

Montpelier Bicycle Advisory Committee minutes 04/24/14

Attending: Per Tonn, Anthony Mennona

Also attending: Alex Prolman, Hannah Reckhow, Kurt Moytka, Steve Gladzcuk

There was not a quorum.

Meeting (discussion?) began at 8:12

Infrastructure

Anthony and Kurt gave an update on state street decision. Council decided on 'option 2' with a separate lane going into town and standard angled parking. There is no written agreement about the state paying for it? Project is on hold for now while they find funding and decide if it's 'necessary'.

Idea of putting in a parking garage on Taylor street would remove need to have on-street parking.

Steve: state feels that they want reverse angled parking

(council had wanted feedback from parking and pedestrian committee...traffic committee)

Anthony: When would we need plans?

Kurt: there's a permit for widening the street that has a 6 month bleed time, but just plans could be finished next winter

Education/bike culture

Walk & Roll Month events

Bike to Brunch event still needs volunteers – 10th 24th 31st

Way to get masterplan kickoff into walk & roll events, group ride

Timeline for master plan?
