

MTIC 2/4/2020 Meeting Minutes

Members Present: Celia Riechel, Heather Voisin, Dona Bate, Steve Falbel, Ian Anderson, Constantinos Stivaros, Corey Line, Hanif Nazerali, Jack McCullough, Elizabeth Parker, Kate McCann and Mike Miller

Moving meeting for March one week beyond because of town meeting (March 10).

Steve moves to approve agenda, no changes, approved by unanimous consent

Amend minutes to include "passed", Dona moves to approve with amendment, approved unanimously

No public comment

Hanif: Complete Streets - safety concerns since MS student hit near library

1. Incident - MS Crafters Edge proposal to get reflective gear for all students, approved in Jan, \$325, wrist/arm band, 2 recommendations, funding seen as seed funding, Crafters Edge to raise money to continue and for Crafters Edge to evaluate effectiveness and report back at end of school year
2. Committee will do their own evaluation, lighting and issues of marking and clarity with respect to parking

Want to hear what comes out of MTIC

Celia, what's appropriate space from access points? Something MTIC could take up? Walk through?

Corey everything on Main Street should be state standards/statute

Corey: Traffic Calming -

Intro and Features - fairly standard language with some changes

Third section...a lot of different options,

Fourth section discussion?

Hanif (page 7 #5) thresholds, volumes set by Complete Streets, could appendix show?

Jack having a standard weeds out things that aren't justified and ensures everyone treated fairly

Celia MTIC commit to collect detailed data on near misses, someone would need to take on the role and get it done, "crash map"

Rate compared to state rate - more accurate

Impact area defined by MTIC

1 vote for each dwelling unit + property owner gets a vote (landlord)

25% received, or 25% of distributed? Thinking 25% of those returned to move forward

Jack - clarify language about City Council's role in approval

City Plan Discussion

Some wording changes to aspirations, group seemed accepting

Aspiration 1/Goal 1 Is it a strategy?
