living in Montpelier.	6/26/2021 7:44 PM
434	You really do a good job with what we have. Would like more green space right in downtown, but don't know where.	6/26/2021 7:13 PM
435	I think the parks we have are wonderful! Personally I'd like to see fewer loose dogs in Hubbard Park, so a separate dog park, fenced in, would be my ideal. I do think that people especially on the south side of the city could use a park with woods and trails, and conserving part of Sabin's Pasture for a park would be fantastic.	6/26/2021 4:35 PM
436	Your parks are under maintained we don't have money or man power to keep up. Need user fees	6/26/2021 4:31 PM

437	Safety. I want to feel safe letting my teenage daughter and her friends roam Hubbard park like I did as a teen. I want to feel safe walking the bike path alone at night. I don't want to see beer cans, syringes, and bags of dog poop left along the paths.	6/26/2021 4:27 PM
438	These questions are largely aimed at outdoor improvement. Montpelier families also need dedicated indoor space and activities for the many winter months. I'd love to see a questionnaire that factored in that need.	6/26/2021 3:59 PM
439	Thank you for all you do to help improve the parks in Montpelier!	6/26/2021 1:23 PM
440	I didn't know parks existed outside north branch and Hubbard. Should be easier to find such info downtown-- maybe kiosks or displays highlighting where such things are.	6/26/2021 10:02 AM
441	the parks and recreational facilities in Montpelier provide opportunities for activities for the entire community, and keep us active and more connected to nature. i LOVE the groomed ski trails, and think we could use more swimming holes on the north branch.	6/26/2021 9:46 AM
442	Please Mow Green Mt Cemetery, so disrespectful to the people who have family there and makes Montpelier look very bad as a city.	6/26/2021 8:13 AM
443	More places to allow my dog to run off leash (whether that is more trails...hubbard park can get crowded...or a dog park). It would be also nice to have a safe spot for my dog to swim in the river.	6/25/2021 9:00 PM
444	A running/walking/bike trail along the Winooski river all the way to 3 mile bridge would be awesome. It's a very popular route — but it's quite dangerous for pedestrians and bicyclists on the road. Developing the river front along River street for walking/biking and beautification would be great. (Look at Spokane, Wa for examples — their riverfront park is awesome) Montpelier NEEDS a LARGE playground for kids. If we want to attract young families, this is a must. Every nice city has this anymore. It would attract people from other areas as well. A lack of parking and restroom facilities makes parks feel off-limits to people with physical challenges due to age, disability, or parents with small children. More bike trails in town are always appreciated. Ensuring cell phone coverage in remote park areas (like Peace Park) would help to make people feel safer. Basketball courts at Dog River area would be nice in addition to the soft ball fields. BBQ pits and covered structures are always nice! More bike racks, please! Some public places in Montpelier are not clearly marked as public places. As a result, they feel “off-limits” and only available to people with “inside knowledge”. Concerts in the park are always fun.	6/25/2021 8:23 PM
445	I get nervous on the fast banked downhill bike trails , feel that is more appropriate at ski areas than our walking paths	6/25/2021 8:00 PM
446	Hubbard park is an amazing resource, but I worry that we continue to expand it at the expense of shared green space through the city. Those of us on that don't live near Hubbard park have to travel across town to utilize. Additionally, unless it is providing green space where it currently doesn't exist the city should not be in the business of buying land to protect wildlife necessarily. As we work to mitigate climate change in Vermont concentrated development will be critical, preventing development in downtowns will exacerbate the need for people to travel and will impact wildlife and other natural resources in surrounding towns.	6/25/2021 6:43 PM
447	Montpelier needs more bike paths and mountain biking trails. We also need more open spaces that are off leash dog friendly. There needs to be a better source for maps of trails highlighting rules and parking.	6/25/2021 6:21 PM
448	Keep Hubbard Park Off Leash for Dogs. Aside from a vocal minority it continues to work. There are already plenty of other non-Dog or leash only parks and rec areas in Montpelier.	6/25/2021 6:02 PM
449	Got kind of lost in the north end of Hubbard Park trail system recently so I think more signage or color markers on trees would be helpful. Also “you are here” pins seemed to be missing on the trail maps out there. But thank you for those maps and the signage you do have up. We are so lucky to have you and the beautiful trails through park lands. Keep up the amazing work!	6/25/2021 3:53 PM
450	I love our parks overall! Please mow the pocket parks more often and consider plantings. They are often overgrown/neglected, For example, neighbors end up mowing the Summer Street Pocket Park and the bushes there have looked terrible for years. Overall, keep up the great work!	6/25/2021 3:19 PM

453	Montpelier has a myopic view of its rivers. They don't just flood. At a time when many municipalities and cities are re-discovering and embracing their rivers, and gaining huge economic benefit, with lots of visitors and festivals, we aren't. Instead, we were going to block out even more of the rivers by putting in a huge parking garage. With some work on the dams and Wiers, Montpelier could become a real destination for families, picnickers, tubers, kayakers, and canoeists. Think playgrounds by the rivers, boating access, restaurants by the rivers. Visitors would stay in hotels and B&Bs; buy gas, groceries, sporting gear, and crafts; and eat in restaurants. And it would be a whole lot of fun.	6/25/2021 1:07 PM
454	Please do NOT expand mountain biking trails!	6/25/2021 10:34 AM
455	Aside from creating longer trails, my biggest issue is related to the Nordic ski trails being obliterated by non-skiers.	6/25/2021 10:23 AM
456	settle to leashed vs. un-leashed dog issue install public toilets on the new bike path and downtown better connect the train station to downtown	6/25/2021 10:22 AM
457	I don't enjoy sharing trails with bicycles. The bikers go too fast, and don't yield to walkers as they are supposed to. I hope that we can keep Hubbard Park a walking park and North Branch the biking park. I am seeing more and more bikes in Hubbard, and it definitely negatively impacts my experience, especially because they rarely yield, and just zoom right at me. Additionally, I wish there were more sidewalks up to Hubbard Park. I walk up to the park, but the only road with a sidewalk going al the way to the park access if the one behind the statehouse. And from the meadow neighborhood the road is narrow and cars go fast. It is especially challenging to walk in that way during winter, when the snow plow often comes when I am walking. There is no where to really go to get out of it's way. I would love an access for pedestrians, either a sidewalk, or a trail up through the woods somehow, on that side.	6/25/2021 10:04 AM
458	I think we should have an enclosed dog park!	6/25/2021 9:50 AM
459	I'm very satisfied with all that Montpelier has to offer. I think property taxes are too high and will move in the future as have many other people who feel the same. We are being priced out of this beautiful city.	6/25/2021 8:45 AM
460	Montpelier's parks and access to them is a one of the main reason's my partner and I moved to downtown. Access to protected and well maintained natural areas is a basic human right.	6/25/2021 8:34 AM
461	I always take my dogs with me. Areas that allow dogs off leash - and protect wild animals from hunting, etc - are most important to me.	6/25/2021 8:10 AM
462	Will give this more thought than <10 minutes :)	6/25/2021 7:58 AM
463	I mentioned this earlier but I think something has to be done about the state of the roads and about designating bike lanes: it would be great to be able to ride downtown from, say, Murray Hill, without having to ride on Main Street. Barring that, how about a bike lane without potholes or other road flaws that can be dangerous to riders?	6/25/2021 7:52 AM
464	My dream - well one of them - would be a trail along the North Branch linking downtown to the Nature Center.	6/25/2021 7:42 AM
465	I would love to see a dog park!! I would also love to see better river access. A beach area, kayak dock, more recreation areas around the river. I also would love more playground equipment for our younger Montpelier families. Finally, I think it is a huge Shame that we do not have better indoor facilities! Winters are long and there is a huge lack of indoor rec facilities.	6/25/2021 12:57 AM
466	Again, less is more. Let the beauty of nature just be. Use what we already have and just maintain that. Stop trying to add more. I miss the old New England town this used to be. Mom and Pop stores, simple entertainment and activities, and a welcome sign that was actually welcoming - not reminiscent of A strip mall. So, so wrong.	6/25/2021 12:46 AM
467	Continue balanced approach to balancing parks with city spending. Get serious about connecting more parts of the city with bike trails.	6/24/2021 10:32 PM
468	Thank you!	6/24/2021 10:16 PM
469	Would LOVE some single track logs to practice riding over when mountain biking in North	6/24/2021 10:11 PM

Branch! Then the trails would be perfect.

470	Thanks!	6/24/2021 9:39 PM
471	More events offered at parks (e.g., yoga/exercise classes) and bike rentals available for biking the path and trails. Disc golf basket at park for practice throwing and putting.	6/24/2021 9:33 PM
472	-The pool seems a little expensive for residents. I understand that money is tight, and there's an option to buy a pass to get a discount, but it still seems expensive for occasional use as a resident. -Other than having more small playgrounds, no real complaints!	6/24/2021 8:46 PM
473	Montpelier is already a destination of sorts. If we connect the bike path to Berlin/ Barre and connect Nature Ctr/Hubbard park with a trail to Middlesex and Worcester (multiuser trail for walking skiing mtn biking). People would come here. We are a region and Montpelier is the gem at the ctr of Middlesex, Worcester, Calais, E Montpelier, Woodbury, Berlin, Barre, Plainfield. Time to pool resources for longer trails to make walking/biking vacations like Europe a thing!	6/24/2021 8:16 PM
474	More bathrooms in various locations would be AWESOME! And I love the xc ski trails off of North Street. What an amazing resource!	6/24/2021 8:04 PM
475	Thank you! I love Hubbard Park so much, and the improvements are great!	6/24/2021 7:49 PM
476	Dog poop dispensers - too few or not getting emptied. Too few trash receptacles or improved communication on pack it in, pack it out. Future focus on more "circular" paths/trails so you don't travel the same way there and back	6/24/2021 7:48 PM
477	Thanks for creating this survey. A similar process should have happened before the bike trails went in. That's become a recreational opportunity used by largely affluent members of the community and changed access for the rest of us. It's become an unpleasant place to walk and run because of bikers who often don't use good trail etiquette, including ceding the way to pedestrians. Any further changes to the parks and natural areas should involve as much community engagement as possible.	6/24/2021 7:39 PM
478	Mountain bike trails at north branch feels antithetical. I was always under the impression North Branch trails were reserved for hikers and wildlife, hence on leash dogs. The new mountain bike trails feel like an aggressive use of space, and the trails which bank and bend against contour will be a permanent presence in the forest scape.	6/24/2021 7:15 PM
479	There is no signage anywhere downtown that I have seen that points you to parks. And hubbard park would look so nice with some pretty signs pointing the way, considering how nice some of the trail signs inside of it are. I mean I dont think anyone would ever "stumble" upon some of our parks like hubbard - you have to already know what you are looking for. Also, it would be great to see some new trees and bushes planted at green mount to offset whatever has died or been cut down. It feels like a park and a very peaceful, historical place - it would be great to see it get some love.	6/24/2021 6:57 PM
480	More accessible trails for wheelchairs and stroller running!	6/24/2021 5:55 PM
481	I love Hubbard Park and the Wrightsville Reservoir area for walking our dog.	6/24/2021 4:27 PM
482	Dogs off leash is a problem for me and I am a dog owner. Also pet waste is another problem which becomes most evident in Spring as all the frozen waste thaws. It might be helpful to have signage that educates pet owners of the environmental impact of dog waste, especially when we have our pets along the waterways. Besides, how screwed up is it to think we want all this crap while out in nature. As a pet owner, I believe we all need to be more responsible over what our pets do in public.	6/24/2021 3:33 PM
483	I think they could just be advertised more so that people could use them more! I think it would also be neat to use these spaces for outdoor concerts or theater events. I also think updated facilities and expansion of bike paths (not mountain bike) and things would increase use	6/24/2021 3:12 PM
484	Hubbard Park is a treasure. It's well maintained and the new signage is fantastic. I do think the dog issue needs to be resolved. I am not currently a dog owner but I think a dog park there or elsewhere with plenty of room for dogs to run is needed.	6/24/2021 2:25 PM
485	I would like to see continued inter-municipal coordination - like the nordic ski trails - that grows the network of trails and allows users to set off on longer adventures through and around the city.	6/24/2021 2:18 PM

Montpelier Outdoor Recreation Survey

486	Outdoor recreation is very important and under supported by the city.	6/24/2021 1:48 PM
487	I think we should have more parks and wildlife areas.	6/24/2021 1:13 PM
488	I just moved here from Wisconsin--it is so very beautiful here! I wish I could ride around on my bike (from my home) more safely.	6/24/2021 1:07 PM
489	Thanks to the Youth Conservation Corp for all their work on the parks.	6/24/2021 11:45 AM
490	I love Montpelier and we are so fortunate to have our beautiful parks system. I believe it is understaffed (though Alec works very hard) and should not rely so heavily on volunteers such as Americorps. I really believe we need to get more money into the system. Surely there are grants for creating and maintaing more ADA trails out there? I had personally witnessed grant money being used to develop beautiful ADA trails and recived once such grant myself, though for work in another state. Money is out there. Just think what could have been done with the money spent on mall signs from Rhode Island. Also, more access to the rivers is critical.	6/24/2021 11:24 AM
491	Leashed dog parks need to be better regulated. The amount of off leash dogs is incredibly problematic.	6/24/2021 10:48 AM
492	I love the rec path, and that I can use it instead of streets to connect to different parts of Montpelier on foot. Would love more green landscaping next to it in the newer portions.	6/24/2021 10:40 AM
493	Montpelier Parks and recreation field has been a savior through the pandemic days. Helped me stay fit and sane through the terrible lockdown days. Large open spaces meant easier to maintain a social distance.	6/24/2021 9:10 AM
494	Montpelier has a robust park and recreation offering. I don't think more money is the way to improve the parks. I think the community would appreciate an active role in making our parks and public spaces great. This would give us more of a sense of ownership. Ask for volunteers to mow the grass, have more trail maintenance days, teach about beautification and how to prune trees. There must be a log of opportunities. Advertise them and call for volunteers in the bridge events section. Parks shouldnt just be about play but also learning and community engagement. Some of the best memories I have about community was shortly after tropical storm Irene and how the entire community and the mad River valley came together to help each other. Whether it was shoveling out basements cleaning public spaces helping to cut trees, you name it, people did it. I've never been more proud to be a Vermonter in that moment.	6/24/2021 8:51 AM
495	Dogs. Every single dog owner says their dog is friendly when their dog comes up to you. Most owners allow their dogs to roam freely and approach anyone with very little attention paid. I was bitten by one of these dogs. I'd like to see an enclosed dog park available and then all dogs in Hubbard park leashed. I'm tired of hearing "oh, he's friendly" when I don't want dogs approaching me. And very frequently they are not under voice control if the owner even bothers to attempt to control them.	6/24/2021 8:49 AM
496	Accessibility to parks is the number one reason why I love Montpelier. I live and work downtown and appreciate the ability to be out in the woods within 5 minutes without driving. If everything stayed the same I'd be perfectly happy. If green spaces expanded or improved I wouldn't complain although I'm not sure I'd argue for reallocating additional scarce resources to parks.	6/24/2021 8:45 AM
497	Get on the State to release Riverfront on the Winooski to turn into graded green spaces	6/24/2021 8:27 AM
498	Create more recreational use if the River front! Parks, kayaking, biking, picnic shelters...this would attract more visitors and residents to Montpelier and perhaps bolster other development of restaurants, shops and cafes along the River front...maybe even outdoor concerts and events!	6/24/2021 8:14 AM
499	It'd be helpful to add educational signage about the carbon sequestration benefits of the parks (especially Hubbard), as that would be interesting and also help build political/budgetary support for new land acquisition	6/24/2021 7:56 AM
500	I think I would prefer more land for our parks then anything else!	6/24/2021 7:32 AM
501	So glad you're doing this survey. I'm a fan of Montpelier Alive and appreciate your work on this and so many other civic-minded projects. MA is a huge part of making Montpelier a terrific area to live. Keep it up!	6/24/2021 7:21 AM

503	The baseball field is a big draw for us and there is a lot to do there. I would love to see more going on there...	6/24/2021 7:03 AM
504	We need a river park with a standing wave to attract kayakers and surfers!	6/24/2021 6:40 AM
505	On parks: We could do a lot more to use parks for connecting our communities and neighborhoods. Having a comprehensive network of trails connecting to surrounding towns and focal points with Montpelier would be visionary. On Rec: of the two, I feel that the Recreation side of the equation is in need of the most help. The "department" suffers from lack of progressive thinking and leadership. Facilities within Rec's preview are woefully inadequate.	6/24/2021 6:21 AM
506	Montpelier parks are AWESOME! No one respects rules about dogs on leash, however, and this has turned Montpelier parks into a giant dog park. The problem is that 90% of the population would love to access the park, without dogs or with dogs on leash, and isn't comfortably doing so. So they just skip. It's a serious problem. This survey won't provide the real feedback you're looking for because so many people will roll their eyes and not respond (due to the leash issue and the fact that the parks are really inaccessible). So, good luck with this. But you'll never see elderly residents in the park. You'll never see others in the park who can't for whatever reason deal with dogs off leash in the park. But Montpelier does a great service for the 5% of its residents who use the park and insist on having their dogs off leash. You can tell I doubt there's any way you can deal with the dog-mob.....	6/24/2021 12:01 AM
507	I have not enjoyed the Nature Branch trails as much since the upper trails are opened to the bikers. They often do not watch out for hikers and dog walkers as they come off the trails. I believe that at least 2 of the bike trails are badly designed whereby the bikers come down from the hill and run directly onto the main trail at a very fast pace. I have almost been hit a couple of times and it has scared my dog. It spoils the quiet and beauty of my walking experience. Please redesign some of the trails so that the bikers come off the hill in a different way so that they are not endangering the walkers. Please design additional places where dogs have a chance to run off leash!	6/23/2021 11:44 PM
508	I really appreciated Alec's regular postings on Front Porch Forum this past winter regarding when trails had been groomed. I hope that those FPF updates will continue in the future. I would love to see the city complete a purchase of Sabin's Pasture and realize the vision of additional park land there. Also, it would be great if the land in the area of Redstone could be purchased and developed in terms of offering additional trails.	6/23/2021 11:31 PM
509	We love NBNC and really cherish that land and are there in all seasons. Hubbard is wonderful but I have two small kids and have been freaked out by large dogs approaching us off leash with no owner in sight (or far behind their dog). I say this as someone who loves dogs/has a dog but when you're alone with two wee kiddos and a big dog comes running up and circling you - its a little jarring. We've also done a few walks at Hubbard where we have gotten kind of lost because of some confusing signage. I would love to enjoy that space more and explore the trails more but those two things keep me from returning more often. We LOVE the story walks at the park and at other parks - they are huge draws for us and we always go when there is one up. We would frequent the Siboinebi path as well but..the poison ivy is so bad it is really not a relaxing walking/biking/scootering experience with two little kids who like to wander. As a Montpelier homeowner, I would be comfortable with a tax increase resulting in more parks/land buys/conservation. I love this city and its parks!	6/23/2021 10:13 PM
510	dedicated pickleball courts like the ones in Barre. Paved bike trails all over the city.	6/23/2021 9:57 PM
511	Would love to see the upper NB. Sparrow farm trail made into more modern bike trail like the new trails below, or parallel bike trail. Wish there was a true bike trail from Hubbard Park (top of hill) connected with the stump dump/NB parking	6/23/2021 9:39 PM
512	Keep up the great work, Montpelier. Proud to live and work here!	6/23/2021 8:57 PM
513	Fix the Roads and avoid deferred maintenance - they will not get better if you ignore them. Take care of what we already have first before adding "something new".	6/23/2021 8:37 PM
514	More hiking trails. Mtn bikes now dominate North Branch and make hiking unpleasant at times. Continue and expand nordic ski grooming. Mandate leashes for dogs. Develop more river access.	6/23/2021 8:21 PM
515	Update and repair the fitness trail. Parts of it are rickety and unsafe. I much prefer the fitness	6/23/2021 7:47 PM

trail over a gym membership. For instance, pull-up bars that don't rotate. Make monkey bars that aren't so high up. The vaulting station is rusty and loose. Hubbard Park is wonderful - so grateful for the MANY hours our family has spent there!!

516	The parks here are some of the best of any place I have lived. Keep up the good work	6/23/2021 7:33 PM
517	Work with CrossVermont Trail to finish bridge and bike path connection from Montpelier to East Montpelier and beyond so that we can ride bikes on safe no-traffic trail. And build a park near college street neighborhood, beCause we are a long walk from Hubbard Park so we only go there on occasion. City should buy land in Sabins Pasture before it is too late and that land gets developed. Also, we cross country ski outside of Montpelier (at Craftsbury) because the trail maintenance in North Branch Park is weak and trails are too narrow and steep.	6/23/2021 7:01 PM
518	Outdoor recreation is a great economic driver and becomes a reason to visit and move to Montpelier!	6/23/2021 6:50 PM
519	Prioritize native wildlife habitats! Be conscious of wildlife that uses the area as a "stop-over" on their way to other locations. Landscaping, urban design planning, and human interaction should all be designed with our FULL ecosystem in mind. Thank you!	6/23/2021 6:37 PM
520	More trails! Better signage and markings on Hubbard Park and North Branch side trails. No off leash dogs in Hubbard Park. More Hubbard Park access points.	6/23/2021 6:24 PM
521	love the nature center	6/23/2021 6:19 PM
522	We need a Dog Park in Montpelier that is fenced in. At the Waterbury dog park at least 15% of the visitors are from Montpelier. Another 10% are from surrounding areas to Montpelier that would prefer a park closer to Montpelier.	6/23/2021 5:47 PM
523	safe biking routes!	6/23/2021 5:43 PM
524	We need more trails by the north branch and on north street.	6/23/2021 5:39 PM
525	Great job	6/23/2021 5:31 PM
526	Montpelier should have a trail system that is easily accessible to all residents to provide access to protected areas ((parks). A new park should be created on a portion of Sabin's pasture (that side of town does not have easy access to a park). The City should work with Alan Goldman to conserve and create new trails on the large parcel of undeveloped land west of Terrace Street, either through fee purchase or easements, more new parks should be located along the city's rivers, with direct access for boating and swimming, the system of nordic ski trails should be expanded to outlying areas (primarily on private land through landowner agreements or permanent trail easements if possible)	6/23/2021 5:29 PM
527	keep some parks alone for wildlife and leashed dogs, lost that when N Branch got the bike trails (although I know that was likely an economic boom)	6/23/2021 4:24 PM
528	More fishing. For instance, where Elm st and Summer St meets is a little park. It has canoe and kayak launch. It needs fishing access, state stocked trout and handicapped fishing access.	6/23/2021 4:21 PM
529	We are lucky to live in a community with such amazing forests and parks. I only wish more efforts were put into land conservation and not just recreation. There are way too many trails and way too many multi-use trails. Hiking and biking are incompatible. It would be better to have dedicated trails for biking and dedicated trails for walking...,and more places with no trails.	6/23/2021 4:10 PM
530	I think the parks are fantastic. Access to Hubbard Park is one of the reasons we picked our current home. It would be great to come up with authorized/permitted access to some of the large plots of land around Montpelier like Sabin's Pasture and Redstone.	6/23/2021 3:31 PM
531	I love our parks! We are so lucky! I would love a fenced in dog park.	6/23/2021 2:27 PM
532	The winter street snow removal operations and budget could be streamlined to provide more funding for parks. At the same time, I'd rather see a stronger (as in, any) pavement management program from the DPW. I think the Parks department should spend more money on trees, and develop stronger volunteer programs to help take care of trails. I have done trail work in Hubbard Park to fix drainage areas and keep trails clear, even without a program. The park needs a big picture look at drainage infrastructure. For example, old road from Hubbard Park Drive to the New Shelter has some water bars that are barely visible. Cleaning up that	6/23/2021 2:20 PM

Montpelier Outdoor Recreation Survey

drainage by reforming those water bars would help keep that safer for xc skiing in the winter and less muddy in the spring. Drainage off the trails the field leading down to Winter Street (near the mown maze) could also be improved. Also a spot on the trail just uphill from the Frog Pond -- again, there are faint remnants of long-ago water bars. In terms of off-leash dogs, I would like to submit that many people have built their lives (where they bought a house) based on Hubbard Park's off leash access. Therefore, I would like to see Hubbard Park remain the same for dog access, but develop more trails without loose dogs in the "new" former country club area. A priority for a possible fenced off-leash dog park should be other parts of town, not near Hubbard Park. It would be great to have off-leash dog parks (for dogs), small natural areas (for the adults), and playgrounds (for the kids) within walking distance of most of our population. For those smaller, pocket natural areas, an emphasis on creating mini oases for wildlife (natural plants and drinking water) would support interest for adults. This could be a place to sit and read, or a place for seniors to enjoy lower-energy activities such as birding or wildlife watching program. This could include wildlife cameras (online) partly to help "reel" people into the pocket parks. I love the Summer Street park, but it could have better features than trees and lawn with a couple benches. I know this is "new stuff," but to the extent possible, seek to leverage these programs with friends groups and volunteer groups because my taxes are high enough. :) Having a staff person whose primary responsibility is to seek private donations and work with volunteers might be a good investment.

533	More walking areas not more places for bikers and skiers. Walkers should be top priority, not bottom of the pile	6/23/2021 1:52 PM
534	Thankyou for all you do and keep up the great work. Montpelier is a very special place.....	6/23/2021 1:46 PM
535	Not sure it makes sense to provide play space for dogs. Aren't we doing enough just to take care of people?	6/23/2021 1:37 PM
536	I love the ski trails, thanks for grooming!	6/23/2021 1:31 PM
537	Bring terms of Parks Commissioners in line with other City Boards & Commissions, only Parks & Green Mtn Cemetery have 5 year terms.	6/23/2021 1:15 PM
538	More enclosed dog runs please, but otherwise thanks for the hard and good work!	6/23/2021 1:01 PM
539	Having more trails would be great. I love walking the local nature trails but it's getting more crowded and less like serene nature. (perhaps that is just a result of covid times, though.) Having these trails right in Montpelier is what I love about this city. I don't have a dog but enjoy meeting up with dogs along the way, and I want them to always have a place to walk as well. I just think more trails would improve the city and also to have some new different trails for bikes or different lanes for bikes than for walking. Lots more people walk on the Montpelier "bike trail" than bikers. Also, it would be good to have trails groomed for x-country skiing during the winter that are free. And of course it's important to have group spaces for community events or even for families to gather, or small group events as well. The economic development part is good when it focuses on sustainability BUT, often it just seems to make things more crowded and creates more needs that then have to be economically developed to meet those needs and the cycle never ends. Too much development can ruin what we love about this place - I've seen it happen to other areas. Keep it sustainable. Look at the long term effects and what size community is sustainable. Thanks for asking us all these questions and tapping our thoughts. I love living here and hope to stay here for the rest of my life.	6/23/2021 12:50 PM
540	I'm a dog owner who knows that people stay away from Hubbard Park because of off-leash dogs. Although it might cause an uproar, Hubbard Park (and the citizen of Montpelier) would benefit from designated areas where people can visit with confidence that dogs will be on-leash. A SINGLE TRAIL (just one) from the Hubbard Park road at 7 Fire Places and through to Finch Road (near the Stump Dump) could link biking opportunities from the park to the other size of the North Branch to the MAMBA trails. Otherwise, mountain bikes SHOULD NOT be in Hubbard Park.	6/23/2021 12:47 PM
541	Montpelier Parks staff are great and should get paid more! Other thoughts: It would be great to think of our parks as wildlife connectors as well as places for people to enjoy. I like the rustic nature of Hubbard and North Branch Parks. My family doesn't use playgrounds anymore, but when our kids were little we did wish for more playgrounds/run around spaces away from traffic that had places for us tired parents to sit. We regularly traveled to other towns to visit new playgrounds to try out different playground equipment and structures. I'd bet a really cool and unusual playground would bring lots of people into town. We have both hikers and mountain bikers in our family, and a difference of opinion on how many mountain bike trails to build. Two	6/23/2021 12:28 PM

out of four of us would love to see more mtb trails, while the other two feel a bit put out by them since they aren't really multi-use trails and are hazardous for walkers. We also worry about the impact of more trails (both for hikers and bikers on wildlife). I love the idea of expanding Hubbard Park and am in complete support of that. If, however, I had to choose between expanding HP and creating green space along the rivers downtown I'd choose the latter. Making Montpelier unique in terms of walkable green paths along rivers (with places to sit and eat, buy unique crafts, books, and other items) would bring in a lot more people than having a conference center at a hotel like every other city in the country. AND it would make this place an even better place to live.

542	I'd love to see a dog park in town.	6/23/2021 12:10 PM
543	Unfortunately, I don't have any thoughts at this time. I think if I were to investigate what other towns/cities are doing for recreation, I might find something that would be nice for our small town. But, I haven't done that. There are probably some very cool ideas out there, but I am not aware of them as yet. Our small size, lack of available land, and tax base might not support many of the ideas that larger towns would be able to facilitate.	6/23/2021 12:02 PM
544	While I understand why the extra mountain biking trails were built at North Branch, I think they've done more harm than good. As a daily walker of that park, I've felt forced off the trails by the number of bikes that come at me both ways. The peacefulness and serenity that came from walking through the forest has been disrupted. I've seen more squished snakes, mice, chipmunks than ever before. The trails weren't designed or built with any respect for the land (see how the Cascades outside Worcester were built for an example of what could have been). It feels like North Branch has been converted to a mountain biking park. I find it unfortunate because NB was a beautiful parcel of land and I think the trails have ruined the forest.	6/23/2021 11:44 AM
545	Walking in our Historic Downtown is a Outdoor Recreation activity that lots of people enjoy and should be included in any development and programing. This should be included in any plan or promotion.	6/23/2021 11:28 AM
546	I am very proud of our parks. However, I wish there were parks along the river. It is a lose of what could be a beautiful space.	6/23/2021 11:26 AM
547	I believe this is already one of your goals, but having access to trails within a short walk for everyone in the city would be amazing! This would require adding new parks (ie. Sabin's pasture area), but I really believe that 'if you build it [trails], they will come'!	6/23/2021 10:58 AM
548	Thank you parks department!!! Great work keeping our parks and trees healthy. Hubbard Park is such an amazing park, it would be great to update the fitness trail and other trails within the park.	6/23/2021 10:52 AM
549	Montpelier Parks are great!!!! What always make thing even better, in my thinking, are ways that improve community, relationships and possibility..... and things that provide synergy. What partnerships and possibilities are win/win. ie, could there be a grant that sponsors the start of a junior naturalist program, or local birding group, local tree group, a local natural history group...	6/23/2021 10:49 AM
550	Do what you need to do.	6/23/2021 10:41 AM
551	Don't forget about Toy Town! I know we're on the outskirts but we like trails and access to parks too. Again, a pedestrian bridge (perhaps near the railroad bridge) that grants access to the wonderful evolving bike path would be amazing for the folks in this neighborhood. Thank you!!!	6/23/2021 10:34 AM
552	I am pretty happy with what is going on now	6/23/2021 10:29 AM
553	Please require that dogs be leashed at ALL times. I do not want to be sniffed, jumped on, attacked, etc. I do not care if your dog is being friendly, I am terrified of any dog larger than a football.	6/23/2021 10:25 AM
554	Maybe having job related internships for tweens who can't get jobs. Make it fun yet establish good skill to set them up for employment. Have them build and maintain trails and parking areas. And more access to the city pool! Better hours! Like laps from 6-8 so I can get to work!	6/23/2021 10:22 AM
555	Keep improving the Siboinebi Path. Address connecting the new path to the newly paved section adjacent to Shaw's. Improve the old path. Repair the section near the high school where the path is slowly falling down the bank. Try to get rid of the Japanese knotweed and replace it with trees and shrubs.	6/23/2021 10:21 AM

Montpelier Outdoor Recreation Survey

556	I'd love to see a splash pad/park. We are the capital of Vermont and I feel like this would add a unique feature to our quaint downtown.	6/23/2021 10:17 AM
557	I love Hubbard Park except for owners who have their dogs off-leash. They terrify my grandchildren when we are walking there. I think an enclosed dog park would be a great addition.	6/23/2021 10:01 AM
558	A true fenced dog park and Nordic ski trails in Hubbard park and elsewhere in the city, maintenance/upgrades at elm street would be the priorities I would like to see. Thanks!	6/23/2021 9:58 AM
559	I think Hubbard Park is a treasure. I love the hike up to Sibley. Keep working on a longer bike trail.	6/23/2021 9:58 AM
560	I would love to see us expand our bike path and see restaurants right off the path similar to Stowe. Also outdoor spaces with games for kids	6/23/2021 9:54 AM
561	I think I've mentioned everything that's important to me but I'll repeat it here: 1) The public swimming pool is a vital asset, not only for my exercise in the summer, but also as a place to take my grandchildren. It badly needs an upgrade; 2) There are not enough good public playgrounds in this town; 3) There should be more downtown park areas that allow people to sit down and eat; 4) More riverside areas of downtown need to be improved and open to public access. I didn't say this in the survey, but I think we have plenty of trails in this town and I think the parks department does a good job of maintaining them. I walk in Hubbard Park every Tuesday morning and those trails are in good shape summer or winter. Those folks do a great job.	6/23/2021 9:51 AM
562	Some nature-interpretive trails would be nice. And, as stated above, it should be required that dogs in Hubbard Park be leashed, and there should be an enclosed dog park where unleashed dogs could run/play.	6/23/2021 9:50 AM
563	Improve sidewalks	6/23/2021 9:41 AM
564	Walking tours of the city focused on history and architecture, either (or both) guided and free pamphlets.	6/23/2021 9:34 AM
565	The bike path is amazing, but the section downtown (especially around the intersection of Main/Barre/Shaws) is really confusing and dangerous to navigate. I'd love to see increased safety in that intersection to make the multi use path feel less stressful!	6/23/2021 9:26 AM
566	I am relatively new to Montpelier (3 years) and love this city. Easy to walk to places. Has so much potential to be a recreation hub in VT being the capital and central location (sort of). Would love to see SAFE biking options to get around the city. Biking is a big draw to VT and a big potential economic engine with so many rail trails getting completed, mountain biking trails and beautiful scenery in our state. I want to ride more but hate riding on heavier traffic roads to get around. Very scary. We could become the model small city for biking and alternative transportation access. Would be great for the economy and line up with most residents' views.	6/23/2021 9:26 AM
567	Maybe if there was a map downtown that showed you how to access all of the trails it would be nice. There were many parks listed on this survey I hadn't heard of	6/23/2021 9:18 AM
568	The basketball court and skateboard park is sub par. On top of that, last few times I went to the basketball court it was being used for street hockey. For that reason, there was NO basketball court in Montpelier. I went to Waterbury and their court is so much better than ours because of the size, surface, upkeep and maybe location. You wonder why there are actual pick up games there. People who play the game do care and know the difference.	6/23/2021 9:12 AM
569	We have too many parks & our taxes are way too high. All of those mini parks in downtown are taking up parking spaces making it difficult to park & support our local businesses; thus we almost always go out of town	6/23/2021 9:09 AM
570	There needs to be a way to let people feel safe. Currently the homeless have overrun the current bike path. We should be able to use this path and feel safe.	6/23/2021 9:07 AM
571	We have wonderful parks and outdoor recreation areas already! I have noticed how much improvement has happened on the North Branch trails and Hubbard Park, in part thanks to our wonderful AmeriCorps service members. Huge thanks to Parks staff and volunteers for their continued work. If nothing else happened but continued maintenance of what we already have, I would be thrilled. Almost daily I am in a Montpelier park and after 11 years have not stopped marveling at the fact that if it weren't for the parks, I don't think I could live here (I would have	6/23/2021 9:04 AM

Montpelier Outdoor Recreation Survey

to be out in the country where I could have regular access to nature and the woods). Thank you. ALSO - it's a wonderful thing that nordic ski trails are kept open and available thanks to parks staff and the team of volunteers. Thank you for that as well.

572	I think folks do not take care of these areas especially with picking up after their animals. Feel that dogs off leash is a deterrent for myself. Our family have had dogs and took care of them and followed leash laws. Now folks just do as they please.	6/23/2021 8:55 AM
573	I really value our trails (North Branch & Hubbard) and bike paths, and feel really lucky to have these amenities so close to home. I do feel some signage could be improved and would LOVE to see Hubbard expanded.	6/23/2021 8:49 AM
574	Do not clutter places with signs. The downtown signs are unnecessary eyesores. People find their way through cellphones. Montpelier is charming the way it is. Resist modernizing or you'll make it look like a suburb instead of a town. Visitors don't want what they've got at home. Keep us different.	6/23/2021 8:45 AM
575	Our Parks and Rec offerings are awesome. They add immeasurably to our quality of life here. I think they are currently run very well. Perhaps we could contribute to purchasing more land to set aside for this.	6/23/2021 8:45 AM
576	I want to retain Hubbard Park as a quiet sanctuary, where relief can be had close at hand from the loud frenzy of modern urban life. The move in recent years to see Hubbard Park as more of a outdoor sports center and as a dog park is wrong, in my view. Other outdoor spaces within the city are better locations for these activities. Separate matter: this questionnaire was missing items one and two; it began with item number three	6/23/2021 8:45 AM
577	I love the park system here. Maybe my answers don't show that, but I am sincere. Part of what makes Vermont so great is the ability of easy access to nature.	6/23/2021 8:43 AM
578	Expand Hubbard Park! (purchase the adjacent parcel)	6/23/2021 8:42 AM
579	We should really have a fences in dog park. This could help with some of the issues many face with off-leash dogs in Hubbard Park and could build a sense of community, especially among young people. I personally have a group of friends that all go to the Waterbury dog park for playdates. We all get coffee out of town when we do this and people from outside of Montpelier/Waterbury often come. Perhaps a dog park could be an incentive to move and/or spend more money here.	6/23/2021 8:42 AM
580	Clear out the fallen trees!!!	6/23/2021 8:24 AM
581	Many visitors walk to Hubbard Park on Cliff Street. My concern is the terrible state at 1 Cliff Street. Hoarders live there. I have asked Chris Lumbra to look into the situation with no results. It is a dangerous situation for the children that live there and an eye sore for visitors walking to our lovely Park.	6/23/2021 8:18 AM
582	I appreciate the survey, the possibilities, and the good work done so far. I would rather this area not become a big recreation destination for people. One of the things I most enjoy about Montpelier is small size and familiar faces.	6/23/2021 8:09 AM
583	I have lived in the city for 30 years but had never heard of a couple of parks (Blanchard, Stonewall Meadows). Since we are paying for parks, the city should make sure we all know about all of them.	6/23/2021 8:07 AM
584	Re engage the river more. Start with getting Confluence Park completed and the in-river work underway at the Bailey Dam to establish better whitewater opportunities - See https://www.millcitypark.com/	6/23/2021 7:39 AM
585	Hiking and ski trails maintenance would be nice. From recent Front Porch Forum discussions, a dog park seems warranted and might help decrease unleashed dogs while walking/skiing in Hubbard Park.	6/23/2021 7:16 AM
586	I really feel fortunate to have easy access to Hubbard Park and the North Branch trails. They greatly improve my quality of life. My one complaint on the North Branch trails is since the addition of all the mountain bike trails, some riders are not very safe on the multi-use paths. As a long-time runner and walker on those trails, I'm more nervous about my safety after almost being run into by a biker. Increased signage on the multi-use trails might help. I'm happy for the additional bike trails for all the bikers, but would like to continue to enjoy using	6/23/2021 7:11 AM

the other trails safely. Thanks to all those who keep these trails maintained and available!! I really appreciate it!

587	The ski trails are great, and I've decided to learn Mountain Biking now that there's fancy trails in the park. Even though I de-prioritized events in the survey, I would definitely attend more music events (they were just secondary to sports-type recreation). Would also take advantage of equipment demo days, like a chance to try out Fat Bikes.	6/23/2021 7:03 AM
588	Better trail markers esp. for NBNC MTB trails; dog park!; Improved printed map of entire network of trails in Montpelier	6/23/2021 6:43 AM
589	None	6/23/2021 6:39 AM
590	Is the water fountain at the new shelter working? Perhaps water fountains at each of the shelters or privy sites. The section about use of parks was hard to answer as I don't go regularly but go to HP or SP somewhere between the never to rarely option and the next one up. At times I go to Sabins Pasture 1-3 times a week, but other times never to rarely. Although I don't go regularly, the parks and open spaces are extremely important to me.	6/23/2021 6:21 AM
591	Love bike path and Hubbard Park but have avoided these during COVID, crowds. Walk on National Life property. Looking forward to Confluence Park. Peace Park end of bike path maintenance upgrade? Dog park? I don't mind paying taxes for Parks but fee based question is different, conflicting and confusing even if you aren't doing this.	6/23/2021 6:20 AM
592	Montpelier has done a great job with parks and recreation. Hubbard Park and North Branch are gems of the city. Please keep supporting and maintaining these. I'd like to see benches at the new recreation path bridge entrance on Main Street next to Shaws and make this a welcoming and visually appealing spot to attract walkers and cyclists. This would be a great spot for a map that shows the path and where other parks/green spaces are in town. The new transit building and that stretch of River would be a great location for a river walk/ green space. Park-let's are a waste of good parking. There are better places to add green space. A big thanks to all who have brought us the Nordic ski trails. Keep adding to these! Many thanks for this opportunity to provide feedback.	6/23/2021 6:18 AM
593	Investing in maintaining signage would be a great improvement. Many of the signs are old and dilapidated. Having paid crew that maintain hiking, biking and ski trails would be a plus as well. Encouraging tourists to utilizing our parks would be a great financial boon for the community.	6/23/2021 6:02 AM
594	I love Hubbard Park and wish I had time to use it more.	6/23/2021 5:56 AM
595	Dog poop can be a serious problem on the bike path at certain times of year. Appreciated the event to clean it this year, although it would have been good if it had not been needed! The section of the bike path near sarduccis is not great - very narrow and bikes have to turn off/use roads/cross bad condition tracks - would be great if that section was improved so easy connection in that area. Love how the bike path is an easy bike connection across town so you can avoid riding in downtown traffic!	6/23/2021 5:52 AM
596	Have a safe small dog park.	6/23/2021 5:34 AM
597	I am concerned about the power & influence of the mountain bike community in determining the needs of ALL residents. They are a highly resourced group (non municipal funds) for a sport that isn't financially accessible to everyone. The trails are really only designed for biking & aren't great for walking, running, skiing etc. I hope expansion of these types of trails isn't a priority. I'd also love to see issues around racial bias & outdoor recreation/ spaces become an area for focus for our progressive little town.	6/23/2021 2:18 AM
598	I'm very happy with our parks. I use Hubbard Park the most, and the bike path across town. I don't think there's much need to build more parks or trails or spend more money on them, other than what's needed to keep them well maintained. I like that Hubbard Park is quiet, I would be sad if it ever got to a point where it was difficult to find parking or encounter too many people on the trails.	6/22/2021 11:30 PM
599	Provide more education about the flora and fauna of the parks; remove foreign invasive species and replace with climate-change resilient native and near native species to support wildlife.	6/22/2021 11:25 PM
600	Thank you for the ski trails. It was incredible to have someplace local to get outside & exercise in the winter that was so affordable!!!	6/22/2021 11:24 PM

Montpelier Outdoor Recreation Survey

601	I love mtn biking at north branch. I think it is inappropriate at Hubbard	6/22/2021 11:20 PM
602	Please require dogs to be on leash in Hubbard park. Construct an enclosed off leash area.	6/22/2021 11:16 PM
603	An indoor climbing wall and indoor pool please!	6/22/2021 11:05 PM
604	Reiterating that we need to have a way to enforce dog rules in Hubbard and North Branch or ban dogs from NB/require leashes in Hubbard.	6/22/2021 11:03 PM
605	Extend the pool season Allow mountain bikes in Hubbard park-require dogs to be on leash Acquire part of sabins pasture as open space park	6/22/2021 11:01 PM
606	More creative ideas to get people to clean up dog poop. Enforce the leash requirements in North Branch so people uneasy with unleashed dogs have that park as an option	6/22/2021 11:01 PM
607	Rather than buying more land (and taking it off the tax rolls) I'd like to see us make better use of the land we already own - including adding trails to the city-owned parcels up above and around Berlin pond. I think it is time to put a fenced dog park somewhere on existing city land. I would like to see some trails with leashes required. Signage and maps have gotten much better recently, but really important to make sure all our trails and resources are posted on the web because otherwise not everyone will know about them and be able to benefit and enjoy them. Really appreciate the winter grooming for skiing!	6/22/2021 11:00 PM
608	Let's get river access!	6/22/2021 10:39 PM
609	* Install dog bag stations along the bike path * Create a fenced in dog park * Support further trails/connections among the old Morse Farm ski trails * Extend the bike path further in both directions, particularly east * Install a foot or so of gravel around entire existing bike path for runners who need soft trails to run on * Fix the Main Street intersection of the bike path- its unsafe, not marked, and not inviting visually - it doesn't look like the bike path goes east after Main Street if you don't know the area; it needs improvement * In an ideal world, create a designated separate bike lane along all of Route 2 for commuters * Create bike lanes throughout town	6/22/2021 10:38 PM
610	More MTB trails!	6/22/2021 10:36 PM
611	More labeled trails in Hubbard, as well as the mountain bike trails.	6/22/2021 10:34 PM
612	Nothing at this time	6/22/2021 10:33 PM
613	The biggest draw/ or barrier to using a park in my opinion is accessibility and connectedness. I want to walk or bike to the park from my home and or have good parking. I'm more likely to go to the park and bring friends if I can spend time or have a destination. So relaxing in a hammock or bringing a picnic needs a restroom. Walking or biking needs an uninterrupted hour+ of trail ideally with a place to eat/ drink/ relax /point of interest connected to it. Hubbard park is great but the trails can't handle the traffic and there aren't enough facilities. Also out of town friends can't find it, even in town friends don't know that you can access it from different sides! More names and maps would help and maybe a website or something. I'm excited about the bike path and would like to see it finished. It should connect to Dog river field, the park and ride and have a safe crossing at main st.	6/22/2021 10:25 PM
614	We really need to link the value of our parks to human health and resilience in the face of climate change. Just being able to go into the woods where it is noticeably cooler on our increasing number of hot days is a priceless resource.	6/22/2021 10:23 PM
615	Montpelier is the most boring place I have ever been. Literally, doing anything is better than how it is now.	6/22/2021 10:18 PM
616	Off leash dogs in Hubbard Park are a menace. I have never had a good experience with an off leash dog there (my dog is always leashed). Never. Sadly, I won't go back unless the leash requirements change.	6/22/2021 10:15 PM
617	I'd like to see the leash laws emphasized and enforced. Perhaps the parks could begin by education, stressing not unwanted human-dog interaction (which is important, of course, but too many dog owners can't wrap their minds around the possibility), the parks could tell dog owners how off-leash dogs harm wildlife and the environment simply by straying from the trails.	6/22/2021 10:14 PM
618	Get in touch with Burlington Wildways -- a partnership of the City of Burlington, Parks and Rec Dept, Winooski Valley Parks District, Intervale Center, Rock Point Episcopal Diocese -- they have done a great job engaging stakeholders and coordinating trails development and	6/22/2021 10:13 PM

management, conservation, stewardship across multiple landowners of trails and open spaces in the Burlington area. Might be worth investing a small amount to have them consult a bit on process and how they've balanced competing interests. We're not exactly the same, but there are some things we could borrow or adapt. <https://burlingtonwildways.org/>

619	The trails provide such beautiful experiences for children. We are so thankful to have them.	6/22/2021 10:12 PM
620	Thank you so much for all of the work you all put in to maintain the sparrow farm trails (along with other land owners and organizations). I love our parks in Montpelier, though it would be amazing to find ways to expand the trails and to connect them with neighboring towns. How amazing would it be to loop from Hubbard park all the way to Horn of the Moon and then back again on a loop trail??	6/22/2021 10:10 PM
621	I love Hubbard Park and I am so happy to live walking distance from it	6/22/2021 10:07 PM
622	Please do not add a dog park to Montpelier. We have limited space as it is.	6/22/2021 10:05 PM
623	The improvements I've seen over the last couple of years is outstanding- keep it up!	6/22/2021 10:04 PM
624	Keep up the great work. Envision connectivity and diversity of trail options.	6/22/2021 10:03 PM
625	Our parks can be a big draw for visitors.	6/22/2021 9:58 PM
626	Plow the entire bike path to Gallison Hill Road (this is a commuting and exercise route all winter long)	6/22/2021 9:55 PM
627	The north branch trail system is such a fabulous resource for Montpelier. My family uses the north branch park or Hubbard park on almost a daily basis. Recreational opportunities are at the center of a healthy community and economy so the more we can take care of what we now have and expand where we can, all the better.	6/22/2021 9:55 PM
628	obviously I'm not a fan of the damage done to our park by the mountain bike trails system. I'm a longtime walker in the North branch park and I'm ashamed of what's happening there.	6/22/2021 9:51 PM
629	I mostly use Hubbard Park, and daily. I have no complaints 😊	6/22/2021 9:50 PM
630	Adding more parks that are accessible to different neighborhoods would be great, but only if we have the budget to maintain them well. I hope we can create a dog park soon.	6/22/2021 9:46 PM
631	Thanks! Playing/exploring local is extremely important and easy to do in Montpelier.	6/22/2021 9:41 PM
632	please address the off leash dog safety and public health issues!	6/22/2021 9:39 PM
633	More bike access, especially in Hubbard Park. More dog restrictions and fines for off leash. Dogs scare my kids every time I use any Montpelier park. Better playgrounds for kids. More mountain bike trails at North Branch should be put in. Better beginner bike trails and the pump track should be completed re-done and improved.	6/22/2021 9:25 PM
634	Bike paths and bike lanes are the biggest thing missing in Montpelier. I realize bike lanes may be a little outside of parks and rec, bike bike paths that would allow any cyclist at any level to enjoy Montpelier and reach the businesses of downtown and different neighborhoods without worrying about traffic or competing with pedestrians on the sidewalk would make the city a much better place.	6/22/2021 9:20 PM
635	More bike lanes , especially gallison hill Enclosed dog park dearly needed	6/22/2021 8:58 PM
636	Some trails are used by fast bicyclists and are dangerous when you are walking on them or walking a dog.	6/22/2021 8:54 PM
637	I really love the work that has been done on Nordic ski trails and MAMBA bike trails! Keep it up!!	6/22/2021 8:52 PM
638	Love your parks. More wheelchair access.	6/22/2021 8:46 PM
639	I think we do a good job of trying to please everyone and should let others fund raise if they want more than what our Parks and Rec Dept has the capacity for. I think Parks and Rec is doing a fine job already.	6/22/2021 8:42 PM
640	Love the parks- thank you for your work!	6/22/2021 8:33 PM
641	Keep adding the mountain bike trails. Off leash trails important for dogs as well - would be nice to bike with our dogs!!! Miss that.	6/22/2021 8:11 PM

642	Love Montpelier's parks and green spaces. Love Alec and the parks team! Love Montpelier Alive! Montpelier LOVE! Keep up the good work.	6/22/2021 7:46 PM
643	If there is a shortage of pool life guards, try to recruit retired people.	6/22/2021 7:41 PM
644	Please create a park in walking distance from Berlin Street. I hate driving to all the parks, but my toddler isn't old enough to do the hike to existing parks.	6/22/2021 7:34 PM
645	Parks (and xc skiing!) and quick response emergency services are how I justify my high taxes	6/22/2021 7:16 PM
646	Could the vaulting stop on the fitness stop be tightened up? I banged my self up falling on it!	6/22/2021 7:11 PM
647	Keep up the good work	6/22/2021 7:09 PM
648	Provide printed maps showing parks, and printed trail maps, at a variety of locations --- stores, restaurants, Senior Center and similar locations	6/22/2021 6:51 PM
649	The skatepark near the pool could really use some work	6/22/2021 6:21 PM
650	I live out parks! My only complaint is the Rex field pool, which may be a separate budget but it seems absurd to me that many towns of our size and importance in the state have a much better pool/rec facility and rec programs. The outdoor space and parks in montpelier are outstanding and I highly support projects and activities there	6/22/2021 6:19 PM
651	Accessibility!	6/22/2021 6:10 PM
652	Small dog park is needed. Lots if us in Montpelier are older. I avoid Hubbard Park and bike-ped paths because there are too many dogs who are not under their owners voice control or in leashes. People on bikes on bike paths can be hostile to walkers.	6/22/2021 6:06 PM
653	I am on the fence about whether I want to live in Montpelier long-term, but the abundant access to woods and river and other parkland is a huge reason I am still here. I so appreciate all that Montpelier Parks does. I think it would be nice to have work days so citizens could come and participate in taking care of our park spaces, and build community, too!	6/22/2021 6:01 PM
654	We utilize Hubbard Park often and are unfortunately run down by excited dogs too often!	6/22/2021 5:38 PM
655	I think it's time for an enclosed Dog Park. I would suggest the old ball field (below the new stage) at Hubbard Park. Nobody ever uses that area for anything, it's big enough, there's parking close by.	6/22/2021 5:29 PM
656	Recently learned about the onion river nordic ski club this past winter and loved using the groomed trails. Would love more opportunities for nordic skiing supported by the city parks.	6/22/2021 5:27 PM
657	Montpelier has great usage of parks, but not a lot of Outdoor Recreation Programming. I could see the community benefitting from programming for youth, adults and Seniors. With experience in this type of role, and a degree in Recreation, Parks and Tourism (focusing on Outdoor Recreation), I would be happy to help if insight could prove beneficial!	6/22/2021 5:24 PM
658	I really, really, really wish the pool were open longer. More hours each day as well as more days in the season.	6/22/2021 5:23 PM
659	Keep Montpelier alive by focusing on quality of life for locals who are here all year before focusing on tourism dollars. Start by focusing on the crumbling infrastructure, deteriorating building, and graffiti.	6/22/2021 5:18 PM
660	We moved here in January and have been looking forward to using public spaces since. We just got a puppy in early spring and are expecting our firstborn this summer, so having these options available to us is really important, especially for living in Vermont.	6/22/2021 5:03 PM
661	The last few questions were a lil odd addressing bars, gas stations, etc. when the survey was about Monty parks.	6/22/2021 5:01 PM
662	Please add a park or playground in the Northfield Street area.	6/22/2021 4:51 PM
663	In the last couple years I've been disappointed in the lack of maintenance in the park.	6/22/2021 4:27 PM
664	I love Montpelier parks and rec. We have a dog and would appreciate a place in addition to Hubbard Park where our dog could roam off-leash. A fenced-in area would be beneficial to both dog lovers and those who are afraid of or dislike dogs. Since it's an ordinance to have dogs	6/22/2021 4:16 PM

leashed everywhere, there seem to be few places where dogs can run free. Please and thank you.

665	Have fun things going on in town, and use those events to promote stuff or improvements to the parks/trails. I find trash at our local parks, or drunk gross dudes that seem to be regulars, it's creepy.	6/22/2021 3:51 PM
666	I like things the way they are. I love Hubbard Park. Often improvements mean more structures and things that are not a part of nature so generally not in favor unless necessary.	6/22/2021 3:33 PM
667	I'm an older resident with grandkids who benefit greatly from Montpelier parks. So I support investing in these facilities. It's way past time to develop Sabens pasture for mixed housing and public recreation access.	6/22/2021 3:25 PM
668	Better/more-detailed trail maps for all city parks, including E. Montpelier	6/22/2021 3:11 PM
669	More mountain bike and Nordic trails!	6/22/2021 3:07 PM
670	Thanks for asking. Keep up the good work.	6/22/2021 3:07 PM
671	The offerings are great overall. You're doing an awesome job. Mostly just tweaking if current offerings needed, I think. Enclosed dog park — the Hubbard Park situation with dogs is not good! Maintenance and improvements to Old Shelter and outhouses in Hubbard Park. A plan for better and safer biking options to get to downtown from outlying areas. A park to emphasize and learn about the history of the Winooski River in downtown and the evidence of previous activities (dams,mills,water transportation). Maybe historical info and better access at the old cemetery on Elm Street. Thank you for everything you do!	6/22/2021 3:02 PM
672	Nothing	6/22/2021 3:01 PM
673	More police checking out these spaces. Stop the panhandling and blocking access to areas. Clean up the trash. Fix the sidewalks. Get rid of all the signs all over the city. SIGN POLLUTION!	6/22/2021 2:30 PM
674	With Montpelier being the capital of Vermont, it is a shame how the roads are. Our cars are being beaten to death with the holes/cracks/bumps and whatever else there are in the roads. I hate driving through Montpelier because my car is being pounded to pieces on these rough roads. Sad really!!!	6/22/2021 2:29 PM
675	You're doing great! Can I have the gift card ;)	6/22/2021 2:16 PM
676	We need enclosed dog parks where they can run off leash without scaring others and without leaving poop to be stepped in everywhere. Also Montpelier's aging population and visitors need wide maintained trails and maintained restrooms. Designate different trails in the same area for skiing, biking and WALKING.	6/22/2021 2:09 PM
677	Unsure	6/22/2021 2:07 PM
678	Parks are the bomb!	6/22/2021 2:02 PM
679	The Fitness Trail at Hubbard lacks directional signs, some of the "stops" are missing, I think the activities associated with the "stops" are dated and/or could be improved, the instructions at each stop are showing their age	6/22/2021 1:45 PM
680	Clone Alec Ellsworth! He is an outstanding administrator, manager, leader and worker. Please support him.	6/22/2021 1:12 PM
681	Make Sabin's pasture a park!	6/22/2021 12:41 PM
682	When you send out a postcard inquiring about park use and activities and the card has a picture of kids riding bikes it skews your survey. The pro bike group is always pushing for more. It doesn't help the situation or create trust. Similar to when the anti dog people put an anti dog measure on the ballot a few years back. C'mon . . .	6/22/2021 12:37 PM
683	Work with the city to reduce vandalism to trees on the Capitol Tower trail - trail cams? Increase accessibility to more elderly individuals and others with limited mobility to trails.	6/22/2021 12:35 PM
684	I made comments on the way through. I liked the ideas in the Mplr Plan (by whatever title) in two versions about 20 years ago. I think developing the riverside would be a great idea. In the 1800s, I understand, people used to picnic and wade in the Winooski looking for fresh-water oysters. And since I know nothing about habitat, I'll put my two cents in: If we put some	6/22/2021 12:04 PM

granite rip-rap in the river, would that provide cover enough to lure fish back into that stretch? I think the boulders would stay put during the Spring. Speaking as one who moved here in 1974, Montpelier's gotten nothing but better (after a slow start) since then. City employees, in my experience, are great.

685	Keep up the good work	6/22/2021 11:36 AM
686	I already kinda shared this but I'd love to see a big investment in our rivers—they're practically eyesores in town and they could be the crown jewel of montp, which has so many bridges and views of Winooski and the North Branch. I think we need some riverbank beautification and a big river park, along the lines of what other bigger cities have done (a big open space with landscaping, terraced seating, river access, etc) to highlight this incredible resource and make it accessible to people just as a lovely place to hang out. Also I'm a big mountain biker and would love to see some more technical/difficult trails to complement our flowy network. Also I LOVE our ski trails and any opportunity to grow that network would be amazing.	6/22/2021 10:41 AM
687	Events	6/22/2021 10:40 AM
688	We have a wonderful park service in Montpelier, especially Hubbard Park. Maintaining the trails and facilities should be a priority. Dogs should be leashed on the park. This is a courtesy to other park users, and a protection to wildlife (and sometimes other humans and dogs).	6/22/2021 10:28 AM
689	Shout out to Alec Ellsworth for doing a great job maintaining the ski trails. We were so fortunate to have Geoff Beyer for so many years and Alec has really done a great job too.	6/22/2021 10:04 AM
690	I love going to the parks i wouldn't change anything about them	6/22/2021 9:53 AM
